Re: Atmos Energy Corporation:
Case No. 2018-00281

Dear Ms. Pinson:

Atmos Energy Corporation submits its responses to the Commission's Second Data Request and to the Attorney General's First Data Request. Also included with the filing is a petition for confidentiality for PSC 2-21j and AG DR 1-45, 1-47 and 1-53e.

I certify that the electronic filing is a complete and accurate copy of the original documents to be filed in this matter, which will be filed within two days of this submission and that there are currently no parties in this proceeding that the Commission has excused from participation by electronic means.

If you have any questions about this matter, please contact me.

Very truly yours,

John N. Hughes

Attorneys for Atmos Energy Corporation

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

IN THE MATTER OF:

Application of Atmos Energy Corporation	)
for an Adjustment of Rates	) Case No. 2018-00281
and Tariff Modifications	)

PETITION FOR CONFIDENTIALITY
FOR OF THE COMMISSION'S SECOND INFORMATION REQUEST AND
ATTORNEY GENERAL'S FIRST INFORMATION REQUEST

Atmos Energy Corporation (Atmos Energy), by counsel, petitions for an order granting confidential protection of certain portions of the responses to the Commission's Second Request for Information and the Attorney General's First Request for Information, dated November 20 and 21, 2018 respectively, pursuant to 807 KAR 5:001, Section 13 and KRS 61.87. The responses included in the petition are: PSC DR 2-21j, attachment 3, and AG 1-45, attachments 1and 2, 1-47, attachment 1 and 1-53e, attachment 2.

Information in PSC 2-21j, attachment 3 and AG 1-53e, attachment 2, relate to employee benefits. The information requested includes detailed classification and evaluation system benchmarks and parameters to be utilized by Atmos Energy in connection with its wage and salary plan prepared by its actuarial consultant. PSC DR 2-21j, attachment 3 and AG 1-53e, attachment 2 relate to consultant studies relied on for certain proposed employee and executive benefit plans. This information requested includes detailed evaluation of economic system benchmarks and parameters to be utilized by Atmos Energy in

connection with its determination of salaries and benefits and levels of adjustments of various elements of the employee compensation package. This information contains proprietary work product that requires confidentiality in order to retain its commercial value. Additionally, public disclosure of this information would provide competitors with access to exclusive information regarding employee compensation and internal employment and compensation strategies. Such public disclosure could unfairly harm Atmos Energy's competitive position in the marketplace for utility management and skilled workers. Similar information was granted confidential protection in "Farmer's RECC Case No. 2016-00365", Order of June 20, 2017 and "Columbia Gas of Kentucky Case No. 2013-00169" in orders dated September 27, 2013 and October 29, 2013. This information was also submitted as confidential to the Commission in Atmos Energy's prior rate case, 2017-00349.

The information sought by the Commission is not information customarily disclosed to the public and is generally recognized as confidential and proprietary. Atmos Energy is a utility operating in several states. The disclosure of detailed corporate salary and benefit information for its employees will provide its competitors with information that those competitors do not disclose to Atmos Energy.

AG 1-45 and AG 1-47 relate to federal and state tax returns. KRS 61.878(1)(k) exempts from public disclosure "all public records or information the disclosure of which is prohibited by federal law or regulation." Federal law codified in 26 U.S.C.A. 5 6103(a), prohibits state officials from publicly disclosing any federal income tax return or its contents, making the requested federal income tax return exempt.

> Returns and return information shall be confidential, and except as authorized by this title ... no officer or employee of any State ... shall disclose any return or return information obtained by him in any manner in connection with his service as such an officer or an employee or otherwise or under the provisions of this section....
>
> The term "return information" means a taxpayer's identity, the nature, source, or amount of his income, payments, receipts, deductions, exemptions, credits, assets, liabilities, net worth, tax liability, tax withheld, deficiencies, overassessments, or tax payments, whether the taxpayer's return was, is being, or will be examined or subject to other investigation or processing, or any other data, received by, recorded by, prepared by, furnished to, or collected by the Secretary with respect to a return or with respect to the determination of the existence, or possible existence, of liability (or the amount thereof) of any person under this title for any tax, penalty, interest, fine, forfeiture, or other imposition, or offense.

