RE: Administrative Case 2011-00450

Dear Mr. Derouen:

Upon review of the record of this proceeding, Kentucky Power Company believes that its position on the issues is adequately set forth in its prior responses to the data requests, and that testimony will not aid the Commission. Accordingly, Kentucky Power respectfully informs the Commission it will not be filing testimony.

Upon review of any intervenor testimony that may subsequently be filed, Kentucky Power may file rebuttal testimony as permitted by the Commission's Order in this case.

Please do not hesitate to contact me if you have any questions.

Very truly yours,

STITES & HARBISON, PLLC

Mark R. Overstreet
