PUBLIC SERVICE
COMMISSION

Dear Director,

Recently, we received a letter from Oldham Woods Sanitation stating that they were filing an application for a 75% increase in our monthly sewer rate.

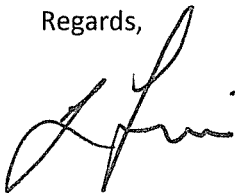

The fee would be raised from \$20/month to \$35/month, a 75% increase.

It is unreasonable to think that costs have increased 75%.

There is no justification in this increase and I ask that you decline their application since they failed to outline how the costs have increased.

In my business, I would certainly like to increase my fees 75% whenever I would like, but the market will not bear it. Therefore, I am at the mercy of supply and demand in the current economy. It appears that Oldham Woods Sanitation, Inc does not operate like most businesses.

Regards,

Jason L Ferris
