Ms. Leah F. Faulkner:

Per the suggestion of Mr. Shaw and Mr. Baer, I have ~~compiled these figures.~~

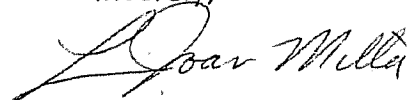

1. We would like to set a cold check fee above the bank charges. I would suggest a fee of \$20.00. We have very few cold checks but it is a time consuming process to collect them.

2. We request approval to charge a late fee of 1.5% per month or 18% annual.

3. We would like to establish a fee for collecting late payments, disconnecting and reconnecting service. The trip to Richardsville is 17 miles from our office one way for a total trip of 34 miles. At the approved IRS rate that is \$19.24 per round trip. To drive out there and either collect a late payment, disconnect, or reconnect takes between one hour fifteen minutes to one hour forty-five minutes depending mostly on traffic. Google says 20 minutes one way but I think they have not driven in Bowling Green, KY traffic lately. Our labor rate for one service technician is \$60.00 per hour and for two men it is \$80.00. It is unfair to our other company to have to bear this expense.

Upon approval and firm figures established these request, I will notify all customers by letter of the changes. Your prompt action on this matter will be appreciated.

Sincerely,

L. Joan Miller
