RULES AND REGULATIONS

No. 1 SUBJECT: Application for Service--Where Service Connection is Already on Property

Each prospective consumer desiring water service shall be required to sign the standard Application for Water Service form and any supplemental contract required by the District before water is turned on.

No reconnect charge shall be made for service to a new consumer. When a consumer request his service to be disconnected and then request a reconnect at the same location, a $15.00 service fee shall be charged.

No charge shall be made for a change in mailing or billing address.

Procedures listed below shall be followed when a request is received to transfer a guaranteed minimum bill contract from the original owner to a new owner. The new owner shall be required to guarantee the payment of the minimum bill for the period remaining on the original owner's contract.

RULES AND REGULATIONS

No. 2 SUBJECT: Application for Service--Where Service Connection Has Not Been Installed

Each prospective consumer desiring water service shall be required to sign the standard Application for Water Service form and any supplemental contract required by the District before service connection made.

No service will be installed unless there is a main distribution line existing along the road from which the service is requested, unless the applicant is willing to pay his share to have the main line extended.

A contribution in aid of construction shall be charged for all new connections to the existing water line in accordance with the current rate schedule in effect at time of application for connection.

Where possible, all water meters shall be installed within five (5) feet of the existing water main or on the applicant's property at a point which is closest to the existing water main.

The District shall bear all cost for the first 50 feet of ~~customer service line~~ Water main extension and the customer-applicant shall pay the cost of expenses for any additional footage over 50 feet.

No. 6. SUBJECT: CHARGES FOR SPECIAL SERVICES

The following charges for special services shall be made:

1. Delinquent Account Field Collection Charge: Should it become necessary for the District to visit the premises of a customer to collect on a delinquent account, a charge of $15.00 will be applied to the account for the extra service rendered, due and payable at time such delinquent account is collected.

2. Customer Requested Disconnect Fee: Should a customer request a service disconnection, a charge of $15.00 will be made. If the disconnection is made after normal business hours at the customer's request, a charge of $25.00 will be made.

3. Reconnection Fee: A charge of $15.00 will be made for reconnection of service during regular business hours. A charge of $25.00 will be made for reconnection of service after normal business hours.

4. Meter Reading Recheck Charge: A charge of $15.00 shall be made for a 2nd trip to recheck a meter reading when the customer requested the recheck and the meter was not misread.

5. Meter Test Request: Upon request and payment of $15.00, a member may have his meter tested provided request by the member is not more frequent than once each twelve months. If such test shows the meter to be more than two percent fast, a refund of the $15.00 charge shall be made and the bill adjusted accordingly.

6. PSC Meter Test Complaint: Any consumer of the District may request a meter test by written application to the South Anderson Water District.

RULES AND REGULATIONS

9. Deposit

The District may require a deposit not exceeding two-twelfths (2/12) of the estimated annual bill to secure payment of bills. All deposits shall be based on actual usage of the customer at the same or similar premises for the most recent 12 month period, if such information is available. If usage information is not available, the deposit will be based on the average bills of similar customers and premises in the district. The deposit amount shall not exceed 2/12 of the customer's actual or estimated annual bill. Service may be refused or disconnected for failure to pay the requested deposit. Interest, as prescribed by KRS 74.050, will be paid annually either by refund or credit to the customer's account, except that no refund or credit will be made if the customer's bill is delinquent. N

Deposits shall be required of all customers.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than $10.00 for a residential customer or 10 percent for a non-residential customer, the District may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

SUBJECT: Water Line Extensions (Immediate)

An applicant desiring to extend the District's water main shall enter into an Extension Agreement and comply with all provisions of the Agreement. The Extension Agreement is attached hereto and made a part of this policy.

All provisions of the Water Line Extension Agreement must be complied with; however, the following may be used as a basic guide:

1. Water District Manager will meet with the Developer and review the Extension Agreement to make sure he understands all provisions of the Agreement.

2. The Developer will submit a ~~sepia paper~~ transparent drawing (12 x 18) to the District indicating the topo layout of the extension, subdivision development, and etc., on a scale of 1" equal 100'.

3. The District shall have their Engineer prepare the hydraulic calculations, size the line, and prepare the detailed plan sheets for construction.

4. The District shall submit the plans for the extension to the Health Department for approval.

5. The Agreement between the District and the Developer shall be executed.

6. Upon acceptance by the District and at their request the Developer will execute and have recorded in the County Court Clerk's office the District's standard easement for access to the proposed water lines. The original easement is to be returned to the District's office after it is recorded.

7. The District shall approve the contractor to perform the work and approve the materials to be used. Construction inspections will be performed by the District and billed to the Developer.

