Re: BellSouth Telecommunications, LLC d/b/a AT&T Kentucky's Notice of Intent to Disconnect Flatel, Inc. for Non-Payment PSC 2012-00290

Dear Mr. Derouen:

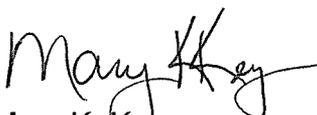

This responds to the letter from Flatel received by the Kentucky Public Service Commission on July 16, 2012, regarding the above-referenced case in which Flatel indicated that it had billing dispute issues with AT&T.

Section 1.4 of Attachment 7 to the Interconnection Agreement entered into between AT&T Kentucky and Flatel requires Flatel to pay "for all services billed *including disputed amounts.*" (Emphasis added.) Moreover, Section 1.4.1 of that same Attachment 7 further states that "[p]ayment for services provided by BellSouth, *including disputed charges,* is due on or before the next bill date." (Emphasis added.) As indicated in its notice to the Commission of its intent to disconnect Flatel dated July 5, 2012, Flatel made no payments of its past due amounts and AT&T Kentucky's efforts to collect were unsuccessful. Flatel does not dispute that it has failed to make such payments. Instead, Flatel states that it has notified its customers (which are less than 20 in Kentucky) and "made arrangements for them to continue their services" so "there should not be any customers that will be disconnected."

Based on the foregoing, AT&T Kentucky seeks to discontinue services to Flatel immediately, and sees no need to invoke AT&T Kentucky's Emergency Service Continuity Tariff.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

Mary K. Keyer