The effect of these two statutes is to preclude disclosure of the federal tax return.

Additionally, KRS 131.190(1) requires that all income tax information filed with the Kentucky Revenue Cabinet be treated in a confidential manner:

> **131.190 Information acquired in tax administration not to be divulged -- Exceptions.**
>
> (1) (a) No present or former commissioner or employee of the Department of Revenue, present or former member of a county board of assessment appeals, present or former property valuation administrator or employee, present or former secretary or employee of the Finance and Administration Cabinet, former secretary or employee of the Revenue Cabinet, or any other person, shall intentionally and without authorization inspect or divulge any information acquired by him of the affairs of any person, or information regarding the tax schedules, returns, or reports required to be filed with the department or other proper officer, or any information produced by a hearing or investigation, insofar as the information may have to do with the affairs of the person's business.

Thus, the requested state income tax return is also confidential and protected from disclosure by KRS 61.878(1)(1), which exempts from the Kentucky Open Records Act "...public records or information the disclosure of which is prohibited or restricted or otherwise made confidential by enactment of the General Assembly." This information was determined to be confidential in Atmos Energy's prior rate application - Case No 2015-00343.

The Kentucky Open Records Act exempts from disclosure certain confidential or proprietary information. KRS 61.878(1)(c). To qualify for this exemption and, therefore, maintain the confidentiality of the information, a party must establish that disclosure of the information would permit an unfair commercial advantage to competitors of the party seeking confidentiality.

The information sought in the data requests is commercial information that if disclosed could cause substantial competitive harm to Atmos Energy. These portions of Atmos Energy's Response contain proprietary information that would aid competitors of Atmos Energy and such proprietary information is subject to protection from disclosure pursuant to Kentucky law. This information is not publicly available. It would be difficult or impossible for someone to discover this information from other sources. If this information were available to competitors in this form, they could use it to the competitive detriment of Atmos Energy. This information is not generally disclosed to non-management employees of Atmos Energy and is protected internally by the Company as proprietary information. The disclosure of this proprietary information would result in significant or irreparable competitive harm to Atmos Energy by providing its competitors with non-reciprocal competitive advantage. No public purpose is served

by the disclosure of such information.

Atmos Energy requests that the information be held confidentially indefinitely. The statutes cited above do not allow for disclosure at any time. Given the competitive nature of the natural gas business and the efforts of non-regulated competitors to encroach upon traditional markets, it is imperative that regulated information remain protected and that the integrity of the tax filings remain secure.

For these reasons, Atmos Energy requests that the items identified in this petition be treated as confidential in their entirety. Should the Commission determine that some or all the material is not to be given confidential protection, Atmos Energy requests a hearing prior to any public release of the information to preserve its rights to notice of the grounds for the denial and to preserve its right of appeal of the decision.

REQUEST:

Refer to the application, Filing Requirement (FR) 16(1)(b)4, Atmos's present and proposed tariffs. Confirm that the only proposed changes to Atmos's tariffs are the following: increases in monthly base charges and rates per Mcf for all classes, the removal of the Pipeline Replacement Program (PRP) rider and associated language, and a text change to the Demand-Side Management (DSM) Tariff.

RESPONSE:

The proposed changes to Atmos Energy's tariffs are listed by rate code as shown in the Company's responses to FR 16(1)(b)(3) and FR 16(1)(b)(4). In addition to the proposed changes listed above, the Company updated language on Proposed Sheet No. 14 to update the NOAA 20-year normal, as well as make relevant text changes in the Rate Book Index as shown on proposed Sheet No. 1

Respondent: Mark Martin

REQUEST:

Refer to the Direct Testimony of Mark A. Martin (Martin Testimony), page 5, lines 14-15. Mr. Martin states that Atmos has one of the lowest pass-through gas costs in Kentucky. Provide a comparison of Atmos's pass-through gas costs to the other natural gas utilities in Kentucky.