8. The tie-in between the extension and the existing water shall be performed by the District and paid by the Developer.

9. The District shall approve installation prior to final acceptance.

10. All extensions shall comply with 807 KAR 2:010, Section 12, including refund provisions.

RULES AND REGULATIONS

No. 22 Monitoring of Customer Usage

At least once annually the District will monitor the usage of each customer according to the following procedure.

N

1. The customer's actual monthly usage is compared to the actual average usage for the previous 12 months.

2. If the usage is substantially the same or if any difference is known to be attributed to unique circumstances, no further review will be done.

3. If the monthly usage and 12 months average usage differs by 50 percent or more and cannot be attributed to a readily identified common cause, the District will compare the customer's monthly usage with the monthly usage for the same month of the preceding year.

4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the District will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, or other known problems.

5. When the deviation is not otherwise explained, the District will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.

6. The District will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition to the annual monitoring, the District will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

807 KAR 5:066. Water

Section 12. Extension of service.

1. Normal extension:

An extension of fifty (50) feet or less shall be made by a utility to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one (1) year or more and provides a guarantee for such service.

2. Other extension:

a. When an extension of the utility's main to serve an applicant or group of applicants amounts to more than fifty (50) feet per applicant, the utility may if not inconsistent with its filed tariff reguire the total cost of the excessive footage over fifty (50) feet per customer to be deposited with the utility by the applicant or the applicants, based on the average estimated cost per foot of the total extension.

RULES AND REGULATIONS

b. Each customer receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than ten (10) years, which for the purpose of this rule shall be the refund period, the utility shall refund to the customer or customers who paid for the excessive footage the cost of fifty (50) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the utility. After the end of the refund period, no refund will be required to be made.

3. An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of not less than ten (10) years the utility shall refund to the applicant who paid for the extention a sum equal to the cost of fifty (50) feet of the extension installed for each additional customer connected during the year but in no case shall the total amount refunded exceed the amount paid to the utility. After the end of the refund period from the completion of the extension, no refund will be reguired to be made.

RULES AND REGULATIONS

4. Nothing contained herein shall be construed to prohibit the utility from making extensions under different arrangements provided such arrangements have been approved by the Commission.

5. Nothing contained herein shall be construed as to prohibit a utility from making at its expense greater extensions than herein prescribed should its judgement so dictate, provided like free extensions are made to other customers under similar conditions.

6. Upon complaint to and investigation by the commission a utility may be reguired to construct extensions greater than fifty (50) feet upon a finding by the commission at such extension is reasonable.

RULES AND REGULATIONS

No. 24 . Extension of Service

For a period of five (5) years after construction of the extension, each additional customer whose service line is directly connected to the extension installed, and not to the extensions or laterals therefrom, shall be required to contribute to the cost of the extension based on a recomputationof both the utility's portion of the total cost and the amount contributed by the customers. The utility shall refund to those customers that have previously contributed to the cost of the extension that amount necessary to reduce their contribution to the currently calculated amount for each customer connected to the extension. All customers directly connected to the extension for a five (5) year period after it is placed in service shall contribute equally to the cost of construction of the extension. In addition, each customer shall pay the approved tap-on fee applicable at the time of his application for the meter connection. The tap-on fee shall not be considered part of the refundable cost of the extension and may be charged during the refund period. After the five (5) year refund period expires, any additional customer shall be connected to the extension for the amount of the approved tap-on fee only. After the five (5) year refund period expires, the utility shall be required to make refunds for an additional five (5) year period in accordance with subparagraph 1 of this paragraph.

WATER SHORTAGE RESPONSE PLAN

South Anderson Water District

Section 1. Purpose. The purpose of this Plan is to provide for the declaration of official phases of water supply shortages and the implementation of voluntary and mandatory water conservation measures throughout the South Anderson Water District in the event a shortage is declared.

Section 2. Definitions. These terms are applicable only for this Plan unless specifically noted.

(a) "Customer" shall mean any person or entity using water for any purpose from the South Anderson Water District water distribution system and for which either a regular charge is made or, in the case of bulk sales, a cash charge is made at the site of delivery.

(b) "Raw Water Supplies" shall mean all water potentially available to persons in the South Anderson Water District

(c) "Treated Water" shall mean water that has been introduced by the South Anderson Water District into its water distribution system, including water offered for sale. Uses of treated water are classified as follows:

Essential Water Uses (Class 1):

The following uses of water, listed by site or user type, are essential.

Domestic:

- water necessary to sustain human life and the lives of domestic pets, and to maintain minimum standards of hygiene and sanitation.

Health Care Facilities:

- patient care and rehabilitation, including related filling and operation of swimming pools.

Water Hauling:

- sales of domestic use where not reasonably available elsewhere.

Public Use:

- firefighting,

PUBLIC SERVICE COMMISSION

SECTION 9 (1)
BY: Stephanie Bell
SECRETARY OF THE COMMISSION

- health and public protection purposes, if specifically approved by health officials.

