RE: New Wholesale Water Rate for Water Purchased by the
Grayson County Water District from City of Leitchfield

Dear Kevin:

I am in receipt of the Joint Engineering Report from Matthew Baker (Engineer for Grayson County Water District) and Sam McIlwain (Engineer for City of Leitchfield Utilities). I assume that you have also received a copy of this Joint Report. Pursuant to the Second Supplemental Agreement dated June 9, 1994 between our bodies, the new wholesale water rate charged the Grayson County Water District by the City of Leitchfield in the amount of \$2.031 per thousand gallons will become effective forty-five (45) days after the completion of the rate study. The rate study was completed January 3, 2011 and, therefore, the new rate would become effective on February 17, 2011. On that date the City is to read each of the District's meters and all water purchased after that date will be at the new rate. The City approved the new rate at our last Commission meeting on Thursday night. Please advise me as to when the District approves this rate change so that I can comply with the Fourth Supplemental Agreement filed with the Public Service Commission. Pursuant to this agreement within fifteen (15) days of approval of the change, by both the City and the District, I am required to send a letter to the Kentucky Public Service Commission with a copy to you providing notice of the changed wholesale rate.

Should you have any questions or comments, please let me know.

Sincerely,

DAVID B. VICKERY
