We're ready to respond. While the weather outside may get frightful, we are mighty foresightful when it comes to preparing and responding to wicked wintry weather, especially during the holidays. If you sing "let it snow, let it snow, let it snow" then know our crews are a "go, go, go" should any issues arise. May your holidays be safe, merry and bright, and download our convenient mobile app to keep your worries out of sight. lge-ku.com/app

Be ready and informed with our mobile app. Dangerously cold wind chills and wicked wintry weather are in the forecast. Our crews are ready to respond at any hour, and we want you and your family to be safe and informed. If you haven't already done so, now is the time to visit lge-ku.com/app to download our mobile app. You can easily report and track power outages, and so much more.

Want to **save energy**?

LG&E
a PPL company

Help manage your energy usage with energy-efficiency tips.

- Replace light bulbs with LEDs – the more bulbs you change, the more you'll save.
- Caulk around windows and doors to keep outside air from coming indoors.
- Install a programmable thermostat to set temperatures based on your schedule.

Visit **lge-ku.com/tips** for more ways to save.
