RE: Western Fleming County Water District
Case No. 2014-00048 - Filing Deficiencies

We acknowledge receipt on March 25, 2014 of your response to our deficiency letter. However, upon further review, it was determined that there was one additional deficiency that was not previously noted in our letter dated February 27, 2014.

Filing deficiencies pursuant to:

- (1) 807 KAR 5:076: Section 4(1)(f) – Detailed Analysis of Applicant's customers' bills showing revenues from present and proposed rates from each customer class (Attachment BA-DB or Attachment BA-FR is attached to ARF Form-1).

Additionally, Page 6 of the Application refers to an "Engineering Cost of Service Study" that was used to calculate the proposed wholesale rate. Although a copy of the study is not required by regulation, please provide a copy of the study to the Commission along with all required documentation.

The statutory time period in which the Commission must process this case will not commence until the above-mentioned required information is filed with the Commission. You are requested to file this information within 10 days of the date of this letter.

If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

Linda Faulkner
