Allyson:

The Companies application requested the Commission to issue a final Order by October 13, 2011 with the Companies' revised tariff sheets to be effective six weeks after the date of the Commission's final Order approving them. Six weeks (42 days) following October 13, 2011 is November 24, 2011.

As a final Order was not issued by October 13, 2011, in the event the Commission issues an Order without a hearing, is it the Companies request for their revised tariff sheets to be effective six weeks after the date of the Commission final Order, whatever that date is; or is the Companies request that the revised tariff sheets be effective November 24, 2011; the date of the first billing cycle for the month of December 2011 for the Companies; or the date of service rendered for the Companies?

Faith –

Ideally, we would like to have an Order as soon as possible as we would like to coordinate the revised tariff sheets with our annual November DSM filing to become effective on the date of the first billing cycle for the month of January, 2012, which begins on December 30, 2011.
