PUBLIC SERVICE  
COMMISSION

Subject: City of Milton Rate Increase

Dear Mr. Derouen:

The City of Milton has made notification to West Carroll Water District (herein "District") to increase the rates for wholesale water service to the District. The current rate is \$1.50 per thousand gallons. The new rate proposed by the City of Milton will be \$3.50 per thousand gallons. These new charges will result in an estimated additional annual cost to the District of \$2,270 or a 131% increase. I've attached a copy of correspondence from the City of Milton.

The District hereby objects to this rate increase and requests the Public Service Commission intervene in this rate increase and review the justification.

Should you have any questions, please don't hesitate to contact me or Bill Osborne at 502-732-7055.

Sincerely,

WEST CARROLL WATER DISTRICT
