RE: File No: TSS 2011-00244
Proposed adjustment of the wholesale water rates of the Louisville Water Company

To Whom It May Concern:

The West Shelby Water District respectfully requests that the Public Service Commission allow us to make an adjustment in our rates in accordance with 807 KAR 5:068 Purchased Water Adjustments for Water Districts.

Our supplier, Louisville Water Company, has informed the District that an increase will take effect July 1, 2011. The District purchased 282,987,000 gallons of water from January 1, 2010 to December 31, 2010 at a total cost of \$498,838.07. The District sold 260,177,300 gallons of water to its customers. With the wholesale increase the new cost is expected to be \$529,873.71. The difference between the current cost and proposed cost will be \$31,035.64. The incremental cost in terms of water sold is \$0.1193 cents per 1,000 gallons. We propose to raise each gallonage block that amount.

The following documents are enclosed:

Exhibit A: Purchase Water Adjustment for Water District Form (PSC Form-2 pages)
Exhibit B: Supplier's Notice of Changed Rate (4 pages)
Exhibit C: Statement of Water Purchases
Exhibit D: Statement of Water Sold
Exhibit E: Purchased Water Adjustment Calculations

Dear Wanda:

On behalf of Louisville Water Company, thank you for attending the meeting of our wholesale customers on February 15, 2011. I appreciate the opportunity for feedback from this important customer group of our Company.

As previously discussed at the above meeting, Louisville Water Company anticipates the rate for wholesale water service on and after July 1, 2011 will be \$1.57 per thousand gallons, plus an elevated service area surcharge of \$0.30 per thousand gallons.

We are planning to file the necessary documentation for this new rate with the Public Service Commission over the next few weeks. The PSC has advised us that we must inform you of the proposed rate increase in the format of the notice attached on the next page, although we have already provided notice to you at our wholesale customer meeting February 15, 2011.

In addition, we have been advised by the Kentucky Public Service Commission that it is helpful to their review process if we can provide a signed letter from each of our regulated wholesale customers, indicating they have been notified of the proposed rate going into effect and that they do not intend to file for intervention. If this is indeed the case with West Shelby Water District, we respectfully ask that West Shelby send a letter confirming this to the PSC.

Thank you again for attending our wholesale customer meeting. If you have any questions or need additional information please call Patti Kaelin at 502.569.0843, or Jim Smith at 502.569.3687. I can also be reached at 502.569.3681.

Sincerely,

Gregory C. Heitzman
