BellSouth Telecommunications, Inc.

And

DSO SERVICES AGREEMENT
GENERAL TERMS AND CONDITIONS

THIS DSO SERVICES AGREEMENT ("Agreement") is made by and between BellSouth Telecommunications, Inc., ("BellSouth"), a Georgia corporation, and [REDACTED] and shall be effective on the Effective Date, as defined herein. This Agreement may refer to either BellSouth or CUSTOMER or both as a "Party" or "Parties."

WITNESSETH

WHEREAS, BellSouth is a local exchange telecommunications company authorized to provide Telecommunications Services in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee; and

WHEREAS, CUSTOMER is or seeks to become a Competitive Local Exchange Carrier ("CLEC") authorized to provide Telecommunications Services in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee; and

WHEREAS, BellSouth desires to provide and CUSTOMER desires to purchase certain Services;

NOW, THEREFORE, in consideration of the mutual agreements contained herein, BellSouth and CUSTOMER agree as follows:

Definitions

Affiliate is defined as a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person. For purposes of this paragraph, the term "own" means to own an equity interest (or equivalent thereof) of more than 10 percent.

Commission is defined as the appropriate regulatory agency in each state of BellSouth's nine-state region (Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee).

Competitive Local Exchange Carrier ("CLEC") means a telephone company certificated by the Commission to provide local exchange service within BellSouth's franchised area.

Effective Date is defined as the date that the Agreement is effective for purposes of rates, terms and conditions and shall be effective April 1, 2005. Future

amendments for rate changes will be effective thirty (30) days after the date of the last signature executing the amendment.

End User means the ultimate user of the Telecommunications Service.

FCC means the Federal Communications Commission.

General Terms and Conditions means this document including all of the terms, provisions and conditions set forth herein.

Telecommunications means the transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received.

Telecommunications Service means the offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

Telecommunications Act of 1996 ("Act") means Public Law 104-104 of the United States Congress effective February 8, 1996. The Act amended the Communications Act of 1934 (47 U.S.C. Section 1 et. seq.).

1. Scope of this Agreement

- 1.1 The Parties intend for this Agreement to be governed by the provisions of 47 USC 201, 202, 211, and 271.
- 1.2 In the event the FCC, a Commission or any other governmental authority or agency rejects or modifies any material provision in this Agreement, the Parties agree to negotiate in good faith to modify other terms of the Agreement as necessary to reflect, to the greatest extent possible, the original intent and purpose of the Agreement. In the event that the Parties are unable to agree on such further revisions within sixty (60) days following the effective date of the order requiring such modifications, either party may escalate the issue to a senior level of management for resolution. To the extent that the issue is not resolved at the senior management level within thirty (30) days after escalation, either Party may terminate this Agreement without liability accruing to either Party as a result of such termination, and without either Party's obligation to comply with any minimum purchase obligations; provided, however, that a Party's right to terminate this Agreement in accordance with this Section 1.2 shall be deemed waived in the event such Party breaches its obligations regarding disclosure to Commission or other regulatory and governmental bodies as set forth in Section 14.

2. CLEC Certification

- 2.1 Prior to execution of this Agreement, CUSTOMER has provided BellSouth in writing CUSTOMER's CLEC certification for all states covered by this Agreement except Kentucky. Should CUSTOMER's certification in any state be rescinded or otherwise terminated, BellSouth may cease providing Services in the state where the certificate was rescinded or terminated. If BellSouth ceases providing Services, it shall provide CUSTOMER sufficient notice to allow CUSTOMER to comply with any applicable laws or regulations concerning terminating services to End Users. BellSouth will issue final bills to CUSTOMER for Services provided in that state, and CUSTOMER shall pay all charges associated with those bills pursuant to Attachment 3. BellSouth may refuse to provide Services hereunder in that state until certification is reinstated in that state. CUSTOMER has provided BellSouth an effective certification to do business, as issued by the Secretary of State, or equivalent authority, in each state covered by this Agreement.
- 2.2 To the extent CUSTOMER is not certified as a CLEC in any state covered by this Agreement as of the execution hereof, CUSTOMER may not purchase Services under this Agreement in that state.

3. Term and Termination of the Agreement

- 3.1 The term of this Agreement shall commence on the Effective Date and shall apply to the BellSouth territory in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee. Except as provided in Section 3.2.1, it shall continue in effect thereafter until January 31, 2008, provided, however, that on or after January 1, 2007, either Party may give the other Party 180 day's written notice of its intent to terminate this Agreement. If such notice is provided, this Agreement shall terminate on the termination date stated in the notice, or 180 days after the effective date of such notice, whichever is later. Upon such early termination pursuant to this Section 3.1, neither Party shall incur any penalties or damages on account of such early termination. If BellSouth terminates this Agreement pursuant to this Section 3.1, and to the extent CUSTOMER does not reach the ISWM Services commitment set forth in Attachment 5 by the last day Services provided pursuant to this Agreement are terminated, BellSouth shall reduce CUSTOMER's commitment according to the following schedule: \$2.75 multiplied by the average number of lines in service during the last month prior to termination of the Agreement, excluding any transition period, that have subscribed to ISWM Services multiplied by the number of months of early termination.

- 3.2 If no notice of termination is received as set forth in Section 3.1, the Parties agree that no earlier than 270 days and no later than 180 days prior to the expiration of this Agreement, they may mutually agree to commence negotiations for a new agreement to be effective beginning on the expiration date of this Agreement. If the Parties have not reached agreement within sixty (60) days prior to the expiration date of this Agreement, negotiations for a new agreement shall cease, and the Parties shall develop a transition plan. The failure to develop a transition plan shall not constitute a breach of this Agreement.
- 3.2.1 If terminated pursuant to Section 3.1 or if the Parties are unable to agree on a new agreement sixty (60) days prior to the expiration of this Agreement, CUSTOMER shall not add any new Services after the expiration or date of termination of this Agreement. The Parties shall develop a transition plan within 60 days prior to the expiration or termination of the Agreement. Said transition plan shall not exceed six (6) months. In the event the Parties are unable to agree upon a transition plan, BellSouth may, at its discretion, and in accordance with this Section 3.2, terminate all or any of the Services at any time after four months after the expiration or termination date of the Agreement. In such event, that Services exist after the termination or expiration of this Agreement, the rates for such Services shall be the rates for Services provided to CUSTOMER in 2007 for less than 200,000 lines, to the date such Services are actually transitioned. The Parties shall cooperate in good faith to effect an orderly transition of CUSTOMER's End Users before Services are terminated upon expiration or termination of this Agreement.
- 3.3 BellSouth reserves the right, after ten (10) business days' notice, to suspend or terminate a line in the event of the line being used for a prohibited or unlawful use of BellSouth facilities or service, but only to the extent of the prohibited or unlawful use.
- 3.4 Except as set forth in Attachment 3 regarding failure to pay for Services, if either Party breaches or defaults on any of the terms, conditions, or covenants of this Agreement, the other Party shall give the breaching Party written notice of such breach or default. If such breach or default is not cured within thirty (30) days after such written notice, then in addition to all other rights and remedies at law, in equity or otherwise, the non-breaching Party may terminate this Agreement without any charge, obligation, or liability whatsoever for such breach, except for payment for Services rendered.
- 4. Conversion of Embedded Base**
- 4.1 Because, as of the Effective Date of this Agreement, CUSTOMER has existing DSO port/loop combinations or DSO switch ports purchased pursuant to another agreement with BellSouth, the execution of this Agreement constitutes CUSTOMER's request to transition all such DSO port/loop combinations and DSO

switch ports to the applicable Service provided under this Agreement. A Local Service Request (“LSR”) is not required and conversion charges do not apply to the conversion of the embedded base as of the Effective Date of the Agreement. The conversion shall be accomplished via billing change only made by BellSouth and will not result in a service disruption to CUSTOMER’s End Users. CUSTOMER will not be required to send any information to BellSouth to accomplish this change.

4.2 Any amounts owed pursuant to any prior agreement between the Parties for any DSO port/loop combinations and DSO switch ports, or other associated charges related thereto, shall be due and owing under the prior agreement.

4.3 Any orders placed under any prior agreement between the Parties for DSO port/loop combinations or DSO switch ports, not provisioned prior to the Effective Date hereof, shall be provisioned under and governed by the terms of this Agreement as of the Effective Date hereof as if such orders were placed under this Agreement.

5. Rates

5.1 Unless otherwise set forth in this Agreement, to the extent CUSTOMER maintains more than 400,000 DSO Wholesale Local Voice Platform Service lines in service, CUSTOMER shall pay the rates set forth in Exhibit 1 of Attachment 1 of this Agreement. If CUSTOMER maintains greater than 200,000 up to and including 400,000 lines, the rates set forth in Exhibit 2 shall apply, and to the extent CUSTOMER maintains less than 200,000 lines in service, the rates set forth in Exhibit 3 shall apply. In all cases, these rate Exhibits shall apply in addition to any other charges specifically set forth in this Agreement. Volume determination will be assessed based on an average of the beginning and ending balance during any given month. Rates will be assessed beginning the second month following the average calculation. In the event that BellSouth is unable to bill the applicable rate under this Agreement for any Services provided pursuant to this Agreement, BellSouth reserves the right to back-bill CUSTOMER for such rate or for the difference between the rate actually billed and the rate that should have been billed pursuant to this Agreement.

5.2 Except where the Parties have specifically negotiated a different rate, for this Agreement, it is the Parties' intention to incorporate into this Agreement the rates for comparable services provided by BellSouth to CUSTOMER under a separate agreement prior to April 1, 2005. The Parties acknowledge that such incorporation and verification of rates for this Agreement, is a time consuming undertaking that may not be completed prior to execution of this Agreement. The Parties shall use their best efforts, therefore, to complete the incorporation and verification of rates on or before fourteen (14) days after execution of this Agreement. If any errors are discovered, the errors shall be corrected retroactive

to April 1, 2005, via an executed and effective amendment to this Agreement, on or before thirty (30) days after CUSTOMER receives a proposed amendment from BellSouth. If errors are discovered fourteen (14) days after execution the Parties will cooperate to correct the errors on a prospective basis.