RESPONSE:

Please see Attachment 1.

Subject: November GCA

Hey Gang,

The G-1 GCA will be $4.91 which is a decrease of approximately $0.14 from our current rate of $5.06. The November 2016 GCA was $4.14. The decrease is attributable to the lower gas prices versus our under recovered position. The expected cost of gas for November through January is $0.23 less than last quarter. Our under recovery position is approximately $3.2m through July compared to an under recovery position of approximately $1.5m through April. Since the under recovery position is higher, the Correction Factor (CF) needed to recover that balance is more than last quarter, $0.09. These two factors net to the $0.14 decrease ($0.23-$0.09).

Below is a summary of the Gas Cost Adjustments effective for November 1, 2017 for Kentucky customers. Also, the following summary compares residential rates for the major gas utilities in Kentucky. The timing of quarterly gas cost adjustments varies for each utility, and comparing on a single month basis may not be an indicator of long-term pricing. However, the information can be useful to us and to our employees.

Residential Charges November 2017:

	Current Rates										
	Distribution Charge Per Mcf	GCA Per Mcf	Total Per Mcf	Average Annual Mcf	Annual Variable Charges	Monthly Customer Charge	Annual Customer Charge	Monthly PRP Charge	Annual PRP Charge	Average Annual Bill	
Atmos Energy	$ 1.53	$ 5.06	$ 6.59	65	$ 428.38	$ 17.50	$ 210.00	$ 1.56	$ 18.72	$ 657.10	1
Columbia	$ 3.57	$ 5.66	$ 9.23	65	$ 600.02	$ 16.00	$ 192.00	$ -	$ -	$ 792.02	4
Delta	$ 4.32	$ 5.50	$ 9.82	65	$ 638.01	$ 20.70	$ 248.40	$ 2.21	$ 26.52	$ 912.93	5
Duke	$ 3.72	$ 3.94	$ 7.66	65	$ 497.92	$ 16.00	$ 192.00	$ 0.78	$ 9.36	$ 699.28	2
LG&E	$ 3.62	$ 4.34	$ 7.96	65	$ 517.66	$ 16.35	$ 196.20	$ 0.71	$ 8.52	$ 722.38	3

Please let me know if you have any additional questions/comments/concerns and I will do my best to address them.

Thanks,

MM

Subject: May GCA

Hey Gang,

The G-1 GCA beginning May 1st will be $5.31 which is an increase of approximately $0.05 from our current rate of $5.23. The May 2017 GCA was $4.98. The increase is mainly attributable to forecasted gas prices; however, our under recovery decreased which helped depress the proposed increase somewhat. Our under recovery position is approximately $7.9m through January compared to an under recovery position of approximately $8.6m through October. Also, the rates listed below reflect the impacts of the TCJA, mainly reducing the corporate tax rate from 35% to 21%.

Below is a summary of the Gas Cost Adjustments effective for May 1, 2018 for Kentucky customers. Also, the following summary compares residential rates for the major gas utilities in Kentucky. The timing of quarterly gas cost adjustments varies for each utility, and comparing on a single month basis may not be an indicator of long-term pricing. However, the information can be useful to us and to our employees.

