RE: Addition of New LED Outdoor Lighting Option to Inter-County Energy Cooperative Corporation Outdoor Lighting Service Tariff

Dear Mr. Derouen:

Please find enclosed for filing with the Commission, via the electronic tariff filing system, Inter-County Energy's revised Outdoor Lighting Service – Security Lights – Schedule 6 tariff. With this revision, the cooperative would like to offer to our members a new energy efficient LED security light. LED bulbs use one-third the energy of high pressure sodium bulbs and last up to ten times longer, thus providing the members the opportunity to choose a more energy-efficient security light.

The enclosed revised tariff sheets include the cost justification for the new light. The methodology used in calculating the monthly fees for all the lights is identical to the previously filed tariffs for our lighting products. Also enclosed are the various exhibits providing the data used for the computations.

Pursuant to KRS 278.180, Inter-County Energy must give at least 30-days' notice to the Commission. Therefore, the proposed effective date of this new lighting option will be March 4, 2016. Pursuant to 807 KAR 5:011, Inter-County Energy has posted the

requisite notice at its office located at 1009 Hustonville Road, Danville, Kentucky 40422, and will post the requisite notice on its website no later than five (5) business days from today's date, which will include a hyperlink to the Commission's website where the tariff can be found. Pursuant to 807 KAR 5:011, Section 8, Inter-County Energy provided notice of this proposed tariff to its end-use members by publishing the same in the Kentucky Living Magazine February 2016 issue.

Please advise if you have questions regarding the enclosed information.

Respectively Submitted,

J. HADDEN DEAN, ESQ.
Legal Counsel for Inter-County Energy Cooperative
