

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

RECEIVED

FEB 13 2015

PUBLIC SERVICE
COMMISSION

In the Matter of:

APPLICATION OF ATMOS ENERGY CORPORATION)
FOR AN ORDER APPROVING SYSTEM) CASE
DEVELOPMENT RIDER) NO. 2014-00275

RESPONSE TO ORDER OF FEBRUARY 9, 2015
AND MOTION TO FILE SUPPLEMENTAL TESTIMONY

Atmos Energy Corporation, "Atmos", by counsel, files this response to the Order of February 9, 2015.

1. Atmos waives its opportunity for a hearing.
2. Atmos moves for the admission as evidence in support of the proposed tariff the supplemental testimony of Mark Martin. This testimony is limited to updating the status of activities related to industrial development in two areas, which were not known at the time of the filing of the application. This information will give the Commission the most complete information about the impact of the proposed SDR tariff on current industrial development in various parts of Atmos' service area and assure a complete record on which to base a decision. Because there are no interveners, the admission of the testimony into the record will not prejudice any party.

For these reasons, Atmos requests that the supplemental testimony be entered into the record of the case, that the evidence be considered sufficient to justify the

approval of the tariff and for an order granting any and all authorizations required to implement the proposed SDR tariff.
