CASE NO.  
2014-00141

VS

KENTUCKY-AMERICAN WATER COMPANY  
DEFENDANT

**MEMO REGARDING CASE FILE NO. 2014-00141 JULY 28, 2014 INFORMAL  
CONFERENCE MEETING NOTES ADDENDUM—ADDITIONAL ADDENDUM**

In addition to the previously submitted Addendum, the Netherton's ask that clarification be provided regarding the reference to "807 KAR 5:006 Section (2)(b)" made in the Meeting Notes. The Netherton's find no such regulation to exist.

We also request identification of the case law references that state, in the absence of a defective meter, there is a presumption that the quantity of water did pass through the meter.

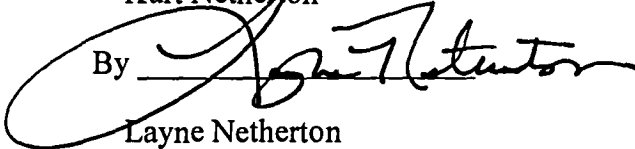

Additionally, we request identification of the statutes that discuss with whom the burden of proof lies in a matter such as this. We are unable to find the relevant statute that reference these critical statutes.

Respectfully submitted,
