Frankfurt, KY 40602-0615

Re: Case No. 2011-00017

Dear Mr. Derouen:

This letter is in response to the Commission Staff's request, dated April 4, 2011, for detailed information and documentation on odorant test records, odor checkpoint locations, and sources of gas into the gas systems listed in Kentucky Frontier Gas, LLC's request for deviation from 807 KAR 5:022, Section 13(17)(G)(4). We operate about a dozen gas systems, some of which were acquired less than a year ago. We are trying to obtain as much historical data as we can from the files of former owners to comply with your request. We are presently complying with 807 KAR 5:022, Section 13(17)(G)(4).

We are in the process of gathering and assembling all of the data and information requested, but will not be able to have a complete report by April 15, 2011 as specified in the Commission Staff's request. Frontier respectfully requests an extension of 45 days to properly provide all the data and information to the Commission Staff in the form specified. We can provide some of the information by April 15 but the report will be incomplete.

Thank you for your consideration:

Sincerely,

Kentucky Frontier Gas, LLC

By:   
Robert J. Oxford
