RE: Wholesale Rate Increase for East Casey County Water District

Dear Mr. Derouen:

On March 13, 2012 Mayor Sweeney addressed the Board and asked them to consider a .27 cent per 1,000 gal. rate increase. On March 23, 2012 the City Of Liberty's request that was submitted to the PSC stated that they are asking for a rate increase of .36 cents per 1,000 gal. Therefore, we are writing the Public Service Commission to protest the City Of Liberty's filing to increase the district's water rates. We are requesting that the PSC suspend the rate and to intervene on our behalf and to investigate the appropriateness of this rate change.

The East Casey County Water District is a public utility that purchases the vast majority of its water from the City Of Liberty.

Thank you for your consideration in this matter and should you have any questions please feel free to contact our office at the number above.

Respectfully submitted,
On behalf of the Board of Directors

Edward A. Wesley
