Re: Application of Bullitt Utilities, Inc., for a Certificate of Convenience and Necessity,
and for Surcharge for Same ("Application")
PSC Case No. 2014-0255

Dear Ms. Faulkner:

Bullitt Utilities, Inc., has continued its discussions with the Kentucky Energy and Environment Cabinet ("Cabinet") and the Bullitt County Sanitation District ("BCSD") concerning the response to the failure of the Hunters Hollow Wastewater Treatment Plant ("WWTP"), which is the subject of the above-referenced Application. A contract executed by Bullitt Utilities, Inc., was forwarded to the BCSD for signature on Tuesday, October 14, 2014. This contract provides for the BCSD to treat the flow from the Hunters Hollow collection system. It is my understanding that the BCSD will execute this contract after it is approved at the next meeting of the BCSD. A copy of the contract will be provided to you upon its execution by BCSD.

Upon the execution of the contract with BCSD, an amended application will be filed in the above-referenced case requesting the approval of a surcharge related to the emergency costs and expenses incurred by Bullitt Utilities, Inc., due to the catastrophic failure of the Hunters Hollow WWTP. In the meantime, Bullitt Utilities and Cabinet are continuing to discuss the terms of an Agreed Order to be entered into by these parties. Accordingly, Bullit Utilities is requesting an extension of time until November 6, 2014, to respond to your request.

Linda Faulkner