6. Service Level Commitment

Upon the Effective Date of this Agreement, BellSouth's performance under this Agreement shall be governed by the service level commitments set forth in this Agreement ("SLCs"). The SLCs shall be the only service level agreements or commitments that apply to the Services provided in this Agreement and shall be the exclusive remedies available to CUSTOMER under this Agreement for performance or non-performance to the extent non-performance is addressed by the SLC associated with such Services. The SLCs are not intended to cover BellSouth's refusal to provide Services contracted for under this Agreement or when CUSTOMER terminates the Agreement as a result of BellSouth's breach. Except as otherwise stated herein, as of the Effective Date hereof, BellSouth's performance of this Agreement shall not be subject to any service quality measurement ("SQM") plan, payments of remedies in any self-effectuating enforcement mechanism ("SEEM") plan or any other penalty plan, performance plan or other similar requirements imposed by a Commission or the FCC. In the event a Commission or the FCC determines that Services provided pursuant to this Agreement are subject to any penalty payment, remedy or service level measure not incorporated in this Agreement, CUSTOMER, within thirty (30) days of a request from BellSouth, shall reimburse BellSouth for any such penalty or other remedy paid by BellSouth to CUSTOMER. SLCs and consequences for failure to meet SLCs are as set forth in Attachment 4 of this Agreement.

7. Commitment

- 7.1 CUSTOMER will purchase all DS0 port/loop switching combinations and DS0 switch ports, or any other services or facilities that have the same or similar function as the DS0 Wholesale Switch Port Services or the DS0 Wholesale Local Voice Platform Services, provided by BellSouth only pursuant to this Agreement. CUSTOMER will not purchase DS0 port/loop combinations or DS0 switch ports, or any other services or facilities that have the same or similar function as the DS0 Wholesale Switch Port Services or the DS0 Wholesale Local Voice Platform Services where BellSouth is the underlying switch provider, either directly or indirectly, from BellSouth pursuant to any other agreement, tariff, or otherwise, including from a third party provider. Notwithstanding the foregoing, this Agreement does not prohibit CUSTOMER from (1) purchasing standalone loops, or services available for resale under a BellSouth agreement or tariff; (2) purchasing any services from a third party using the third party's own facilities

or standalone loops purchased by that third party; or (3) using CUSTOMER's own facilities.

- 7.1 If CUSTOMER maintains a DSO Wholesale Local Voice Platform Services base of 400,000 lines or less, CUSTOMER will not, in any calendar year that this Agreement is effective, transition more than 10% of its DSO Wholesale Local Voice Platform Services in service as of April 1, 2005, to stand alone loops provided by BellSouth pursuant to a separate agreement. Furthermore, if CUSTOMER maintains a DSO Wholesale Local Voice Platform Services base of 400,000 lines or less, CUSTOMER will not, during the term of this Agreement, transition 75,000 or more DSO Wholesale Local Voice Platform Services to stand alone loops provided by BellSouth pursuant to a separate agreement. If CUSTOMER exceeds either of the above-mentioned conversion to stand alone loop thresholds, not including loops used for the purpose of implementing line splitting where such conversion includes the purchase of a stand alone port pursuant to this Agreement, CUSTOMER will be charged, prospectively beginning the month after which CUSTOMER exceeds the threshold, the rates for which CUSTOMER would have been billed had CUSTOMER maintained less than 200,000 lines in service, regardless of how many of lines in service CUSTOMER has at the time of exceeding the threshold. If after exceeding the threshold, CUSTOMER exceeds 400,000 lines in service, the rates for more than 400,000 lines in service shall apply prospectively to the extent CUSTOMER maintains more than 400,000 lines in service. Notwithstanding the foregoing, if CUSTOMER retains more than 400,000 DSO Wholesale Local Voice Platform Services, CUSTOMER during the term of this Agreement, CUSTOMER is not subject to the limitations and remedies set forth in this section.

8. Audits

- 8.1 BellSouth, in its reasonable discretion and upon no less than ten (10) days notice, may conduct an audit of CUSTOMER's facilities and records only to the extent necessary to confirm compliance with Section 7.1 above. CUSTOMER agrees to cooperate with BellSouth and to provide any information BellSouth reasonably requests to determine compliance. In the event that the audit reveals noncompliant lines that exceed 20% of the compliant lines in service on the date that noncompliance began, CUSTOMER shall reimburse BellSouth for the costs of the audit and BellSouth shall have the right to terminate this Agreement pursuant to Section 3 hereof. In the event of such noncompliance with Section 7.1, it shall be a complete cure for CUSTOMER pursuant to Section 3 to transfer all non-compliant services to Services under this Agreement, in addition to paying BellSouth the rates set forth in this Agreement for the services that should have been purchased pursuant to this Agreement, but were not.

9. Damages.

- 9.1 The Parties recognize that in the event of a breach of this Agreement by CUSTOMER for which a remedy is not specifically provided in this Agreement damages will be difficult to ascertain. The Parties have included the following terms as a liquidated damages provision pursuant to O.C.G.A. section 13-6-7. Such damages constitute a reasonable estimate of actual damages and are not intended by either Party to be a penalty. This Section 9 is intended to apply in circumstances when a remedy or cure for a breach or other failure to perform is not stated in this Agreement. If a remedy or cure is specifically stated elsewhere in this Agreement for an event that does not result in termination, such remedy or cure shall be the exclusive remedy or cure available to BellSouth.
- 9.2 CUSTOMER may not terminate this Agreement prior to expiration of the term hereof except as expressly permitted elsewhere in this Agreement. If CUSTOMER terminates this Agreement for any reason other than BellSouth's material breach or as otherwise permitted in this Agreement, prior to the expiration hereof, or if BellSouth terminates this Agreement for CUSTOMER's material breach, the total amount of damages due BellSouth shall be as set forth in Section 9.3 and 9.4 below. The liquidation of damages in this Section 9 shall not constitute a waiver of BellSouth's right to collect any outstanding balance due on the date of termination.
- 9.3 The Parties have negotiated rates that are less than the market rate BellSouth currently offers for DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services. The damages due BellSouth shall be the difference between the rate set forth in this Agreement for DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services and BellSouth's offered market rate as of the Effective Date. The Parties agree the difference of the offered market rate and the rate set forth in the Agreement is as set forth below. The Parties have negotiated these discounted rates due to CUSTOMER's volume commitments, term commitments, and other negotiated commitments set forth in this Agreement, including but not limited to the rate structure set forth in this Agreement, a commitment to inside wire maintenance usage, and SLCs set forth in Attachment 4.
- 9.3.1 For Mass Market DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services, the following damages shall be due to BellSouth retroactively back to April 1, 2005 through the date of termination and shall be applied as billed (including any amount to be back billed or credited, if any) on a per line/unit per month basis for each month as it applied for that particular line/unit per month in that particular year of this Agreement as provided below:
- 9.3.1.1 400,001 or more lines/units:

- 9.3.1.1.1 \$4.75 per line/unit per month for 2005;
- 9.3.1.1.2 \$3.00 per line/unit per month for 2006; and
- 9.3.1.1.3 \$1.00 per line/unit per month for 2007.
- 9.3.1.2 200,000 – 400,000 lines/units:
 - 9.3.1.2.1 \$4.37 per line/unit per month for 2005;
 - 9.3.1.2.2 \$2.62 per line/unit per month for 2006; and
 - 9.3.1.2.3 \$0.83 per line/unit per month for 2007.
- 9.3.1.3 Less than 200,000 lines/units:
 - 9.3.1.3.1 \$4.00 per line/unit per month for 2005;
 - 9.3.1.3.2 \$2.00 per line/unit per month for 2006; and
 - 9.3.1.3.3 \$0.00 per line/unit per month for 2007.
- 9.3.2 For Enterprise Market DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services the following damages shall be due:
 - 9.3.2.1 400,001 or more lines/units:
 - 9.3.2.1.1 \$2.50 per line/unit per month for 2005;
 - 9.3.2.1.2 \$1.75 per line/unit per month for 2006; and
 - 9.3.2.1.3 \$1.00 per line/unit per month for 2007.
 - 9.3.2.2 200,000 – 400,000 lines/units:
 - 9.3.2.2.1 \$2.00 per line/unit per month for 2005;
 - 9.3.2.2.2 \$1.00 per line/unit per month for 2006; and
 - 9.3.2.2.3 \$0.00 per line/unit per month for 2007.
 - 9.3.2.3 Less than 200,000 lines/units:
 - 9.3.2.3.1 \$0.00 per line/unit per month for 2005;
 - 9.3.2.3.2 \$0.00 per line/unit per month for 2006; and
 - 9.3.2.3.3 \$0.00 per line/unit per month for 2007.

9.4 Notwithstanding the foregoing, for the existing Mass Market DSO Wholesale Local Voice Platform Services and Mass Market DSO Wholesale Switch Port Services in place under this Agreement as of the Effective Date of this Agreement, the amount of damages CUSTOMER shall pay to BellSouth shall be calculated from March 11, 2006, until termination of Services pursuant to this Section in accordance with Section 9.3 above. Additionally, damages shall not apply to Services provisioned on or after July 1, 2007.

9.5 The terms “Mass Market” and “Enterprise Market” are as defined in Attachment 1 of this Agreement.

10. Court Ordered Requests for Call Detail Records and Other Subscriber Information

10.1 Subpoenas Directed to BellSouth. Where BellSouth provides the Services for CUSTOMER, BellSouth shall respond to subpoenas and court ordered requests delivered directly to BellSouth for the purpose of providing call detail records when the targeted telephone numbers belong to CUSTOMER’s End Users. Billing for such requests will be generated by BellSouth and directed to the law enforcement agency initiating the request. BellSouth shall maintain such information for CUSTOMER End Users for the same length of time it maintains such information for its own End Users.

