Subject: Request to Cancel KY CMRS Registration – Insight Mobile, Inc.

Hello,

On behalf of Insight Mobile, Inc., ID Number: 4112650, I am writing to request cancellation of the company's CMRS registration in Kentucky.

Insight Mobile, Inc. discontinued its wireless telecommunications services in Kentucky effective September 30, 2026, and is no longer providing services in the state. The company did not transfer its telecommunications customers to another provider.

Accordingly, we respectfully request that the company's CMRS registration be canceled effective September 30, 2026.

Please confirm whether this email is sufficient to process the cancellation or whether a signed formal letter or additional documentation is required. Please also confirm once the registration has been canceled.

Thank you,

Taylor Love
