Counsel

I just noticed that the last page (titled "2010 Block Split") of Tab 1 (Dallam B. Harper, Jr. Response) of the JSEWD Responses to Post Hearing Data Requests did not copy correctly in that the third column of numbers from the left (titled GEOID10) only partially reflects the last digit of the series of numbers on each line of that column. For some unknown reason the entire number showed on the screen of my computer but did not copy that way. Although the entire number sequence can be derived through comparison of the other sheets in that Tab to this sheet, I am attaching the last page in such fashion that the entire number sequence is shown to avoid any confusion.

Please accept my apologies for not noticing before now.
