DATED DECEMBER 24, 2014

QUESTION 12

This question is addressed to EKPC and all of the member distribution cooperatives. If the Commission approves the since inception methodology proposed by South Kentucky, does EKPC and each member distribution cooperative agree that the since inception methodology should be applied to calculate the over-/under-recovery amount for all of the member distribution cooperatives, for this proceeding only, and adopt the amortization exclusion methodology for future proceedings?

RESPONSE

Taylor County RECC agrees.

QUESTION 13 P

Taylor County Rural Electric Cooperative Corporation will have a net over recovery at December 31, 2013 of (\$260,793) [(\$191,502) - \$69,291], with an average decrease in the residential bill of \$1.46 per month.

RESPONSE

Taylor County agrees with the calculations.
