Having considered the motion and the materials at issue, the Commission finds that the information for which LG&E seeks confidential protection and which is contained in LG&E's Responses to Question Nos. 1 and 4 of Commission Staff's First Request for Information meets the criteria for confidential treatment and is exempted from public disclosure pursuant to KRS 61.878(1)(a) and 807 KAR 5:001, Section 13.

IT IS THEREFORE ORDERED that:

1. LG&E's petition for confidential protection is hereby granted.

3. Use of the materials in question in any Commission proceeding shall be in compliance with 807 KAR 5:001, Section 13(9).
4. If a non-party to this proceeding requests to inspect materials granted confidential treatment by this Order and the period during which the materials have been granted confidential treatment has not run, LG&E shall have 20 days from receipt of written notice of the request to demonstrate that the materials still fall within the exclusions from disclosure requirements established in KRS 61.878. If LG&E is unable to make such demonstration, the requested materials shall be made available for inspection. Otherwise, the Commission shall deny the request for inspection.