Residential Charges May 2018:

	Current Rates										
	Distribution Charge Per Mcf	GCA Per Mcf	Total Per Mcf	Average Annual Mcf	Annual Variable Charges	Monthly Customer Charge	Annual Customer Charge	Monthly PRP Charge	Annual PRP Charge	Average Annual Bill	
Atmos Energy	$ 1.45	$ 5.31	$ 6.76	65	$ 439.20	$ 16.52	$ 198.24	$ 2.97	$ 35.64	$ 673.08	1
Columbia	$ 3.57	$ 5.40	$ 8.97	65	$ 582.95	$ 16.00	$ 192.00	$ 2.00	$ 24.00	$ 798.95	4
Delta	$ 4.32	$ 6.57	$ 10.89	65	$ 707.59	$ 20.90	$ 250.80	$ 2.70	$ 32.40	$ 990.79	5
Duke	$ 3.72	$ 3.84	$ 7.56	65	$ 491.61	$ 16.00	$ 192.00	$ 1.80	$ 21.60	$ 705.21	3

Subject: August GCA

Hey Gang,

The attached schedule was created by our intern, Will Hemingway, and compares our rates by class with those of the other Big 5 LDCs. The G-1 GCA beginning August 1st will be $4.66 which is a decrease of approximately $0.65 from our current rate of $5.31. The August 2017 GCA was $5.06. The decrease is mainly attributable to our over recovery position. Our over recovery position is approximately $5.8m through April compared to an under recovery position of approximately $7.9m through January.

Please let me know if you have any additional questions/comments/concerns and I will do my best to address them.

Thanks,

MM

Subject: November GCA

Hey Gang,

The attached schedule compares our rates by class with those of the other Big 5 LDCs. The G-1 GCA will be $4.32 which is a decrease of approximately $0.33 from our current rate of $4.65. The November 2017 GCA was $4.91. The decrease is mainly attributable to lower gas prices. Our over recovery position is approximately $5.4m through July compared to an under recovery position of approximately $5.8m through April.

Please let me know if you have any additional questions/comments/concerns and I will do my best to address them.

Thanks,

MM

Current Residential Rates

CASE NO. 2018-00281
ATTACHMENT 1
TO STAFF DR NO. 2-03

REQUEST:

Refer to the Martin Testimony, page 6, line 9.

a. Provide the annual growth rate for the years 2010-2018 to date.

b. Provide the average annual number of residential customers relied upon for forecasting customer growth.

RESPONSE:

a) Please see Attachment 1.

b) For reference information, please also refer to the file "Staff_1-71 - Trend Lines Rate Impact 6.2018.xls" provided in the Company's response to Staff DR No. 1-71. In this Case, the Company assessed the annual growth rates in FY 2015 through FY 2017. The numeric average for FY2015 through FY2017 was 327 customers per year. The Company then rounded to 325 customers per year which was utilized for the Company's forecast.

ATTACHMENT:

ATTACHMENT 1 - Atmos Energy Corporation, Staff_2-04_Att1 - Residential Growth History.xlsx, 1 Page.

Respondent: Mark Martin

Fiscal Year	Average	Growth	Change
FY 2010	153,116		
FY 2011	153,757	0.42%	641
FY 2012	153,931	0.11%	174
FY 2013	155,082	0.75%	1,151*
FY 2014	155,641	0.36%	559
FY 2015	155,559	-0.05%	(82)
FY 2016	155,987	0.28%	428

FY2018	157,416	0.51%	794

* One time addition of 350 residential customers in Livermore

REQUEST:

Refer to the Martin Testimony, page 6, lines 17-22 and page 7, lines 1-2. Mr. Martin asserts that "[f]or the past eight years the Company has filed annual PRP filings to recover investments in infrastructure replacement and this has allowed the Company to extend the period between base rate cases." Atmos further contends that due to the changes the Commission made to the PRP in Case No. 2017-00349,[1] it will be forced to file annual rate cases.

a. Confirm that within the past approximate nine years, in addition to the PRP filings and the pending rate adjustment request in Case No. 2018-00281, Atmos also filed applications to adjust its rates in Case No. 2017-00349, Case No. 2015-00343,[2] Case No. 2013-00148,[3] and Case No. 2009-00354.[4]

b. Explain in detail why Atmos contends that it cannot comply with the changes that the Commission made to the PRP in the final Order in Case No. 2017-00349.

c. Confirm that Atmos is not the only Commission regulated natural gas utility that utilizes a historical test year for PRP filings.

