RE: Case # 2014-00091

Dear Mr. Derouen:

In a letter dated June 13, 2014, this office requested that the commission allow the withdrawal of the previously submitted request to close the Cedarbrook Wastewater Treatment Plant in Cynthiana, Kentucky. After discussion with several parties, we now ask that the commission hold this withdrawal request in abeyance while we work with officials in Harrison County on their plan to form a sanitation district to assume operation and ownership of the treatment plant. We have been in touch with County Judge Executive Alex Barnett and have been informed that a draft ordinance will be considered for approval at the fiscal court meeting on Tuesday, July 8, 2014.

We have supplied data on the treatment plant to Judge Barnett and made available our plant operator for discussions with officials assisting the county with this effort. We will continue to work with the county to obtain a prompt resolution to this matter. At this point the process is moving forward and as a part of this abeyance request, I will continue to keep you informed of the status on a regular basis. In the event progress fails, we will ask that the original request to close the plant be reinstated so that this matter can be resolved.

Thank you for your time and consideration.

Sincerely,

Ron Osborne