10.2 Subpoenas Directed to CUSTOMER. Where BellSouth is providing to CUSTOMER Services, then CUSTOMER agrees that in those cases where CUSTOMER receives subpoenas or court ordered requests regarding targeted telephone numbers belonging to CUSTOMER’s End Users, and where CUSTOMER does not have the requested information, CUSTOMER will advise the law enforcement agency initiating the request to redirect the subpoena or court ordered request to BellSouth for handling in accordance with 10.1 above.

10.3 In all other instances, where either Party receives a request for information involving the other Party’s End User, the Party receiving the request will advise the law enforcement agency initiating the request to redirect such request to the other Party.

11. Liability and Indemnification

11.1 To the extent that CUSTOMER enters into a letter of agency (LOA) arrangement with any third Party or otherwise authorizes a third Party to utilize CUSTOMER’s codes to order Services under this Agreement, CUSTOMER shall be financially responsible for all charges incurred as a result of the LOA.

- 11.2 Liability for Acts or Omissions of Third Parties. BellSouth shall not be liable to CUSTOMER for any act or omission of another entity providing services to CUSTOMER.
- 11.3 Limitation of Liability
- 11.3.1 Except for any indemnification obligations of the Parties hereunder and except for claims resulting from BellSouth's gross negligence or willful misconduct, BellSouth's liability to CUSTOMER for any loss, cost, claim, injury, liability or expense, including reasonable attorneys' fees relating to or arising out of any cause whatsoever, whether based in contract, negligence or other tort, strict liability or otherwise, relating to the performance of this Agreement, shall not exceed a credit for the actual charges of the Services not performed or improperly performed. Any amounts paid to CUSTOMER pursuant to Attachment 4 hereof shall be credited against any damages otherwise payable to CUSTOMER pursuant to this Agreement. Except for any indemnification obligations of the Parties hereunder, and except for claims resulting from CUSTOMER's gross negligence or willful misconduct, CUSTOMER's liability to BellSouth for any loss, cost, claim, injury, liability or expense, including reasonable attorneys' fees relating to or arising out of any cause whatsoever, whether based in contract, negligence or other tort, strict liability or otherwise, relating to the performance of this Agreement, shall not exceed the actual charges of the Services performed. Any amounts paid to BellSouth shall be credited against any damages otherwise payable to BellSouth pursuant to this Agreement.
- 11.3.2 BellSouth shall not be liable for damages to CUSTOMER's terminal location, equipment or End User premises resulting from the furnishing of a Service, including, but not limited to, the installation and removal of equipment or associated wiring, except to the extent caused by BellSouth's negligence or willful misconduct.
- 11.3.3 Except in the case of gross negligence or willful misconduct, under no circumstance shall either Party be responsible or liable for indirect, incidental, or consequential damages, including, but not limited to, economic loss or lost business or profits, damages arising from the use or performance of equipment or software, or the loss of use of software or equipment, or accessories attached thereto, delay, error, or loss of data. In connection with this limitation of liability, each Party recognizes that the other Party may, from time to time, provide advice, make recommendations, or supply other analyses related to the Services described in this Agreement, and, while the other Party shall use diligent efforts in this regard, each Party acknowledges and agrees that this limitation of liability shall apply to the provision of such advice, recommendations, and analyses.
- 11.3.4 To the extent any specific provision of this Agreement purports to impose liability, or limitation of liability, on either Party different from or in conflict with the

liability or limitation of liability set forth in this Section, then with respect to any facts or circumstances covered by such specific provisions, the liability or limitation of liability contained in such specific provision shall apply.

11.4 Indemnification for Certain Claims. Except to the extent caused by BellSouth's gross negligence or willful misconduct, BellSouth, its Affiliates, parent company and their employees and agents, shall be indemnified, defended and held harmless by CUSTOMER against any claim, loss or damage arising from CUSTOMER's use of the Services provided under this Agreement pertaining to (1) claims for libel, slander or invasion of privacy arising from the content of CUSTOMER's own communications, (2) any claim, loss or damage claimed by the End User of CUSTOMER arising from such End User's use or reliance on BellSouth's Services, actions, duties, or obligations arising out of this Agreement, or (3) a data provider's use of CUSTOMER's Service in conjunction with a line splitting arrangement. Except to the extent caused by CUSTOMER's gross negligence or willful misconduct, CUSTOMER, its Affiliates, parent company and their employees and agents, shall be indemnified, defended and held harmless by BellSouth against any claim, loss or damage arising from BellSouth's provision of the Services provided under this Agreement pertaining to (1) claims for libel, slander or invasion of privacy arising from the content of BellSouth's own communications, or (2) any claim, loss or damage claimed by the End User of BellSouth arising from such End User's use or reliance on BellSouth's Services, actions, duties, or obligations arising out of this Agreement.

11.5 Disclaimer. EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, BELLSOUTH MAKES NO REPRESENTATIONS OR WARRANTIES, IMPLIED OR EXPRESS, TO CUSTOMER CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES, OR FACILITIES PROVIDED UNDER THIS AGREEMENT. CUSTOMER DISCLAIMS, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE, IMPLIED OR EXPRESS, OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR FROM USAGES OF TRADE. NOTWITHSTANDING THE FOREGOING, BELLSOUTH SHALL PROVIDE A LIMITED WARRANTY FOR ISWM SERVICES FOR REPAIR OR REPLACEMENT OF DEFECTIVE MATERIALS OR WORKMANSHIP.

12. **Intellectual Property Rights and Indemnification**

12.1 No License. No patent, copyright, trademark or other proprietary right is licensed, granted or otherwise transferred by this Agreement. The Parties are strictly prohibited from any use, including but not limited to, in the selling, marketing, promoting or advertising of Telecommunications Services, of any name, service mark, logo or trademark (collectively, the "Marks") of the other Party. The Marks include those Marks owned directly by a Party or its Affiliate(s) and those Marks

that a Party has a legal and valid license to use. The Parties acknowledge that they are separate and distinct and that each provides a separate and distinct service and agree that neither Party may, expressly or impliedly, state, advertise or market that it is or offers the same service as the other Party or engage in any other activity that may result in a likelihood of confusion between its own service and the service of the other Party.

12.2 Ownership of Intellectual Property. Any intellectual property that originates from or is developed by a Party shall remain the exclusive property of that Party. Except for a limited, non-assignable, non-exclusive, non-transferable license to use patents or copyrights to the extent necessary for the Parties to use any facilities or equipment (including software) or to receive any Service solely as provided under this Agreement, no license in patent, copyright, trademark or trade secret, or other proprietary or intellectual property right, now or hereafter owned, controlled or licensable by a Party, is granted to the other Party. Neither shall it be implied nor arise by estoppel. Any trademark, copyright or other proprietary notices appearing in association with the use of any facilities or equipment (including software) shall remain on the documentation, material, product, service, equipment or software. It is the responsibility of each Party to ensure at no additional cost to the other Party that it has obtained any necessary licenses in relation to intellectual property of third parties used in its network that may be required to enable the other Party to receive any service, or to perform its obligations under this Agreement.

12.3 Intellectual Property Remedies

12.3.1 Indemnification. In providing the Service, BellSouth will defend CUSTOMER as a result of such Service against claims of infringement arising solely from the use by CUSTOMER of such Service in the manner contemplated under this Agreement and will indemnify CUSTOMER for any damages awarded based solely on such claims in accordance with Section 11 preceding.

12.3.2 Claim of Infringement. In the event that use of any facilities or equipment (including software), becomes, or in the reasonable judgment of BellSouth is likely to become, the subject of a third party claim, action, suit, or proceeding based on intellectual property infringement, then BellSouth shall have the responsibility to (i) make reasonable arrangements with the third party to procure for CUSTOMER the right to continue using such facilities, equipment or software; or (ii) replace or modify such facilities, equipment or software to the extent required to avoid the infringement claim provided, however, that such facilities, equipment or software shall be functionally equivalent to the facilities, equipment or software that is replaced or modified. If no reasonable arrangements with the third party can be made and if no reasonable replacements or modifications can be made to avoid infringement, then BellSouth shall have the right to terminate, upon reasonable notice, Services provided through the use of, the affected facilities or equipment

(including software). CUSTOMER's purchase obligations and the volume thresholds described in the Exhibit to Attachment 1 shall be reduced on a pro rata basis for any Services terminated pursuant to this Section 12.3.2.

- 12.3.3 Exception to Obligations. BellSouth's obligations under this Section shall not apply to the extent the infringement is caused by: (i) modification of the facilities or equipment (including software) by CUSTOMER; (ii) use by CUSTOMER of the facilities or equipment (including software) in combination with equipment or facilities (including software) not provided or authorized by BellSouth, provided the facilities or equipment (including software) would not be infringing if used alone; or (iii) conformance to specifications of CUSTOMER which would necessarily result in infringement.
- 12.3.4 Exclusive Remedy. The foregoing shall constitute the Parties' sole and exclusive remedies and obligations with respect to a third party claim of intellectual property infringement arising out of the conduct of business under this Agreement.

