INTRA-AGENCY MEMORANDUM

KENTUCKY PUBLIC SERVICE COMMISSION

TO: Main Case File - Case No. 2014-00436
APPLICATION OF NOLIN RURAL ELECTRIC COOPERATIVE CORPORATION FOR AN ORDER PURSUANT TO KRS 807 5:001 AND KRS 278.020 REQUESTING THE GRANTING OF A CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY TO INSTALL AN AMI SYSTEM

FROM: Aaron Greenwell

DATE: December 22, 2014

SUBJECT: Teleconference with Nolin RECC re: Expediting Case

On December 17, 2014, Aaron Greenwell and Richard Raff (collectively "Staff") participated in a phone call with Mickey Miller, Chief Executive Officer of Nolin Rural Electric Cooperative Corporation ("Nolin"). The purpose of the teleconference was to discuss Nolin's request to expedite the processing of the application submitted on December 15, 2014 for a Certificate of Public Convenience and Necessity ("CPCN") to install an AMI system. In its cover letter, Nolin requested that the application be expedited so that it can sign a contract on or before January 4, 2015 to lock in pricing on the AMI system.

Staff indicated that an investigation would be necessary, with the issuance of one or two data requests and possibly an informal conference, and it was not likely that the Commission could process the application in the requested timeframe. After further discussion, Mr. Miller indicated that an order by February 1, 2015 would be satisfactory. Staff indicated that a February 1, 2015 date may not be achievable and after discussion committed to processing this case as quickly as possible with a target date of February 16, 2015, but no later than March 1, 2015. Mr. Miller stated that February 1, 2015 was still his preference but indicated that he would work with Commission Staff to assist in expediting the application as much as possible.
