Dear Ms. Haney:

This is in response to my letter to you dated June 12, 2012. In that letter we were concerned that your proposed cellular telecommunications site near Little Fish Trap Branch in Clay County, Kentucky might cross or impact National Forest System Lands. Marty Thacker has since provided a detailed map off of the site and access road.

On June 26 Bill Schiffer of my office went to the site and GPS'ed its location. This information shows that the road and proposed tower site are not on or impacting the Daniel Boone National Forest. With this information we have no further concerns with your proposal.

If you have any further questions please contact Bill Schiffer at (606) 598-2192 Ext. 107 or wschiffer@fs.fed.us.

Sincerely,

/s/ Thomas Dozier