13. Proprietary and Confidential Information

- 13.1 Proprietary and Confidential Information. It may be necessary for BellSouth and CUSTOMER, each as the "Discloser," to provide to the other Party, as "Recipient," certain proprietary and confidential information including but not limited to technical, financial, marketing, staffing and business plans and information, strategic information, proposals, request for proposals, specifications, drawings, maps, prices, costs, costing methodologies, procedures, processes, business systems, software programs, techniques, customer account data, call detail records and like information (collectively the "Information"). All such Information conveyed in writing or other tangible form shall be clearly marked with a confidential or proprietary legend. Information conveyed orally by the Discloser to Recipient shall be designated as proprietary and confidential at the time of such oral conveyance, shall be reduced to writing by the Discloser within forty-five (45) days thereafter, and shall be clearly marked with a confidential or proprietary legend.
- 13.2 Use and Protection of Information. Recipient agrees to protect such Information of the Discloser provided to Recipient from whatever source from distribution, disclosure or dissemination to anyone except employees of Recipient with a need to know such Information solely in conjunction with Recipient's analysis of the Information and for no other purpose except as authorized herein or as otherwise authorized in writing by the Discloser.
- 13.3 Exceptions. Recipient will not have an obligation to protect any portion of the Information which:
- 13.3.1 (a) is made publicly available by the Discloser or lawfully by a non-Party to this Agreement; (b) is lawfully obtained by Recipient from any source other than

Discloser; (c) is previously known to Recipient without an obligation to keep it confidential; or (d) is released from the terms of this Agreement by Discloser upon written notice to Recipient.

- 13.4 Recipient agrees not to publish or use the Information for any advertising, sales or marketing promotions, press releases, or publicity matters that refer either directly or indirectly to the Information or to the Discloser or any of its affiliated companies.
- 13.5 The disclosure of Information neither grants nor implies any license to the Recipient under any trademark, patent, copyright, application or other intellectual property right that is now or may hereafter be owned by the Discloser.
- 13.6 Survival of Confidentiality Obligations. The Parties' rights and obligations under this Section 13 shall survive and continue in effect until two (2) years after the expiration or termination date of this Agreement with regard to all Information exchanged during the term of this Agreement.

14. Disclosure

Neither Party shall issue any press releases relating to the execution of this Agreement without the other Party's written permission. This Agreement shall be made publicly available pursuant to Section 211 of the Act and 47 CFR 43.51(c). Either Party may post this Agreement on a password protected website for access by the FCC or Commissions and advise the FCC and Commissions of the existence of the Agreement by forwarding the press release or an announcement agreed upon by the Parties. If either Party is ordered to file this Agreement with the Commission or other regulatory or governmental body, the ordered Party will provide notice to the other Party within a commercially reasonable time prior to filing to permit the opportunity to appeal the order in an expedited fashion.

15. Resolution of Disputes

- 15.1 In the event the Parties are unable to resolve any disputes that arise under this Agreement, the aggrieved Party shall pursue resolution of such dispute(s) with the appropriate federal or state court of competent jurisdiction or the FCC. Further, The Parties agree that a federal or state court of competent jurisdiction is the appropriate venue for resolving disputes under this Agreement. The Parties submit to personal jurisdiction in Atlanta, Georgia, and waive any objections to a Georgia venue for the resolution of disputes arising under this Agreement. Except as otherwise provided in this Agreement, nothing herein shall be deemed a waiver of any right of a Party to pursue any remedy at law or in equity.
- 15.2 In the highly unlikely event that federal and state courts and the FCC have all been petitioned and each has explicitly, on its own motion, or on BellSouth's motion,

stated that it lacks jurisdiction for the subject matter of the dispute, such dispute may be resolved by third-party commercial arbitration, the terms of which shall be mutually agreed upon by the Parties. Use of alternative dispute resolution in one instance shall not be deemed to apply to any other dispute or instance.

16. Taxes

16.1 Definition. For purposes of this Section, the terms “taxes” and “fees” shall include but not be limited to federal, state or local sales, use, excise, gross receipts or other taxes or tax-like fees of whatever nature and however designated (including tariff surcharges and any fees, charges or other payments, contractual or otherwise, for the use of public streets or rights of way, whether designated as franchise fees or otherwise) imposed, or sought to be imposed, on or with respect to the Services furnished hereunder or measured by the charges or payments therefore, excluding any taxes levied on income.

16.2 Taxes and Fees Imposed Directly On Either Party

16.2.1 Taxes and fees imposed on BellSouth, which are not permitted or required to be passed on by BellSouth to its customer, shall be borne and paid by BellSouth.

16.2.2 Taxes and fees imposed on CUSTOMER, which are not required to be collected and/or remitted by BellSouth, shall be borne and paid by CUSTOMER.

16.3 Taxes and Fees Imposed on CUSTOMER But Collected And Remitted By BellSouth

16.3.1 Taxes and fees imposed on CUSTOMER shall be borne by CUSTOMER, even if the obligation to collect and/or remit such taxes or fees is placed on BellSouth.

16.3.2 To the extent permitted by applicable law, any such taxes and/or fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, CUSTOMER shall remain liable for any such taxes and fees regardless of whether they are actually billed by BellSouth at the time that the respective Service is billed.

16.3.3 If CUSTOMER determines that in its opinion any such taxes or fees are not payable, BellSouth shall not bill such taxes or fees to CUSTOMER if CUSTOMER provides written certification, reasonably satisfactory to BellSouth, stating that it is exempt or otherwise not subject to the tax or fee, setting forth the basis therefor, and satisfying any other requirements under applicable law. If any authority seeks to collect any such tax or fee that CUSTOMER has determined and certified not to be payable, or any such tax or fee that was not billed by BellSouth, CUSTOMER may contest the same in good faith, at its own expense. In any such contest, CUSTOMER shall promptly furnish BellSouth with copies of all filings in any proceeding, protest, or legal challenge, all rulings issued in

connection therewith, and all correspondence between CUSTOMER and the taxing authority.

- 16.3.4 In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of BellSouth during the pendency of such contest, CUSTOMER shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.
- 16.3.5 If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, CUSTOMER shall pay such additional amount, including any interest and penalties thereon.
- 16.3.6 Notwithstanding any provision to the contrary, CUSTOMER shall protect, indemnify and hold harmless (and defend at CUSTOMER's expense) BellSouth from and against any such tax or fee, interest or penalties thereon, or other charges or payable expenses (including reasonable attorney fees) with respect thereto, which are incurred by BellSouth in connection with any claim for or contest of any such tax or fee.
- 16.3.7 Each Party shall notify the other Party in writing of any assessment, proposed assessment or other claim for any additional amount of such a tax or fee by a taxing authority; such notice to be provided, if possible, at least ten (10) days prior to the date by which a response, protest or other appeal must be filed, but in no event later than thirty (30) days after receipt of such assessment, proposed assessment or claim.
- 16.4 Taxes and Fees Imposed on BellSouth But Passed On To CUSTOMER
- 16.4.1 Taxes and fees imposed on BellSouth, which are permitted or required to be passed on by BellSouth to its customer, shall be borne by CUSTOMER.
- 16.4.2 To the extent permitted by applicable law, any such taxes and/or fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, CUSTOMER shall remain liable for any such taxes and fees regardless of whether they are actually billed by BellSouth at the time that the respective Service is billed.
- 16.4.3 If CUSTOMER disagrees with BellSouth's determination as to the application or basis for any such tax or fee, the Parties shall consult with respect to the imposition and billing of such tax or fee. Notwithstanding the foregoing, BellSouth shall retain ultimate responsibility for determining whether and to what extent any such taxes or fees are applicable, and CUSTOMER shall abide by such determination and pay such taxes or fees to BellSouth. BellSouth shall further retain ultimate responsibility for determining whether and how to contest the

imposition of such taxes and fees; provided, however, that any such contest undertaken at the request of the purchasing Party shall be at the purchasing Party's expense. If CUSTOMER disagrees with BellSouth's determination with respect to taxes, CUSTOMER may pursue the dispute resolution provisions of this Agreement.

- 16.4.4 In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of BellSouth during the pendency of such contest, CUSTOMER shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.
- 16.4.5 If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, CUSTOMER shall pay such additional amount, including any interest and penalties thereon.
- 16.4.6 Notwithstanding any provision to the contrary, the purchasing Party shall protect, indemnify and hold harmless (and defend at the purchasing Party's expense) the providing Party from and against any such tax or fee, interest or penalties thereon, or other reasonable charges or payable expenses (including reasonable attorneys' fees) with respect thereto, which are incurred by the providing Party in connection with any claim for or contest of any such tax or fee.
- 16.4.7 Each Party shall notify the other Party in writing of any assessment, proposed assessment or other claim for any additional amount of such a tax or fee by a taxing authority; such notice to be provided, if possible, at least ten (10) days prior to the date by which a response, protest or other appeal must be filed, but in no event later than thirty (30) days after receipt of such assessment, proposed assessment or claim.
- 16.4.8 Mutual Cooperation. In any contest of a tax or fee by one Party, the other Party shall cooperate fully by providing records, testimony and such additional information or assistance as may reasonably be necessary to pursue the contest. Further, the other Party shall be reimbursed for any reasonable and necessary out-of-pocket copying and travel expenses incurred in assisting in such contest.

17. Force Majeure

In the event performance of this Agreement, or any obligation hereunder, is either directly or indirectly prevented, restricted, or interfered with by reason of fire, flood, earthquake or like acts of God, wars, revolution, civil commotion, explosion, acts of public enemy, embargo, acts of the government in its sovereign capacity, labor difficulties, including without limitation, strikes, slowdowns, picketing, or boycotts, unavailability of equipment from vendor, changes requested by CUSTOMER, or any other circumstances beyond the reasonable control and

without the fault or negligence of the Party affected, the Party affected, upon giving prompt notice to the other Party, shall be excused from such performance on a day-to-day basis to the extent of such prevention, restriction, or interference (and the other Party shall likewise be excused from performance of its obligations on a day-to-day basis until the delay, restriction or interference has ceased); provided, however, that the Party so affected shall use diligent efforts to avoid or remove such causes of non-performance and both Parties shall proceed whenever such causes are removed or cease.

