COMMISSION STAFF'S SECOND REQUEST FOR
INFORMATION TO BIG RIVERS ELECTRIC CORPORATION

Big Rivers Electric Corporation ("Big Rivers"), pursuant to 807 KAR 5:001, is to file with the Commission the original and ten copies of the following information, with a copy to all parties of record. The information requested herein is due no later than June 6, 2014. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Big Rivers shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though

correct when made, is now incorrect in any material respect. For any request to which Big Rivers fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request.

1. Refer to your response to Items 6 and 7 from Commission Staff's First Request for Information ("Staff's First Request"), wherein Big Rivers stated that items such as Working Capital Allowance, Emission Allowance Inventory, Spare Parts, and Limestone Inventory will not be included in Big Rivers' environmental compliance rate base until the projects associated with the 2012 Plan are completed and placed into service. Explain whether the amounts to be included for the above items will represent costs associated with both the 2007 Compliance Plan and the 2012 Compliance Plan or only costs associated with the 2012 Compliance Plan.

2. Refer to Big Rivers' response to Staff's First Request, Item 8. Provide a description of the nature of the tests performed and the resulting operational changes to achieve MATS compliance without installing additional equipment.