RESPONSE:

a. Confirm. The Company's existing PRP was approved in Case No. 2009-00354 and was implemented in June 2011.

b. To be clear, the Company plans to fulfill commitments relating to the replacement of bare steel pipe and other facilities previously qualifying under the former PRP; extending the original 15-year completion timeline and limiting annual capital investment to the $28 million cap. The Company would file its annual plan for bare steel replacement on or before August 1st. The filing would reflect the names, descriptions, and estimated costs for bare steel replacement projects in the upcoming fiscal year which commences on October 1st. All of these conditions reflect the direction of the Commission in Case No. 2017-00349.

---

[1] Case No. 2017-00349, *Electronic Application of Atmos Energy Corporation for an Adjustment of Rates and Tariff Modifications* (Ky. PSC May 3, 2018).

[2] Case No. 2015-00343, *Application of Atmos Energy Corporation for an Adjustment of Rates and Tariff Modifications,* (Ky. PSC Aug. 4, 2016).

[3] Case No. 2013-00148, *Application of Atmos Energy Corporation for an Adjustment of Rates and Tariff Modifications,* (Ky. PSC Apr. 22, 2016).

[4] Case No. 2009-00354, *Application of Atmos Energy Corporation for an Adjustment of Rates* (Ky. PSC May 28, 2010).

The Commission Order also called for use of a historical test year for the PRP. For utilities like Atmos Energy, which employ frequent comprehensive forward-looking rate cases (as permitted under KRS 278.192), integrating a historical test year Rider with frequent forward-looking comprehensive cases is a significant mathematical and accounting challenge. Timely recovery of costs associated with high-levels of capital investment is financially essential. Recovery lagged for historic test year filings would strand unavoidable costs.

The Company therefore has proposed to withdraw the PRP Rider and intends to recover replacements of facilities previously qualifying under the former PRP in comprehensive rate cases going forward.

c. The Company investigated whether other Commission-regulated natural gas utilities utilize a historical test year for PRP filings. The only one we have found is Kentucky Frontier Gas, LLC, which has approximately 4,000 customers in eastern Kentucky, and has a historical test year and a PRP (Case No. 2017-00263, *Application of Kentucky Frontier Gas, LLC for Alternative Rate Treatment* (Ky. PSC Dec. 22, 2017)).

Respondent: Mark Martin

REQUEST:

Refer to the Martin Testimony, page 6, lines 19-22. Mr. Martin states that Atmos intends to file annual rate cases; however, Mr. Martin also speaks to the efficiencies and low costs that benefit Atmos's customers on pages 5, 7, and 9 of his testimony. Explain how annual rate cases, that Atmos's customers pay for, will allow Atmos to focus on efficiency, productivity, and low customer costs.

RESPONSE:

As explained in Mr. Martin's Testimony, the annual filings will now include the information that used to be included in the Company's annual PRP filings. This change was necessitated by the changes to the PRP required by the Commission in Case No. 2017-00349. The alternative of recovering capital investments through the modified PRP process would have negatively impacted the Company's pipeline replacement process, resulting in higher borrowing costs, limiting the replacement of bare steel pipeline and resulting in longer construction timelines. Those impacts would reduce efficiency and productivity.

While the use of annual rate cases to recover capital investments that used to be addressed through the PRP may or may not result in more complex proceedings than prior PRP filings, the Company believes that such a process is still more efficient overall than the modified PRP process resulting from Case No. 2017-00349.

Respondent: Mark Martin

REQUEST:

Refer to the Martin Testimony, page 7, lines 12-21, and page 8, lines 1-2. Atmos states that its current calculated rate of return on rate base for the test year is 5.58 percent, and the decline in the return is primarily due to capital investment that is not recovered through Atmos's current rates and to increased costs of doing business.

a. Provide detailed descriptions of the capital investments that are not recovered through Atmos's current rates.

b. Provide a list with detailed descriptions of all the increased costs of doing business.