18. Modification of Agreement

18.1 Subject to the provisions of Section 24, if CUSTOMER changes its name or makes changes to its company structure or identity due to a merger, acquisition, transfer or any other reason, it is the responsibility of CUSTOMER to notify BellSouth of said change and request that an amendment to this Agreement, if necessary, be executed to reflect said change, and shall notify the appropriate Commission of such modification of company structure in accordance with the state rules governing such modification in company structure, if applicable.

18.2 No modification, amendment, supplement to, or waiver of the Agreement or any of its provisions shall be effective and binding upon the Parties unless it is made in writing and duly signed by the Parties.

19. Non-waiver of Legal Rights

Execution of this Agreement by either Party does not confirm or imply that the executing Party agrees with any decision(s) issued pursuant to the Telecommunications Act of 1996 and the consequences of those decisions on specific language in this Agreement. Neither Party waives its rights to appeal or otherwise challenge any such decision(s) and each Party reserves all of its rights to pursue any and all legal and/or equitable remedies, including appeals of any such decision(s); provided, however, that any modification of any law, rule or order issued pursuant to the Act shall not impact or modify the Parties' rights and obligations pursuant to this Agreement.

20. Single Transaction

The Parties acknowledge that this Agreement is intended to constitute a single transaction that the obligations of the Parties under this Agreement are interdependent, and that payment obligations under this Agreement are intended to be recouped against other payment obligations under this Agreement.

21. Severability

If any provision of this Agreement, or part thereof, shall be held invalid or unenforceable in any respect, the remainder of the Agreement or provision shall not be affected thereby, provided that the Parties shall negotiate in good faith to reformulate such invalid provision, or part thereof, or related provision, to as closely reflect the original intent of the Parties as possible, consistent with applicable law, and to effectuate such portions thereof as may be valid without defeating the intent of such provision.

22. Waivers

A failure or delay of either Party to enforce any of the provisions hereof, to exercise any option which is herein provided, or to require performance of any of the provisions hereof shall in no way be construed to be a waiver of such provisions or options, and each Party, notwithstanding such failure or delay, shall have the right thereafter to insist upon the performance of any and all of the provisions of this Agreement.

23. Governing Law

This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of Georgia without regard to its conflict of laws principles.

24. Assignments and Transfers

24.1 Except for assignments to Affiliates, neither Party shall assign to any entity any right, obligation or duty, or any other interest hereunder, in whole or in part, without the prior written consent of the other Party, and such consent shall not be unreasonably withheld. The assignee must provide evidence of a Commission approved certification to provide Telecommunications Service in each state that CUSTOMER is providing service. The Parties shall amend this Agreement to reflect such assignments and shall work cooperatively to implement any changes required due to such assignment. Any such assignment shall be subject to applicable charges negotiated between the Parties. All obligations and duties of any Party under this Agreement shall be binding on all successors in interest and assigns of such Party. No assignment or delegation hereof shall relieve the assignor of its obligations under this Agreement in the event that the assignee fails to perform such obligations. CUSTOMER shall not assign this Agreement to any entity unless either 1) CUSTOMER pays all bills in accordance with Attachment 3, or 2) CUSTOMER's assignee expressly assumes liability for payment of such bills.

24.2 Change in Control. If CUSTOMER undergoes a change in control after execution of this Agreement, BellSouth may terminate this Agreement with six (6) months' notice if BellSouth has reasonable, articulable reasons that performing this Agreement with the new controlling entity will cause harm to BellSouth. In the

event of such termination, neither Party shall have any liability as a result of such termination, and CUSTOMER shall be relieved of all minimum purchase obligations. An acquisition of any amount of CUSTOMER's publicly traded stock by any entity shall not constitute a change in control.

25. Notices

25.1 Every notice, consent, or approval of a legal nature required or permitted by this Agreement shall be in writing and shall be delivered by hand, by overnight courier or by US mail postage prepaid, addressed to:

BellSouth Telecommunications, Inc.

BellSouth Local Contract Manager
600 North 19th Street, 8th floor
Birmingham, AL 35203

and

ICS Attorney
Suite 4300
675 West Peachtree Street
Atlanta, GA 30375

[REDACTED]

and

[REDACTED]

and

[REDACTED]

or at such other address as the intended recipient previously shall have designated by written notice to the other Party.

25.2 Unless otherwise provided in this Agreement, notice by mail shall be effective on the date it is officially recorded as delivered by return receipt or equivalent, and in the absence of such record of delivery, it shall be presumed to have been delivered the fifth day, or next business day after the fifth day, after it was deposited in the mails.

25.3 Notwithstanding the foregoing, BellSouth shall post to BellSouth's web site changes to business processes and policies, and shall post to BellSouth's web site or submit through applicable electronic systems, other business related notices not requiring an amendment to this Agreement.

26. Rule of Construction

No rule of construction requiring interpretation against the drafting Party hereof shall apply in the interpretation of this Agreement.

27. Headings of No Force or Effect

The headings of Articles and Sections of this Agreement are for convenience of reference only, and shall in no way define, modify or restrict the meaning or interpretation of the terms or provisions of this Agreement.

28. Multiple Counterparts

This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, but all of which shall together constitute but one and the same document.

29. Good Faith Performance

Each Party shall act in good faith in its performance under this Agreement and, in each case in which a Party's consent or agreement is required or requested hereunder, such Party shall not unreasonably withhold or delay such consent or agreement.

30. Survival

The Parties' obligations under this Agreement, which by their nature are intended to continue beyond the termination or expiration of this Agreement, shall survive the termination or expiration of this Agreement.

31. Entire Agreement

31.1 This Agreement means the General Terms and Conditions, the Attachments identified in Section 31.2 below, and all incorporated documents, all of which, when taken together, are intended to constitute one entire agreement. This Agreement sets forth the entire understanding and supersedes prior agreements between the Parties as they relate to the Services provided under this Agreement and merges all prior discussions between them. Neither Party shall be bound by any definition, condition, provision, representation, warranty, covenant or promise other than as expressly stated in this Agreement or as is contemporaneously or subsequently set forth in writing and executed by a duly authorized officer or representative of the Party to be bound thereby.

31.2 This Agreement includes Attachments and Exhibits, incorporated herein by reference with provisions for the following:

Services
Pre-Ordering, Ordering, Provisioning, Maintenance and Repair
Billing
Service Level Commitments for DSO Wholesale Local Voice Platform Services

31.3 Any reference throughout this Agreement to industry guidelines BellSouth's technical guideline or reference, BellSouth business rule, guide or other such document containing processes or specifications applicable to the Services provided pursuant to this Agreement, shall be construed to refer to only those provisions thereof that are applicable to these Services, and shall include any successor or replacement versions thereof, all as they are amended from time to

time and all of which are incorporated herein by reference. References to state tariffs throughout this Agreement shall be to the tariff for the state in which the Services were provisioned.

IN WITNESS WHEREOF, the Parties have executed this Agreement the day and year written below.

DS0 SWITCH PORT AND LOCAL VOICE PLATFORM RATES Exhibit A

ADUF/ODUF/CMDS RATES Exhibit B

Services

1. Introduction

1.1 Upon request of CUSTOMER, BellSouth shall provide DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services as set forth in this Attachment, at the rates set forth in Exhibits to Attachment 1, and pursuant to the terms and conditions of this Agreement. The terms and conditions set forth in this Attachment apply only when the Services are purchased pursuant to this Agreement. The network components and associated services and functions that comprise DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services or that may be purchased in conjunction with DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services under this Agreement are available pursuant to this Agreement only in conjunction with CUSTOMER's purchase of DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services and are not available for individual purchase pursuant to this Agreement, although certain network components and associated services and functions not available under this Agreement may be available for individual purchase pursuant to the rates, terms and conditions of a separate agreement. These Services are provided to CUSTOMER solely for the purpose of providing Telecommunications Services to CUSTOMER's End Users or as required by federal law and CUSTOMER agrees not to use such Services for any other purpose.

1.2 The network components provided as part of the Services offered hereunder may be subject to modification, retirement, upgrades or other changes. BellSouth shall provide notice of such changes in accordance with the applicable provisions of the FCC's network disclosure requirements and any other applicable laws or regulations. In the event a network component is retired, such network component is no longer available; provided, however, that if BellSouth retires a network component and does not provide a suitable replacement, CUSTOMER shall be relieved of any minimum purchase obligations under this Agreement on a pro rata basis.

2. DS0 Wholesale Switch Port Services

2.1 DS0 Wholesale Switch Port Services provide the features, functions and capabilities of the local switch, including dial tone, the ability to originate and terminate calls, intraswitch line side and trunk side connections, and all vertical features that the local switch is capable of providing and that are available. To the extent that BellSouth replaces its existing switches with a switching vehicle that

provides both analog and digital switching (e.g., ATM switch or “next generation switch”), CUSTOMER will continue to receive a Service or Service-like local switching function. The Service replacement product will function independently of switching facilities, circuit or packet switching devices, transport via shared or dedicated paths, core protocols, or infrastructure upgrade. Local switching, including voice, will be provided transparently of technology.

