Dear Mr. Purvis and Mr. Young:

I thank you both for a very insightful conversation, and for answering my questions. I appreciate the impromptu meeting and look forward to continuing working with you on this project as I received your updates regarding public outreach, Section 106 surveys, etc.

Please feel free to contact me anytime. Thank you again and have a wonderful Labor Day weekend!
Best,

Maria R. Clark

Ms. Clark,

It was very nice to meet you and talk about the future EKPC Liberty RICE engine project, Liberty KY, that we would like to build in support our future renewables. This goes hand-in-hand with our EKPC Sustainability plan to lower the carbon dioxide footprint. As discussed, we look forward to coordinating with you in an effort to keep you up to date with how our project is progressing. We look forward to touching base again after the submittal of the air permit to KY Division for Air Quality, the open house with neighbors and the community that introduces the project. As we progress we will keep you in the loop, setup a meeting with yourself, R4 Air and Radiation to make sure we are very coordinated and comfortable as this project progresses.

I know that we owe you a gas pipe line lateral size. If you need anything else at this moment feel free to email or call Josh Young, Manager of Natural Resources and Environmental Education, 859-745- 9799 or myself at 859.745.9244, respectively. We sincerely appreciate the cooperation of Region 4, its helpful guidance and support through this process. Have a great evening!

Sincerely,

Jerry Purvis, Vice President
East Kentucky Power Cooperative
859.745.9244 or Ext. 9244

Dear Mr. Purvis:

I hope this message finds you well. I left you a voice message and wanted to follow up with this e-mail.

The subject project was assigned to me and would like to talk to you about it. Please call me at 404-562-9513 at your earliest convenience.

I'm looking forward to talking to you.
Sincerely,

Maria R. Clark
