COMMISSION

RE: Formal Application to Increase Rates Pursuant to
Purchased Water Adjustment Regulation 807 KAR 5:068

Dear Mr. Derouen

The North Shelby Water Company respectfully requests that the Commission allow for an adjustment to our rates in accordance with 807 KAR 5:068 Purchased Water Adjustment clause.

The Company was recently notified by its supplier, Louisville Water Company, that it will increase meter service charges by \$51.80 per month and wholesale rates by \$0.06 per 1000 gallons. These increases will take effect July 1, 2013. The result of these increases is \$16,234.80 in additional yearly supply cost for the Company. This translates into \$0.05 per 1000 gallons of water sold to our customers. Therefore, we propose to increase our rates by that amount.

The following supporting documentation is enclosed for your review:

- Exhibit A – Purchase Water Rate Adjustment
- Exhibit B – Copy of Wholesale Tariffs
- Exhibit C – Statement of Water Purchased
- Exhibit D – Statement of Water Sold
- Exhibit E – Notice to Customers
- Exhibit F – Revised Tariff Sheet

The Notice to Customers will be published in accordance with Commission regulations and verification of its publication will be provided to the Commission.

Should you have any questions please contact Lee Mudd at (502) 839-1310, as he is handling this matter.

Sincerely,

Jerry Ruble, President

TOTAL PURCHASES	423,944,862

4. Total sales for the 12 month period 370,856,300

5. Increased water cost \$16,234.80

The increased water cost is the cost difference between purchases at base (current rate) and purchases at new rate.

6. Purchased water adjustment factor \$0.05

The purchased water adjustment factor is obtained by dividing the increased cost of water by the total gallons sold.

Note: The purchased water adjustment factor is added to each thousand gallons sold. If the minimum usage is 2,000 gallons then the purchased water adjustment factor would be added to the minimum bill twice. Revised tariff sheets must be attached showing the rate to be charged by the utility and the effective date of the increased rates.

7. Proposed effective date July 1, 2013

Re: Louisville Water Company's amended tariff respecting wholesale utility service
provided to North Shelby Water Company

Dear Mr. Derouen:

Louisville Water Company (LWC) has contacted Staff of the Public Service Commission regarding the proposed increase in wholesale rates for water sold by LWC to the North Shelby Water Company. In addition to discussions with individual wholesale customers, LWC had a general meeting with all the wholesale customers in February. As we discussed with our customers at that time, we are following the same wholesale rate increase process as in previous years. As a result, please find attached the following information and copies of the following documents:

Exhibit 1 - The current rates for wholesale sales of water by LWC to North Shelby are governed by the original Water Purchase Agreement dated July 9, 1984 (Paragraph 4), and the Water Purchase Agreement dated February 19, 1992 (Paragraph 4). There is also a First Amendment to Water Purchase Agreement dated December 15, 2000, providing for an additional meter and term extension. Copies of these contracts are enclosed as Exhibit 1.

Exhibit 2 - Pursuant to the Commission's Order in Adm. Case No. 351, LWC filed its original tariff governing the sale of water on a wholesale basis to North Shelby on September 23, 1994. The first rate increase since that time was filed on March 12, 2004. Attached are the following:

-The accepted revised tariff sheets reflecting the proposed increased rates which were effective May 1, 2004. LWC filing for North Shelby revised tariff was TFS2004-00390.

-The second revised tariff sheets reflecting the proposed increased rates which were effective May 1, 2005. LWC filing for North Shelby second revised tariff was TFS2005-00319.

-The third revised tariff sheets reflecting the proposed increased rates which were effective May 1, 2006. LWC filing for North Shelby third revised tariff was TFS2006-00349.

-The fourth revised tariff sheets reflecting the proposed increased rates which were effective May 1, 2007. LWC filing for North Shelby fourth revised tariff was TFS2007-00178.

-The fifth revised tariff sheets reflecting the proposed increased rates which were effective July 1, 2011. LWC filing for North Shelby fifth revised tariff was TFS2011-00243.

-The sixth revised tariff sheets reflecting the proposed increased rates which were effective July 1, 2012. LWC filing for North Shelby sixth revised tariff was TFS2012-00232.

Exhibit 3 -- A copy of the seventh revised tariff sheets reflecting the proposed increased rates which are to be effective July 1, 2013.

Exhibit 4 - The proposed increased rates are supported by LWC's 2012 Cost of Service Study for FY 2013. A copy of the rate study with the new rate schedule is attached.

LWC respectfully requests that the Commission accept the amendments to its tariff governing sales to West Shelby so that the proposed rate changes can be effective July 1, 2013.

If you have any questions, please call me at 502.569.0808. I would also like to mention that your staff has been very helpful to our wholesale customers, as we worked together toward filing this request. Thank you for your attention to our request.

Sincerely,

Barbara K. Dickens

Over 50,000 gallons	\$3.74 per 1,000 gallons	\$3.79 per 1,000 gallons

As noted above, based on the increased cost of water from the Louisville Water Company all rates will increase \$0.05 per 1,000 gallons.

The charges/rates contained in this notice are the charges/rates proposed by the North Shelby Water Company. However, the Public Service Commission may order charges/rates to be charged that differ from these proposed charges/rates. Such action may result in charges/rates for consumers other than the charges/rates in this notice.

Any corporation, association, body politic, or person may, by motion within thirty (30) days after publication of this fee change, request leave to intervene; and the motion shall be submitted to the Public Service Commission, 211 Sower Boulevard, Post Office Box 615, Frankfort, KY 40602, and shall set forth the grounds for the request including the status and interest of the party.

Intervenors may obtain copies of the application and related filings by contacting the Water Company office located at 4596 Bagdad Road, KY 40003.

This notice is published pursuant to 807 KAR 5:011-Tariffs.
