Question 3.) Meade County's July 26, 2012 response to the Commission's July 18, 2012 Order does not indicate that the document was served on Complainant.

- a.) If the document was served on Complainant, indicate the date it was served and provide a certificate of service
- b.) If the document was not served on Complainant, indicate why.

Response 3a.) By letter dated July 24, 2012, complainant was mailed a letter with a copy of the Hilltop letter dated July 13, 2012. A copy of the July 24, 2012 letter to complainant is attached hereto and marked "Exhibit 1".

Response 3b.) See answer 3a.

Question 4.) Complaint's complaint alleges that "I kept a log in March and April and was told that David Pace would come by to pick it up and he never has."

- a.) Confirm whether an employee of Meade County spoke with Complainant about the lights flickering.
- b.) Is David Pace an employee of Meade County?
- c.) If so, in what capacity was Mr. Pace employed and what are his duties?

Response 4a.) Yes

Response 4b.) Yes

Response 4c) Mr. Pace's job title is Staff Assistant and his job duties are to promote good will among employees, members and general public, to have thorough knowledge of the Cooperative's established policies, rules and regulations, to provide support to the President/CEO by maintaining a current awareness of key issues confronting the Cooperative and interpreting those issues and developments in terms of timely data and works with local and state organizations to continue economic growth in Cooperative territory.

Question 5.) Does Meade County contend that it has provided service to Complainant in conformance with 807 KAR 5:041?

Response 5.) Until Meade County received Commission's Order of August 10, 2012 indicating that Meade County had failed to address all allegations in the Complaint and requested that we file a Supplemental Response which was filed on August 17, 2012, Meade County had attempted to keep complainant informed by letter and personal contact/telephone calls. The Answer/Supplemental Response filed on August 17, 2012 was served on complainant as indicated.

Question 6.) The letter dated August 7, 2012 from counsel for Meade County to the Commission's Executive Director states that representatives of Meade County met with representatives of Hilltop Companies ("Hilltop") on August 3, 2012, and that Meade County and Hilltop agreed to concurrent testing "in order to isolate the problem(s) and determine a solution to these problem(s) with the engineers establishing a protocol regarding the testing and the time frame for said testing." The letter further stated that the protocol would be established within ten days of the August 3, 2012 meeting date and that when the protocol is established, the Commission and the Complainant would be notified. Following the text of the letter, a "cc" indicated that a copy of the letter to be sent to Complainant. In addition to a copy of the August 7, 2012 letter, what contact, if any, has Meade County had with complainant regarding the August 3, 2012 meeting with Hilltop?

Response 6.) None

2 Question 7.) Refer to Meade County's July 26, 2012 filing with the Commission (a copy of which is
3 attached hereto), which contained a letter to the commission's Executive Director dated July 24, 2012,
4 and a copy of a June 13, 2012 letter from Thomas C. Brite to John Morgan, Hilltop Companies
5 ("Hilltop"). At page 2, the June 13, 2012 letter stated, "[i]f this issue is not resolved to our satisfaction
6 by August 1, 2012, we plan to mail to you the 10 day notice letter terminating service to Hilltop."

7 a.) What was the basis of Meade County's belief, as expressed in its letter of June 13, 2012,
8 that Hilltop's equipment was the cause of the flickering situation experienced by Meade
9 County's residential customers?

10 b.) What was the basis for Meade County's decision, as expressed in its letter of August 7,
11 2012, that concurrent testing was needed to isolate the problem(s) and determine a solution?

12 c.) Does Meade County believe that the flickering experienced by its residential customers is a
13 result of anything other than Hilltop's equipment? If yes, explain the basis for Meade
14 County's belief

15 d.) Did Hilltop resolve the issue to Meade County's satisfaction by August 1, 2012

16 (1) If yes, how was this issue resolved?

17 (2) If no, did Meade County mail to Hilltop a 10 day notice letter terminating service to
18 Hilltop?

19 (i) If yes, provide a copy of the letter

20 (ii) If no, state why Meade County did not mail to Hilltop a 10 day notice letter
21 terminating service to Hilltop.

1

2 Response 7a.) Hilltop Quarry upgraded its facility in December 2011. Complaints from nearby
3 members began in January 2012. Meade County RECC first checked the lines and services, not
4 knowing the issue was due to Hilltop's operations. MCRECC then began downline monitoring using
5 voltage recorders in early February. The high flicker levels coincided with the hours of Hilltop's
6 operation.

7

8 Response 7b.) MCRECC was satisfied that Hilltop's operations were the source of the problem;
9 however, Hilltop was not and insisted on concurrent monitoring.

10 Response 7c.) No

11 Response 7d.) No

12

13 Witness: David Poe

14

15 Response 7d(ii). In a letter from Douglas Brent, who is counsel for Hilltop Basic Resources, Inc., he
16 implied any interruption of power would immediately and irreparably damage Hilltop. His letter also
17 requested concurrent testing to help determine the cause of the disturbance to the complainants. His
18 letter also indicated a willingness to do further testing to "isolate any problems, determine a solution
19 and apportion responsibility." After repeated efforts to obtain a working relationship with Hilltop to
20 resolve the problems of the complainants, the Brent letter indicated willingness of Hilltop to cooperate
21 and we agreed that would be in the best interest of all parties.

2 Question 12.) Refer to Meade County's Answer filed August 21, 2012. The Answer at page 1 under
3 the heading "Third Defense" states, "Meade and Hilltop Big Bend Quarries, LLC (Hilltop) are
4 conducting concurrent testing in order to determine whether problem(s) exist concerning this
5 complainant."

6 a.) When did Meade County commence testing in order to determine whether problems exist
7 concerning Complainant's Complaint?

8 b.) When did Hilltop commence testing in order to determine whether problems exist
9 concerning Complainant's Complaint?

10 c.) Based on the testing conducted by either Meade County or Hilltop, does a light flickering
11 problem exist with regard to Complainant's electric service?

12
13 Response 12a.) The monitoring equipment was installed on September 5, 2012

14
15 Response 12b.) It was also installed on September 5, 2012

16
17 Response 12c.) In our opinion, yes. However, based upon testing performed since September 5,
18 2012, Hilltop has not confirmed or denied it at this time.