- 2.1.1 When ordering DSO Wholesale Switch Port Services, network components that allow for the transport and termination of originated calls and the receipt of calls destined for the switch port are included. These network components, which each have their own pricing elements, include End Office Switching, Tandem Switching and Common Transport. In the states of Alabama, Florida, Mississippi, North Carolina and South Carolina CUSTOMER may also order, at the rates set forth in Exhibits to Attachment 1, switch based vertical features that the switch is capable of providing and that are available. In the states of Georgia, Kentucky, Louisiana and Tennessee the switch based vertical features that the switch is capable of providing and that are available are included in the DSO Wholesale Switch Port Services rates. BellSouth may make available certain ancillary services that may be ordered with the DSO Wholesale Switch Port Services. If available, such ancillary services will be ordered pursuant to a resale agreement with BellSouth.
- 2.1.2 When ordering DSO Wholesale Switch Port Services as a stand-alone element, CUSTOMER is responsible for obtaining other required elements or components that may be needed to provide its desired voice grade services. These elements or component may include but are not limited to: loops; collocation arrangements; and collocation cross-connects between the DSO Wholesale Switch Port Services and CUSTOMER’s collocation arrangement.
- 2.1.3 End Office Switching. BellSouth shall provide to CUSTOMER End Office Switching in conjunction with the Service.
- 2.1.3.1 End Office Switching provides the switching function of connecting lines to lines, lines to trunks, trunks to lines, and trunks to trunks. End Office Switching includes the pricing elements of End Office Switching Function and End Office Trunk Ports, as set forth in Exhibits to Attachment 1.
- 2.1.4 Tandem Switching. BellSouth shall provide to CUSTOMER Tandem Switching in conjunction with the Service.
- 2.1.4.1 Tandem Switching provides the following: (i) trunk connect facilities, which include, but are not limited to, the connection between trunk termination at a cross connect panel and switch trunk card; (ii) the basic switch trunk function of connecting trunks to trunks; and (iii) the functions that are centralized in the Tandem Switches (as distinguished from separate end office switches), including, but not limited to call recording, the routing of calls to operator services and

signaling conversion features. Tandem Switching includes the pricing elements of Tandem Switching Function, Tandem Trunk Ports, Melded Tandem Switching Function and Melded Tandem Trunk Ports, as set forth in Exhibits to Attachment 1.

- 2.1.4.2 When an interoffice call originates from a DSO Wholesale Switch Port and terminates to a BellSouth, independent company, CMRS provider, or facility based CLEC end office, BellSouth shall apply the Melded Tandem Switching rate(s) as set forth in Exhibits to Attachment 1. For all other calls utilizing Tandem Switching, the Tandem Switching rate as set forth in Exhibits to Attachment 1 shall apply.
- 2.1.5 Common Transport. BellSouth shall provide to CUSTOMER Common Transport in conjunction with the Service.
- 2.1.5.1 Common (Shared) Transport is defined as transmission facilities shared by more than one carrier, including BellSouth, between end office switches, between end office switches and tandem switches, and between tandem switches, in BellSouth's network. Common Transport includes the pricing elements of Common Transport per Mile and Common Transport Facilities Termination as set forth in Exhibits to Attachment 1.
- 2.1.6 Switch Based Vertical Features. BellSouth shall provide to CUSTOMER Switch Based Vertical Features in conjunction with the Service.
- 2.1.6.1 Switch based vertical features include vertical features that the circuit switch is capable of providing and that are available and may be ordered in conjunction with the DSO Wholesale Switch Port. Switch based vertical features, regardless of the number of vertical features ordered, may be ordered individually on the same LSR with the Service or separately and shall be charged at a single rate as set forth in Exhibits to Attachment 1 or included with the Service as provided for within this Agreement. CUSTOMER may add or delete vertical features at no additional charge except the applicable ordering charge.
- 2.1.6.2 To the extent that a circuit switch is technically capable of providing a switch based vertical feature but such switch based vertical feature is not currently available, CUSTOMER may submit a request pursuant to BellSouth's established processes. Additional charges may apply.
- 2.1.7 Ancillary Services
- 2.1.7.1 CUSTOMER may request certain non-switch based services that are available with DSO Wholesale Switch Port Services. If available, such services shall be provided pursuant to BellSouth's tariff or pursuant to a separate resale agreement with BellSouth. BellSouth shall make available Simplified Message Desk Interface ("SMDI" and/or "SMDI-E") in conjunction with DSO Wholesale Switch Port

Services, pursuant to BellSouth's tariff or pursuant to a resale agreement without discount.

2.1.8 Directory Listings

2.1.8.1 BellSouth shall provide one basic White Pages directory listing per telephone number per End User account at no charge. If such listing is requested on the initial local service request ("LSR") associated with the request for Service, a single manual service order charge or electronic service order charge, as appropriate, as described in Attachment 2 of this Agreement will apply to both the request for Service and the request for the directory listing. Additional, enhanced and miscellaneous listings may be provided and shall be provided according to BellSouth's General Subscriber Services Tariff ("GSST"). Where a subsequent LSR is placed solely to request a directory listing, separate service order charges as set forth in BellSouth's tariffs shall apply, as well as the manual service order charge or electronic service order charge, as appropriate, as described in Attachment 2.

2.1.9 Remote Call Forwarding

2.1.9.1 As an option, BellSouth shall make available to CUSTOMER a switch port with Remote Call Forwarding capability (RCF). RCF service combines the functionality of End Office Switching, Tandem Switching and Common Transport to forward calls from the RCF service telephone number (i.e., the number dialed by the calling party) to another telephone number selected by the RCF service subscriber ("Forward-to-Number"). RCF service is a local switching port that is not connected to any loop, and which is programmed by BellSouth to forward to the Forward-to-Number. When ordering RCF service, CUSTOMER shall use commercially reasonable efforts to ensure that the Forward-to-Number is equipped with sufficient capacity to receive the volume of calls that is expected to be generated from the RCF service. BellSouth may implement appropriate network controls it deems reasonably necessary if such sufficient capacity is not available.

2.1.10 In addition to the charge for the RCF service port, BellSouth shall charge CUSTOMER the rates set forth in Exhibits to Attachment 1 of this Attachment for End Office Switching, Tandem Switching, and Common Transport, including all associated usage incurred for calls from the RCF service telephone number to the Forward-to-Number.

3. DSO Wholesale Local Voice Platform Services

3.1 DSO Wholesale Local Voice Platform Services provide an end to end Telecommunications Service by combining DSO Wholesale Switch Ports with the loop network component described in this Agreement, which together provide local exchange service for the origination or termination of calls. DSO Wholesale

Local Voice Platform Services support the same calling and feature attributes as described in the DSO Wholesale Switch Port Services section of this Attachment.

- 3.2 The loop network component associated with the DSO Wholesale Local Voice Platform Service is defined as a transmission facility between the distribution frame (or its equivalent) in BellSouth's central office and the loop demarcation point at the End User's premises. The loop includes all features, functions and capabilities of the transmission facilities, including the network interface device, and attached electronics (except those used for the provision of advanced services, such as Digital Subscriber Line Access Multiplexers), optronics and intermediate devices (including repeaters and load coils) used to establish the transmission path to the End User's premises. CUSTOMER shall purchase the entire bandwidth of the loop in connection with the DSO Wholesale Local Voice Platform Services and, unless otherwise expressly agreed by BellSouth in a separate agreement or tariff, BellSouth shall not subdivide the frequency of the loop.
- 3.2.1 DSO Wholesale Local Voice Platform Services shall be provisioned with a 2-wire analog voice grade loop, which is a non-designed 2-wire loop start or ground start circuit, as specified by CUSTOMER that does not have remote access test points.
- 3.2.2 Except as set forth herein, loops may be provisioned using any type of facility that will support voice grade services. This may include loaded copper, non-loaded copper, digital loop carrier systems, fiber/copper combination (hybrid loop) or a combination of any of these facilities. BellSouth, at any time, in the normal course of maintaining, repairing, and configuring its network, may also change the loop utilized in conjunction with the DSO Wholesale Local Voice Platform Services. In these situations, BellSouth will only ensure that the newly provided facility will support the same voice grade services provided by the DSO Wholesale Local Voice Platform Services.
- 3.2.3 The loop does not include any switching features, functions or capabilities.
- 3.2.4 BellSouth shall not be obligated to provision DSO Wholesale Local Voice Platform Services over facilities that are composed of fiber to the home (FTTH) or fiber to the curb (FTTC) as those terms have been defined by the FCC in 47 CFR § 51.319(a)(3). If more than 15% of the DSO Wholesale Local Voice Platform Services available upon on the Effective Date of this Agreement are no longer available for purchase by CUSTOMER during the term of this Agreement due to BellSouth's deployment of FTTH or FTTC the volume thresholds as set forth in the rate Exhibits to this Attachment shall be reduced by the same percentage. Analysis of such available DSO Wholesale Local Voice Platform Services shall be conducted upon written request by CUSTOMER on an annual basis as follows: May, 2006, May, 2007 and January, 2008. CUSTOMER's End Users that are served with FTTH or FTTC on March 31, 2005 will be grandfathered.

- 3.2.5 The loop shall be provided to CUSTOMER in accordance with applicable provisions of BellCore/ANSI standard technical references for non-designed 2-wire loop start voice grade circuits.
- 3.2.6 BellSouth will only provision, maintain and repair the loops to the standards that are consistent with the loop component associated with the DSO Wholesale Local Voice Platform Services.
- 3.3 Loop Tagging
- 3.3.1 When a BellSouth technician is required to be dispatched to provision the loop, BellSouth will tag the loop with the telephone number. When a dispatch is not required to provision the loop, BellSouth will tag the loop on the next required visit to the End User's location. If CUSTOMER wants to ensure the loop is tagged during the provisioning process for loops that may not require a dispatch, CUSTOMER may order Loop Tagging. Rates for Loop Tagging are as set forth in Exhibits to Attachment 1 of this Attachment.
- 3.4 Line Splitting
- 3.4.1 Line Splitting – DSO Wholesale Local Voice Platform Services. A line splitting arrangement allows a provider of data services (a Data LEC) and a provider of voice services (a Voice CLEC) to deliver voice and data services to CUSTOMER's End Users over the same loop. The customer of record shall be CUSTOMER. The Voice CLEC and Data LEC may both be CUSTOMER or CUSTOMER and a Data LEC.
- 3.4.2 Upon execution of this Agreement, line splitting arrangements provisioned under previous agreements that permitted line-splitting like arrangements with a port, loop and splitter, if applicable, provided pursuant to those previous agreements shall all be governed by this Agreement. No new line splitting arrangements may be ordered pursuant to this Agreement. For line splitting arrangements placed in service under a previous agreement, CUSTOMER shall be permitted to continue using such arrangements, including any splitters provided by BellSouth, under this Agreement until the earlier of: (1) the date CUSTOMER converts the existing line splitting arrangement to an alternative arrangement; (2) the date the line splitting arrangement is disconnected by CUSTOMER pursuant to this Agreement; or (3) the expiration/termination date of this Agreement.
- 3.4.3 The recurring charges for all line splitting arrangements are set forth in Exhibits to Attachment 1. The elements of the line splitting arrangement that shall be billed are the loop, DSO Wholesale Switch Port, two collocation cross-connects, the high frequency spectrum line activation, and the splitter, if purchased from BellSouth.
- 3.5 Line Splitting - Maintenance and Repair

