ENERGY AND ENVIRONMENT CABINET

Certifies that

Jay E Young
IS A DULY LICENSED OPERATOR BY THE
COMMONWEALTH OF KENTUCKY

DW Treatment IIBD 4451

Expiration Date:

06/30
2012

2.a Sedalia Water District 1997 to present
Cunningham Water District 2002 to present

b South graves Water district. unsure of start date, mid nineties to 2003
Hardeman Water District 1995 to 2008
Tri City Water System unsure of start date, end date 2003
Cuba Water System unsure of start date, end date 2008

I contacted the Division of Water and they do not have start date information either. South Graves, Hardeman, Tri City and Cuba are all now part of the Graves County Water System.

3. Sole proprietorship

4. Not yet Available

5. Daily- Recording treatment plant and distribution system chlorine residuals, amount of chemical used and master meter reading.

Weekly- No specific weekly duties.

Monthly- Routine total coliform samples taken to laboratory twice a month, meter reading, customer billing and monthly operating report.

Annual- Consumer Confidence Report and all water quality testing such as lead and copper, SOC, Voc, loc and rads.

6. Yes

7. Collection of customer payments, leak repair and system finances.

8. Concrete building treatment plant on Mound Street, 2 hypochlorinators, one 1,000 gallon pressure tank, 2 wells with submersible pumps, and the distribution system which includes watermains, customer service lines, meters, meter boxes, meter setters, valves and valve boxes.

9. No

10. The meters are read near the end of the month and bills are mailed around the first of the next month for the previous months usage. If the transfer of ownership took place at the end of a month, the McGowans would be entitled to the balances due from the billing of that month even though the payments would be made after the transfer.

11. I have not gotten any quotes, but I intend to obtain insurance.

12. 626 ELMOS ROAD
SEDALIA, KY 42079
270-748-7040

After the transfer I will have a post office box in Lovelaceville for payments to be mailed to.

13. A notice will be mailed with the monthly statements.

14.a We will continue to use the same billing program that is being used now. Statements will be mailed using the U.S. Postal service.

b I intend for payments to be mailed to a post office box.

15. Other than what I consider routine improvements, such as new meters and setters, I would like to have a generator at the treatment plant in the event of a power outage. The rough estimate for a self starting propane powered generator is approximately \$25,000. A grant would be needed to finance this project.

16. Yes

17. Yes
