**PUBLIC SERVICE
COMMISSION**

Kentucky Public Service Commission
211 Sower Blvd.
Frankfort, KY 40601

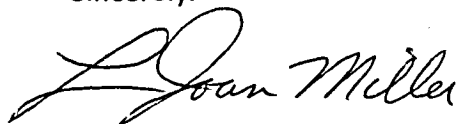

Dear Commission:

Pursuant to your scheduled hearing for Richardsville Gas Co., Inc. scheduled for March 4, 2014: I request a postponement. We currently have a rate increase pending before the commission. If the rate should be approved I feel the sale of Richardsville Gas would be more promising.

Additionally, your requirement that we employ an attorney to appear on our behalf before the commission is financially impossible. I have already invested \$2050.00 of our personal money in this company in the past year and that is all I am going to spend. Even if the rate increase is approved there is no money for attorneys. I realize that if we were a large company with multiple locations and large numbers of customers there may be a need for legal counsel; however, for a company of 47 maximum customers that requirement if not financially feasible.

Thank you for your consideration.

Sincerely,

Joan Miller
