Frankfort, KY 40601

Dear Sirs,

Symsonia Water District has received and reviewed the PSC Staff Report and related Orders issued in Case No. 2012-00517. In response to the Order dated April 4, 2013, Symsonia states the following:

-Symsonia does not want a hearing or informal conference in this matter.

-Symsonia does not want to revise its proposed water and sewer rates to those recommended by the PSC Staff, and therefore it does not intend to renotify its customers of the Staff-proposed rates.

-Because Symsonia doesn't intend to renotify its customers of the Staff-proposed rates - nor does it want to charge those rates - Symsonia respectfully requests that the PSC approve the water and sewer rates proposed in its application. We also respectfully request that a Final Order be issued as expeditiously as possible to allow us to proceed to secure the financing, begin construction of this vital water project, and to charge the rates proposed in our application.

-Symsonia has no objection to changing the service lives of its assets to those recommended by the PSC Staff.

Sincerely,

Keith Cooper
Chairman, Symsonia Water District
