Today I learned of a situation that could pose a potential conflict or the appearance of a conflict in Case No. 2012-00226.

Marathon has an easement and a pipeline that runs through land that my mother owns. (I'm not sure of the exact name of the corporate entity who has the easement). I have no ownership in the property.

I called my mother today at lunch and she indicated that a gentleman who indicated he was with Marathon (and I am not certain of whether he is an employee or contractor or Marathon Oil, Marathon Pipeline, or one of its affiliates) was at my mother's home and wants to return to speak with her about some survey work. I also live there. My mother would like for me to speak with the Marathon representative also.

KIUC is an Intervenor in Case No. 2011-00226 and its members that it represents in this hearing include Catlettsburg Refining, LLC a subsidiary of Marathon Petroleum LP.

I informed the Commissioners earlier this afternoon about this.

If either party has an objection to my continued work on this case, please let me know.

Thank you.
