RE: Case #2013-00158

Dear Mr. Derouen:

Pursuant to the Settlement Agreement of September 17, 2013 on the above stated case, Enclosed is a check for \$7,500.00 payable to the Treasurer of the Commonwealth of Kentucky / Kentucky Public Service Commission.

South Kentucky is currently cutting and spraying vines throughout the system. We have contracted with Cumberland Tree Experts to perform the spraying and have assigned a South Kentucky Employee to go in front of the crew identifying the poles they are to treat. We will be including vine control in our annual hazardous recognition training for employees.

South Kentucky has already purchased and have in place spare voltage detectors to be available when an existing detector fails or is sent for repair. We have reviewed with all employees the 15th edition of the APPA Safety Manual and included in that manual our corrective action procedures for violation of any safety rules with an effective date of October 1, 2013.

This should complete our commitment to the above mentioned Settlement Agreement entered into by South Kentucky R.E.C.C. and the Kentucky Public Service Commission.

Please feel free to contact me, if you should have any additional questions. Thank you for your assistance in this case.

Sincerely

A handwritten signature in cursive script that reads 'Allen Anderson'.
