MOTION FOR DEVIATION AND EXTENSION OF TIME

Water Service Corporation of Kentucky (WSCK), by counsel, moves for a deviation from 807 KAR 5:001(3) requiring all documents filed with the Commission to be printed. The responses to the Attorney General’s Request for Information dated March 30, 2011, Items 13, 15, 17, 18 and 21 contain voluminous pages of information. Item 21 will probably exceed 800 pages. To minimize the volume of paper and provide an easily searchable format for the responses, WSCK requests a deviation pursuant 807 KAR 5:001(14) to file these responses only in electronic format on a CD.

WSCK requests also requests five additional days up to and including April 20 to file its responses to both the Attorney General’s and the Commission’s data requests. Due to the time required to prepare the schedules or to compile the data requested, the additional time is needed. If the deviation for submitting some of the Attorney General’s responses in electronic format is denied, WSCK requests until April 22 to manually prepare and file those paper responses.

For these reasons, WSCK requests a deviation for the filing of Attorney General Items 13, 15, 17, 18, and 21 and an extension to file responses to the Attorney General’s and Commission’s requests.
