Case No. 2025-00332

To whom it may concern,

I am writing this letter in protest against Navitas Ky NG, LLC's request for an increase in rates for their customers which I am a customer. I believe that if you approve the increase that Navitas is asking for it will put a great financial burden on all of the customers of Navitas. At a time when prices on everything from gasoline to groceries are raising each week the good people of this area cannot afford any further hardships. Navitas bought this gas line a few years ago and I can't remember how many times they have asked for an increase in rates, but I have not seen any repairs or updates to the very old gas lines in my area, so how can they justify an increase in rates. They just want more profits in their pockets and do not care about the undo hardship it will cause their already financially strapped customers.

Sincerely,
Nadine Mitchell