Socially or Economically Important Uses (Class 2):

The following uses of water, listed by site or user type, are socially or economically important.

Domestic:

- personal, in-house water use including kitchen, bathroom and laundry.

Water Hauling:

- non-domestic, when other sources are not reasonably available elsewhere.

Commercial and Civic Use:

- commercial car and truck washes,
- laundromats
- restaurants, clubs and eating places.
- schools, churches, motels/hotels and similar commercial establishments.

Outdoor Non-Commercial Watering:

- minimal watering of vegetable gardens,
- minimal watering of trees where necessary to preserve them.

Outdoor Commercial or Public Watering (using conservation methods and when other sources of water are not available or feasible to use):

- agricultural irrigation for the production of food and fiber or the maintenance of livestock,
- watering by arboretums and public gardens of national, state, regional or community significance where necessary to preserve specimens,
- watering by commercial nurseries at a minimum level necessary to maintain stock,
- watering at a minimum rate necessary to establish or maintain revegetation or landscape plantings required pursuant to law or regulation,

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

SECTION 9 (1)
BY: Stephanie Bell
SECRETARY OF THE COMMISSION

- watering of woody plants where necessary to preserve them,

- minimal watering of golf course greens.

Recreational:

- operation of municipal swimming pools and residential pools that serve more than 25 dwelling units.

Air Conditioning:

- refilling for startup at the beginning of the cooling season,

- makeup of water during the cooling season,

- refilling specifically approved by health officials where the system has been drained for health protection or repair services.

Non-Essential Uses (Class 3):

Any waste of water, as defined herein, is non-essential. The following uses of water, listed by site or user type, are non-essential.

Public Use:

- use of fire hydrants (excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills,

- flushing of sewers and hydrants except as needed to ensure public health and safety as approved by health officials.

Commercial and Civic Use:

- serving water in restaurants, clubs, or eating places, except by customer request,

- failure to repair a controllable leak,

- increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.

Ornamental Purposes:

- fountains, reflecting pools and artificial waterfalls.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

JUL 27 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)
BY: Stephanie Bell
SECRETARY OF THE COMMISSION

Outdoor Non-Commercial Watering:

- use of water for dirt control or compaction,
- watering of annual or non-woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Outdoor Commercial or Public Watering:

- expanding nursery facilities, placing new irrigated agricultural land in production, or planting of landscaping except when required by a site design review process,
- use of water for dirt control or compaction,
- watering of lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

SECTION 9 (1)
BY: Stephanie Bell
SECRETARY OF THE COMMISSION

Recreational uses other than those specified in Class 2.

Non-commercial washing of motor and other vehicles.

Air Conditioning (see also Class 2 purposes):

- refilling cooling towers after draining.

(d) "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year or the average per customer usage for each class of service during the same month of the preceding year.

(e) "Curtailed Entitlement" shall mean the monthly usage for a customer after any curtailment percentage has been applied.

(f) "Curtailment" shall mean the reduction in entitlement by some percentage to meet anticipated water shortages.

(g) Water Shortage Response Phases:

"Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortages.

"Alert" shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.

PUBLIC SERVICE COMMISSION OF KENTUCKY EFFECTIVE

"Emergency" shall mean that raw or treated water supplies are below the level necessary to meet normal needs and that serious shortages exist in the area.

JUL 27 2001

"Rationing" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

PURSUANT TO 807 KAR 5:011 SECTION 9 (1)
BY: Stephanie Bell
SECRETARY OF THE COMMISSION

Section 3. Applicability. The provisions of this Plan shall apply to all retail and wholesale customers of the South Anderson Water District. When implemented, this Plan becomes S. Anderson Water Dist. Water Shortage Response Regulation.

Section 4. Entitlements. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. (Note: A sample calculation page is attached as Appendix A to assist in determining overall water levels. It is important that accurate water measurements be used.) Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the Anderson County Fiscal Court.

Section 6. Term of Water Shortage Declaration. Any water shortage declaration shall remain in effect until water supplies of service conditions have returned to normal. A final determination as to terminating a water shortage declaration shall be made by the Chairman, Bob Kincer of S. Anderson Water District.

Section 7. Water Shortage Stage, Criteria, Conservation and Curtailment Measures.

A. Advisory Stage:

(1) Criteria: A water advisory shall be declared when the amount of treated water or raw water available for treatment is projected to be up to 5 % below demand, or there are periods of low water pressure in one or more areas of the distribution system due to system failure or inadequacies or the State Division of Water issues a Water Shortage Watch which includes the areas from which the South Anderson Water District draws water. (Note: Additional conditions may be added based on local conditions.)

(2) Conservation and Curtailment Measures:

(a) Declare a Water Shortage Advisory.

