DATE: August 24, 2012
RE: Informal Technical Conference of August 7, 2012

Pursuant to a procedural schedule issued July 2, 2012, an informal technical conference was conducted at the Commission's offices in Frankfort, Kentucky on August 7, 2012 to discuss testimony and responses to the first round of data requests in the current examination of the Big Rivers Electric Corporation's ("Big Rivers") environmental surcharge mechanism. A list of attendees is attached.

Commission staff asked a number of clarifying questions concerning Big Rivers' testimony and responses to Commission Staff's First Request for Information. The company agreed to provide additional information in response to staff questions about information contained in the responses to the data request. Big Rivers indicated it would file its responses to staff questions within ten business days.

There being no additional matters to discuss, the conference was adjourned.