- 3.5.1 CUSTOMER shall inform its End Users to direct all problems or outage reports to CUSTOMER or its authorized agent. The Voice CLEC and Data LEC will each be responsible for maintaining its own equipment.
- 3.5.2 BellSouth will be responsible for repairing voice troubles and the troubles with the physical loop between the NID at the End User's premises and the termination point.
- 3.5.3 Notwithstanding anything else to the contrary in this Agreement, when BellSouth receives a voice trouble associated with a line splitting arrangement and isolates the trouble to the physical collocation arrangement at the Central Office belonging to CUSTOMER or the Data LEC (where CUSTOMER is not the Data LEC), BellSouth will notify CUSTOMER or its authorized agent and bill CUSTOMER accordingly.
- 3.5.4 BellSouth shall provide CUSTOMER with ordering and provisioning in accordance with the processes available from BellSouth prior to March 11, 2005, for the provision of stand alone loops pursuant to a separate agreement and stand alone ports pursuant to this Agreement for the purposes of CUSTOMER-provided line splitting as permitted under this Agreement.

4. DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services Rates

- 4.1 The rates for DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services in Exhibits to Attachment 1 shall be applied according to whether CUSTOMER is serving a Mass Market or an Enterprise Market End User and shall include monthly recurring and nonrecurring charges.
- 4.5.1 Mass Market. When CUSTOMER is serving an End User with less than four (4) voice grade (DS0) lines or equivalents in any service area covered by this Agreement, the rates applicable to DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services for the Mass Market shall apply.
- 4.5.2 Enterprise Market. When CUSTOMER is serving an End User with four (4) or more voice grade (DS0) lines or equivalents, provided by CUSTOMER, in any service area covered by this Agreement, or is serving an End User with DS0 services where such End User is also being served by CUSTOMER with a DS1 service in any service area covered by this Agreement, the rates applicable to DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services for the Enterprise Market shall apply to all Services provided to CUSTOMER for that End User.

- 4.5.3 For the DS0 Wholesale Switch Port, recurring charges apply to the switch port; switch based vertical features (subject to Section 2.1.6.1), End Office Switching, Tandem Switching and Common Transport pricing elements. Nonrecurring charges apply to the switch port.
- 4.5.4 For the DS0 Wholesale Local Voice Platform Services, recurring charges apply to the switch port, loop, switch based vertical features (subject to Section 2.1.6.1), End Office Switching, Tandem Switching and Common Transport pricing elements. Nonrecurring charges shall apply to the switch port for a new installation. If, however, the Service is converted from BellSouth retail, resale, or a loop/port combination provided by BellSouth to another CLEC, or is an initial new installation of a simple residential service line provisioned at a location where QuickServe is active on the line, only the nonrecurring conversion charges shall apply to such conversions. In the scenario of a line provisioned at a QuickServe location, only the first line shall incur the conversion rate. Any additional lines or subsequently ordered lines shall incur new installation first and additional nonrecurring charges.
- 4.5.5 The rates for End Office Switching, Tandem Switching and Common Transport are applied based on their use in the transport of an originated or terminated call, with the exception of the coin class of service which contains a monthly recurring flat-rate charge for all three of these pricing elements combined. Originated calls shall utilize these pricing elements until the terminating end office is reached for a BellSouth or resale End User terminated call or until the call reaches the network of a third party on a third party terminated call.
- 4.5.6 Rates for loops purchased in conjunction with DS0 Wholesale Local Voice Platform Services are determined by the zone applicable to the specific loop location. Zones are established by the Commission and may be changed from time to time. In the event the Commission changes the zone applicable to any loop associated with any DS0 Wholesale Local Voice Platform Services, the loop component of such Services shall be billed at the applicable rate for the new zone.
- 4.6 Intercarrier Compensation
- 4.6.1 Intercarrier compensation for 7 or 10 digit dialed calls originated by CUSTOMER utilizing DS0 Wholesale Switch Port Services or DS0 Wholesale Local Voice Platform Services shall apply as follows:
- 4.6.1.1 For calls terminating to a BellSouth or resale End User, BellSouth shall charge CUSTOMER for End Office Switching at the terminating end office.
- 4.6.1.2 For calls terminating to a CLEC where such CLEC is utilizing a BellSouth switch port or port/loop combination to provide service to its End User, BellSouth shall charge CUSTOMER for End Office Switching at the terminating end office.

BellSouth will not charge the terminating CLEC for End Office Switching at the terminating end office.

- 4.6.1.3 For local calls terminating to third party carriers utilizing their own switches to serve their End Users, such as CLECs, wireless carriers and independent companies, CUSTOMER will make commercially reasonable efforts to enter into interconnection or traffic exchange agreements with such third parties for the exchange of traffic through BellSouth's network. If CUSTOMER chooses not to have such an agreement with a third party carrier and BellSouth is charged termination charges by a third party terminating a call originated by CUSTOMER, then BellSouth will:
- 4.6.1.3.1 pay such charges as billed by the third party carrier when the terminating carrier is a facility based CLEC and bill an additional End Office Switching pricing element to CUSTOMER for each such call; or
- 4.6.1.3.2 pay such charges as billed by the third party carrier when the terminating carrier is not a facility based CLEC and CUSTOMER will reimburse the full amount of such charges billed by BellSouth. CUSTOMER's obligation to pay such charges shall be contingent on all of the following:
- 4.6.1.3.2.1 BellSouth makes commercially reasonable efforts to minimize the charges.
- 4.6.1.3.2.2 BellSouth provides CUSTOMER with adequate information to substantiate the charges, including all billing information provided by the third party carrier used to prepare the billing to CUSTOMER and allocation documentation used by BellSouth to assign cost to CUSTOMER.
- 4.6.1.3.3 The charges imposed under section 4.2.1.3.2 above shall apply as follows:
- 4.6.1.3.3.1 For the period from the Effective Date through December 31, 2005, BellSouth shall not charge CUSTOMER, but BellSouth shall provide billing data that it proposes constitute actual billing records as required above. During this period, the Parties shall agree on appropriate billing formats for the invoices to be rendered. The billing formats will include, at a minimum, quantities, rates, and charges at an end office level.
- 4.6.1.3.3.2 Beginning January 1, 2006, BellSouth shall bill CUSTOMER for the actual incurred charges.
- 4.6.1.3.3.3 If CUSTOMER has an agreement with such third party carrier for the exchange of traffic through BellSouth's network, BellSouth will not bill CUSTOMER contingent on all the following:
- 4.6.1.3.3.3.1 CUSTOMER provides to BellSouth within ninety (90) days of execution of this agreement with a copy of the contract with each carrier CUSTOMER has such an

agreement. For agreements entered into subsequent to submission of the aforementioned agreements, BellSouth will discontinue billing CUSTOMER charges as set forth in Sections 4.2.1.3.3.1 and 4.2.1.3.3.2 upon BellSouth's receipt of the subsequent agreement. In order to accommodate implementation and billing cycles, it may be necessary for BellSouth to bill after receipt of the subsequent agreement, but in such case BellSouth shall credit CUSTOMER back to the date of receipt of the subsequent agreement.

- 4.6.1.3.3.2 Upon notice from BellSouth, CUSTOMER will use commercially reasonable efforts to enforce the agreement with the third party carrier for traffic described in Section 4.1.2.3.
- 4.6.2 Intercarrier compensation for 7 or 10 digit dialed calls terminating to CUSTOMER utilizing DSO Wholesale Switch Port Services or DSO Wholesale Local Voice Platform Services shall apply as follows:
 - 4.6.2.1 For calls originated by a BellSouth or resale End User, BellSouth shall not charge CUSTOMER for End Office Switching at the terminating end office for use of the network component; therefore, CUSTOMER shall not charge BellSouth reciprocal compensation or any other charges for termination of such calls.
 - 4.6.2.2 For calls originated by a CLEC where such CLEC is utilizing a BellSouth switch port or port/loop combination to provide service to its End User, BellSouth shall not charge CUSTOMER for End Office Switching at the terminating end office for use of the network component; therefore, CUSTOMER shall not charge the originating CLEC or BellSouth reciprocal compensation or any other charges for termination of such calls.
 - 4.6.2.3 For calls originated by third parties utilizing their own switches to serve their End Users, such as CLECs, wireless carriers and independent companies, intercarrier compensation shall be between CUSTOMER and the third party. CUSTOMER shall not bill BellSouth for the exchange of traffic through BellSouth's network.
- 4.6.3 Intercarrier compensation shall apply as follows for intralata 1+ dialed calls originated by CUSTOMER utilizing DSO Wholesale Switch Port Services or DSO Wholesale Local Voice Platform Services where CUSTOMER elects to use BellSouth's Carrier Identification Code (CIC) for its End User's Local Preferred Interexchange Carrier (LPIC):
 - 4.6.3.1 For calls terminating to a BellSouth or resale End User, BellSouth shall charge CUSTOMER for End Office Switching at the terminating end office.
 - 4.6.3.2 For calls terminating to a CLEC where such CLEC is utilizing a BellSouth switch port or port/loop combination to provide service to its End User, BellSouth shall charge CUSTOMER for End Office Switching at the terminating end office.

