Re: Case No. 2013-485
Farmdale Water District
(Extension to respond)

Mr. Derouen,

On March 17, 2014 the Commission requested that Farmdale Water District respond to questions asked in the appendix within 14 days of the date of the Order.

The District is respectfully requesting that an amended order be entered granting an extension of time to and including May 1, 2014 for the following reasons:

1. On March 5, 2014 the Board's chair suffered a concussion after he slipped and fell on ice and has been unable to work and has had numerous scans, MRI's and tests and is still experiencing trauma from this fall.

2. On March 21, 2014, the General Manager's wife suffered congestive heart failure requiring hospitalization of 7 days including intensive care.

She continues to require the General Manager's care and attention.

Since both the Board chair and especially the General Manager's knowledge and input will be required to complete the requests of the Commission, it is respectfully requested that an amended order be entered granting the District additional time to and including May 1, 2014 to properly respond to the Commission's request.

Sincerely,

James E. Boyd