(b) Provide proper notice to all customers and to all local news media.

(c) Eliminate all water leaks.

(d) Request voluntary conservation of all non-essential (Class 3) water use.

(e) Request wholesale customers also issue request for voluntary conservation by their customers of all non-essential (Class 3) water use.

B. Alert Stage:

(1) Criteria: A water alert shall be declared when the amount of treated water available is projected to be up to 10 % below demand, or raw water supplies are consistently below seasonal averages and if they continue to decline, may not be adequate to meet normal needs. (Note: Additional conditions may be added based on local conditions.)

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

JUL 27 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)
BY: Stephanie Bell
SECRETARY OF THE COMMISSION

(2) Conservation and Curtailment Measures:

(a) Declare Water Shortage Alert.

(b) Provide proper notice to all customers and to all local news media.

(c) Eliminate all water leaks.

(d) Prohibit all non-essential (Class 3) water uses.

(e) Curtail entitlements to all customers by the same percentage as the projected shortage.

(f) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of $3.00 per 1,000 gallons.

C. Emergency Stage:

1. Criteria: A Water Emergency shall be declared when the amount of treated water available is projected to be up to 20% below demand, or there are periods of no water in one or more areas of the distribution system due to low water supply or raw water supplies below the level necessary to meet normal needs. (Note: Additional conditions may be added based on local conditions.)

2. Conservation and Curtailment Measures:

(a) Declare Water Shortage Emergency.

(b) Provide proper notice to all customers and to all local news media.

(c) Eliminate all water leaks.

(d) Prohibit all Class 3 uses of water.

(e) Prohibit all Class 2 uses of water except Domestic uses for kitchens, bathrooms and laundries.

(f) Curtail all commercial and industrial entitlements (except Health Care Facilities) by 100%.

(g) Curtail Residential entitlements by the same percentage as the projected shortage.

(h) Curtail entitlements to all wholesale customers by the same percentage as the projected shortage.

(i) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of $7.00 per 1,000 gallons.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

JUL 27 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)
BY Stephanie Bell
SECRETARY OF THE COMMISSION

D. Rationing Stage:

1. Criteria: Treated water available is greater than 40% below demand or raw water supplies are below

the level necessary to meet essential needs, and in the opinion of S. Anderson Water Dist., mandatory rationing is required to insure adequate water is available to maintain public health and safety.

2. Conservation and Curtailment Measures:

(a) Declare Water Shortage Rationing.

(b) Provide proper notice to all customers and to all local news media.

(c) Eliminate all water leaks.

(d) Prohibit all Class 3 and Class 2 uses of water.

(e) Curtail all commercial and industrial entitlement (except Health Care Facilities) by 100%.

(f) Curtail all residential and wholesale entitlements by the same percentage as the projected shortage.

(g) Implement service interruptions to portions of system in accordance with approved published schedule. The schedule shall be provided to all local media.

(h) Begin billing customer water usage in excess of curtailment entitlement at the normal rate plus an excess usage charge of $15.00 per 1,000 gallons.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

JUL 27 2001

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)
BY: Stephanie Bell
SECRETARY OF THE COMMISSION

Section 8. Enforcement of Water Restriction. Any person who violates the provisions of this Plan, who fails to carry out the duties and responsibilities imposed by this Plan, or who impedes or interferes with any action undertaken or ordered pursuant to this Plan shall be subject to the following:

(a) If the utility official charged with implementation and enforcement of this Plan learns of any violation of any water use restriction imposed, a written notice of the violation shall be affixed to the property where the violation occurred and mailed to the customer of record. Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within 48 hours.

(b) The notice will inform the customer of his or her right to appeal by requesting a hearing before the utility's designee. If a hearing is requested by the customer, he or she shall be given full opportunity to be heard

before termination. The governing body shall make findings of fact and decide whether service should continue or terminate.

(c) Any customer whose water service is terminated for violating provisions of this water curtailment plan shall be subject to the approved reconnection fee prior to reconnection of service.

(d) The excess usage charge billing provisions of this Plan shall not be put in effect if a county or city ordinance containing penalty provisions is in effect to assist enforcement of this Plan.

Section 9. Request for Exception.

(a) Exception to water use restrictions: If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the South Anderson Water District for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the sacrifices borne by other users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver issued to the customer. If an appeal is made, water service shall be continued until a decision is announced. Any person aggrieved by the decision may file a complaint with the Public Service Commission.

(b) Exception to curtailment surcharge: Exceptions to excess use charges shall not be considered or granted.

Section 10. Severability. If any provision of this Plan is declared invalid by the courts, the remainder of the Plan and its applicability to other persons and circumstances shall not be affected by that declaration.

Section 11. Effective Date. This Plan shall take effect immediately upon approval by the Public Service Commission.
