RE : Response to Case # 2014-00144

This letter is in response to a letter dated April 30, 2014 from the Public Service Commission regarding a filing deficiency on Case # 2014-00144. The filing deficiency claimed by the Public Service Commission involved notice to our wholesale customers of the rate increase. However, the Water District did indeed give notice to our two wholesale customers (Beech Grove Water District and McLean County Water District) by direct mail with a letter informing them of the proposed increase dated April 17, 2014. Attached is a copy of said letter.

At this time, we are asking the Public Service Commission to consider the attached letter as adequate fulfillment of the statutory notice to our wholesale customers of the proposed increase and remove the filing deficiency and therefore, proceed with the purchased water adjustment case.

If you have any questions concerning this, please contact our office.

Sincerely,

William G. Higdon  
Manager