RESPONSE:

a. Capital investments made subsequent to the test period in the Company's most recent rate case are not included in rate base, and thus not recovered through Atmos' current rates.

b. Please refer to the testimony of Mr. Greg Waller, his sponsored filing requirements, and sponsored exhibits.

Respondent: Mark Martin

REQUEST:

Refer to the Martin Testimony, page 8, lines 18-23, and page 9, lines 1-4. Provide a detailed explanation for each of the listed technology and process improvements.

RESPONSE:

Interactive Voice Recognition (IVR) system for Spanish speaking customers
Previously, customers who preferred to communicate in Spanish would call the toll free number and transfer to a Spanish-speaking customer support associate. If the customer chooses to, now they can utilize the automatic system with voice prompts in Spanish to perform actions like obtain their current balance, make a payment, sign up for recurring payments, and hear a list of pay centers among other actions. As always, they can speak to a Spanish-speaking customer support associate at any time by pressing zero or saying "representative."

Changes to the customer information system to ensure that we are capturing email addresses to facilitate communication with our customers
Email addresses are now checked for correct format and valid email addresses while the customer is on the phone with the customer support associate. This process assists our customer support associates in capturing information more accurately to ensure our customers receive their email communications from Atmos Energy in a timely manner.

Increasing use of advanced data analytics
With the introduction of more advanced analysis software, Atmos Energy is looking at our data in more detail to see if trends exist that will help with risk mitigation. These tools allow us to process the data and visualize in near real-time. Reports that once took hours to generate and use can now be in place in minutes.

Meter reading system upgrades
If a meter is found to not be registering on the system, an outbound call will be attempted to the customer to book an appointment to change out the meter. Since a person 18 years of age or older needs to be present when a meter is exchanged, booking an appointment results in less disruption of service to the customer.

Respondent: Mark Martin

REQUEST:

Refer to the Martin Testimony, page 9, line 7. Mr. Martin notes that on average residential bills have remained steady since 2007.

a. Confirm that this assertion includes the cost of gas.

b. Confirm that the cost of gas has declined since 2007.

c. Provide the average residential bill by year for the years 2007-2018 to date.

d. Provide a comparison of Atmos's average customer bill for 2007-2017, and for the most recent 12-month period, broken down by rate class and rate components (i.e., monthly base charges, Mcf rates, gas cost rates for sales customers, PRP charges, DSM charges, etc.).

RESPONSE:

a. Confirm.

b. Deny. The cost of gas spiked in 2008, but fortunately, declined in 2009 and has remained rather stable since. The cost of gas did rise above $5.00 for February 2010 and for February 2014, but fortunately those are the last months that the NYMEX has settled above $5.00. The NYMEX settled below $3.00 for February 2012 through December 2012, but did not settle back below $3.00 until February 2015. Prices stayed below $3.00, even below $2.00 during the summer of 2016, until December 2016. Prices remained fairly stable in 2017 and 2018 until the NYMEX settled for December 2018 at $4.72.

c. Please see Attachment 1.

d. Please see Attachment 2.

REQUEST:

Refer to the Martin Testimony, page 12, lines 15-17.

a. Explain the purpose of the change to the DSM and why it is being proposed.

b. Provide an update to the notice of termination of the DSM programs as addressed in the May 21, 2018 Order in Case No. 2017-00424.[5]

RESPONSE:

a. The proposed DSM tariff language change is purely cleanup of the existing language that does not mirror how the program will work since the Commission Order in Case No. 2017-00424.

b. The Company appreciates the Commission granting the Company extra time to fully process customer earned rebates. The Company has fully ceased its use of a third party rebate administrator.

Respondent: Mark Martin

[5] Case No. 2017-00424 *Application of Atmos Energy Corporation to Extend Its Demand-Side Management Program, as Amended, and Cost Recovery Mechanism, as Amended for Three (3) Years*, (KY. PSC Apr. 27, 2018).

