PUBLIC SERVICE
COMMISSION

OBJECTIVE:

I am a sincere, loyal, and dedicated individual that is retired with time and energy to donate to the Sandy Hook Water District. I have lived in the City of Sandy Hook for the past 40 years and I am a customer of the District. I was a prior commissioner for two and a half years. During my term, under my direction, we worked to bring the Sandy Hook Water District back into full compliance with the Public Service Commission and the Division of Water. I also was responsible for helping to get the funding for the current project that the District is currently getting ready to start. Therefore, I am very familiar with the project and feel that I can contribute a great deal to this project and the District as a whole.