REQUEST:

Refer to the Martin Testimony, page 14, lines 3-15. Provide any new evidence that would support Atmos's proposed annual formula rate mechanism that the Commission denied in Case No. 2017-00349.[6]

RESPONSE:

As stated in Mr. Martin's direct testimony, a process similar to the one utilized in Tennessee would provide for a regularly scheduled rate review that will cost less and adjust the rates each year in a more timely manner to actually achieve the result contemplated by the Commission's rate orders. The Company envisions an annual mechanism saving all parties time, money and resources as well as being in the spirit of the Governor's Red Tape Initiative. While the Company no longer provides natural gas service in the state of Missouri, the Company is aware that the Missouri Public Service Commission recently made procedural changes to decrease the time to fully process a rate case. The Company is always open to working with the Commission to implement an annual mechanism. One potential solution is to implement the Company's proposed annual mechanism for Case No. 2017-00349 on a pilot and/or experimental basis.

Respondent: Mark Martin

[6] Case No. 2017-00349, *Electronic Application of Atmos Energy Corporation for an Adjustment of Rates and Tariff Modifications* (Ky. PSC May 3, 2018).

REQUEST:

Refer to the Direct Testimony of Gregory K. Waller (Waller Testimony), page 7, regarding the forecasted test-year gross plant.

a. Explain how the Commission's decision in Case No. 2017-00349[7] impacted Atmos's 2018 capital investment projections.

b. For the three most recent historical fiscal years, 2016, 2017, and 2018, provide side-by-side monthly comparisons of budgeted additions to gross plant and actual additions to gross plant broken down by PRP and other capital additions.

c. As they become available, provide a side-by-side monthly comparison of budgeted and actual additions to gross plant by PRP and other capital additions for fiscal year 2019. Consider this a continuing request to be updated monthly.

d. The forecasted test year in Atmos's most recent rate case, Case No. 2017-00349, was the twelve months ended March 31, 2019. The 13-month average of total utility plant included in the net investment rate base proposed by Atmos in that proceeding was $493,095,000. Provide the 13-month average of Atmos's actual total utility plant for that period. Include the actual monthly amounts and the calculation of the 13-month average balance in the response as the information becomes available, broken down by PRP and other capital additions. Consider this a continuing request to be updated monthly.

RESPONSE:

a. The Commission's Order in Case No. 2017-00349 was issued May 3, 2018. Because the Company's FY18 budget was completed and approved in September 2017, the Company's 2018 capital projections were unaffected by the Order.

b. Please see Attachment 1.

c. Please see Attachment 2.

d. Please see Attachment 3. Part of the 13 month average calculation is based on the projection provided by the Company in its Plant Data file in the response to Staff DR No. 1-71 for the months on the Case No. 2017-00349 forecast period for which the Company does not yet have actuals available.

REQUEST:

Refer to the Waller Testimony, beginning at page 8, concerning the development of the test-year capital investment projection of $87.76 million.

a. Confirm that the test-year capital investment projection of $87.76 million is correct.

b. Provide a breakdown of the capital investment projection for the PRP roll-in and other capital investments.

RESPONSE:

a. Confirm. Also, please see the Company's KY Plant Data file included as part of its response to Staff DR No. 1-71.

b. All test-year capital investment projection is considered general systemwide investment as the Company does not plan to submit a separate PRP filing.

Respondent: Greg Waller

REQUEST:

Refer to the Waller Testimony, page 13, regarding the amount of test-period construction work in progress (CWIP). For the five most recent fiscal years, 2014-2018, provide the beginning monthly balance of CWIP, the monthly additions, the capital projects that were closed to gross plant, and the ending monthly balance.

RESPONSE:

Please see Attachment 1.

ATTACHMENT:

ATTACHMENT 1 - Atmos Energy Corporation, Staff_2-15_Att1 - Open CWIP Activity and Balances FY14 to FY18.xlsx, 504 Pages.

Respondents: Greg Waller and Laura Gillham