BellSouth will not charge the terminating CLEC for End Office Switching at the terminating end office.

- 4.6.3.3 For calls terminating to third party carriers utilizing their own switches to serve their End Users, such as CLECs, wireless carriers and independent companies, CUSTOMER may choose to enter into interconnection or traffic exchange agreements with such third parties for the exchange of traffic through BellSouth's network. If CUSTOMER chooses not to have such an agreement with a third party carrier and BellSouth is charged termination charges by a third party terminating a call originated by CUSTOMER, or if such third party carrier bills BellSouth for terminating such calls, despite the existence of such an agreement, then BellSouth may, at its option:
- 4.6.3.3.1 pay such charges as billed by the third party carrier and bill an additional End Office Switching pricing element to CUSTOMER for each such call; or
- 4.6.3.3.2 pay such charges as billed by the third party carrier and CUSTOMER will reimburse BellSouth the full amount of such charges within thirty (30) days following BellSouth's request for reimbursement.
- 4.6.4 Intercarrier compensation shall apply as follows for intralata 1+ dialed calls terminating to CUSTOMER utilizing DSO Wholesale Switch Port Services or DSO Wholesale Local Voice Platform Services where the originating carrier uses BellSouth's CIC for its End User's LPIC:
- 4.6.4.1 For calls originated by a BellSouth or resale End User, BellSouth shall charge CUSTOMER for End Office Switching at the terminating end office for use of the End Office Switching network component in terminating such calls. If CUSTOMER makes the election described in Section 4.2.3 above, CUSTOMER may charge BellSouth at the End Office Switching rate in this Agreement for such calls. CUSTOMER shall not charge originating or terminating switched access rates to BellSouth for termination of such calls. If CUSTOMER does not make the election described in section 4.2.3 above, CUSTOMER shall charge BellSouth terminating switched access at the rates set forth in CUSTOMER'S intrastate access tariff, or if CUSTOMER does not have intrastate access tariff, at the rates set forth in BellSouth's intrastate access tariff.
- 4.6.5 For calls originated by or terminating to interexchange carriers through a switched access arrangement, CUSTOMER may bill the interexchange carrier in accordance with CUSTOMER's tariff and will not bill BellSouth any charges for such call. CUSTOMER shall pay BellSouth applicable charges for the use of BellSouth's network in accordance with the rates set forth in Exhibits to Attachment 1 for originating and terminating such calls.

5. Call Related Databases

- 5.1 Call related databases provided under this Agreement shall only be provided with either DSO Wholesale Switch Port Services or DSO Wholesale Local Voice Platform Services pursuant to the terms and conditions herein and at the rates set forth in Exhibits to Attachment 1. Database services that are not available pursuant to this Agreement may be available at the rates, terms and conditions set forth in BellSouth's tariffs.
- 5.2 BellSouth's Calling Name (CNAM) Database Services
- 5.2.1 BellSouth's CNAM database Services provide the ability to associate a name with the calling party's number for any name and number stored in the BellSouth CNAM database, allowing the End User (to which a call is being terminated and which subscribes to the necessary services) to view the calling party's name before the call is answered.
- 5.2.2 CUSTOMER's End Users' names and numbers related to DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services shall be stored in the BellSouth CNAM database, and shall be available, on a per query basis only, to all entities that launch queries to the BellSouth CNAM database. BellSouth, at its sole discretion, may opt to interconnect with and query other calling name databases. In the event BellSouth does not query a third party calling name database that stores the calling party's information, BellSouth cannot deliver the calling party's information to a called End User. In addition, BellSouth cannot deliver the calling party's information where the calling party subscribes to any service that blocks or otherwise causes the information to be unavailable.
- 5.2.3 For each CUSTOMER End User that subscribes to a switch based vertical feature providing calling name information to that End User for calls received, BellSouth will launch a query on a per call basis to the BellSouth CNAM database, or, subject to Section 5.2.2 above, to a third party calling name database, to provide calling name information, if available, to CUSTOMER's End User. CUSTOMER shall pay the rates set forth in Exhibits to Attachment 1, on a per query basis, for each query to the BellSouth CNAM database. BellSouth shall charge CUSTOMER the CNAM query charge when CUSTOMER End User subscribes to Caller ID feature with name and number and when BellSouth launches a CNAM query and such query returns the CNAM data.
- 5.2.4 BellSouth currently does not have a billing mechanism for CNAM queries. BellSouth will use commercially reasonable efforts to create the billing mechanism for CNAM queries by December 31, 2005. If as of December 1, 2005, BellSouth has not implemented the billing mechanism for CNAM queries, BellSouth and CUSTOMER shall cooperate to perform a study to determine the average number of queries launched by CUSTOMER End User with Caller ID with name and number and such number, not to exceed 256, shall be used as a surrogate for the number of queries launched per CUSTOMER's End User with Caller ID name and number per month. Through December 31, 2005, or until BellSouth develops a

billing mechanism for CNAM queries, whichever comes first, BellSouth shall bill CUSTOMER at the applicable rates set forth in Attachment 1 based on a surrogate of 256 database queries per month per CUSTOMER's End User with the Caller ID feature. Such charges shall not be subject to true up or retroactive billing for any of CUSTOMER's End User.

5.3 BellSouth's Line Information Database (LIDB) Storage

5.3.1 The LIDB stores current information on working telephone numbers and billing account numbers. LIDB data is used by providers of Telecommunications Services to validate billing of collect calls, calls billed to a third party number and nonproprietary calling card calls, to screen out attempts to bill calls to payphones, for billing and for fraud prevention.

5.3.2 Where CUSTOMER purchases DS0 Wholesale Switch Port Services or DS0 Wholesale Local Voice Platform Services, BellSouth shall utilize BellSouth's service order generated from CUSTOMER's LSR to populate LIDB with CUSTOMER's End User information. BellSouth provides access to information in its LIDB, including CUSTOMER End User information, to various providers of Telecommunications Services via queries to LIDB pursuant to tariffs. Information stored for CUSTOMER, pursuant to this Agreement, shall be available to those Telecommunications Service providers.

5.3.2.1 When necessary for fraud control measures, BellSouth may perform additions, updates and deletions of CUSTOMER data to the LIDB (e.g., calling card deactivation).

5.3.2.2 BellSouth shall provide priority updates to LIDB for CUSTOMER data upon CUSTOMER's request (e.g., to support fraud detection), via password protected telephone card, facsimile, or electronic mail.

5.3.2.3 BellSouth shall perform periodic backup and recovery of all of CUSTOMER's data in LIDB.

5.3.3 Responsibilities of the Parties

5.3.3.1 BellSouth will administer the data provided by CUSTOMER pursuant to this Agreement in the same manner as BellSouth administers its own data.

5.3.3.2 CUSTOMER is responsible for the completeness and accuracy of the data being provided to BellSouth.

5.3.4 Other LIDB services, such as transport services or LIDB query services, are available pursuant to BellSouth's tariffs.

5.3.5 Fees for Service and Taxes

- 5.3.5.1 CUSTOMER will not be charged a fee for LIDB storage Services provided by BellSouth to CUSTOMER pursuant to this Agreement.
- 5.3.6 Billing and Collection Customers
- 5.3.6.1 BellSouth currently has in effect billing and collection (“B&C”) agreements with various interexchange carriers and billing clearinghouses (“B&C Customers”) that query BellSouth’s LIDB to determine whether to accept various billing options from BellSouth’s End Users.
- 5.3.6.2 BellSouth will identify CUSTOMER’s End User originated long distance charges and upon receipt of charges applicable to CUSTOMER’s End Users, BellSouth will reject those charges as not covered by the existing B&C agreement with the B&C Customers.
- 5.3.6.3 BellSouth shall have no obligation to become involved in or provide any information relating to any billing disputes between CUSTOMER and the B&C Customers. It shall be the responsibility of CUSTOMER and the B&C Customers to negotiate and arrange for any appropriate adjustments.
- 5.4 Automatic Location Identification/Data Management System (ALI/DMS) Database-911/E911 Services
- 5.4.1 Basic 911 Services (911) and Enhanced 911 Services (E911) route 911 calls from within the BellSouth Network. BellSouth shall provide 911 and E911 capability for each End User of CUSTOMER’s DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services in accordance with the provisions below where BellSouth is the 911 or E911 provider.
- 5.4.2 911 provides routing of a 911 call to a centralized answering location designated by the PSAP. The End User orally relays the emergency information to the centralized answering location.
- 5.4.3 E911, through the ALI/DMS database, routes the call to the appropriate PSAP and displays to the PSAP the address associated with the End User’s telephone number.
- 5.4.4 CUSTOMER shall be responsible for providing complete and accurate End User information to BellSouth via LSRs. BellSouth shall use such information to populate and update the ALI/DMS database at no additional charge to CUSTOMER.
- 5.4.5 CUSTOMER is responsible for paying all 911 or E911 surcharges to the applicable governmental agency, and BellSouth will not bill CUSTOMER for such 911 or E911 surcharges.

6. Local Number Portability (LNP)

- 6.5 LNP will be provided in accordance with rules, regulations and guidelines adopted by the Commission, the FCC and industry fora, and CUSTOMER will work cooperatively with BellSouth to implement any LNP changes.
- 6.6 When CUSTOMER submits an LSR for Services, if the telephone number associated with the Services requested resides in a switch other than BellSouth's, then BellSouth will submit an LNP LSR to the appropriate switch owner. CUSTOMER shall be responsible for reimbursing BellSouth for any costs or charges imposed on BellSouth by the switch owner resulting from the submission of the LNP LSR. In addition, CUSTOMER shall pay to BellSouth the manual service order charges specified in Exhibit B of Attachment 2 of this Agreement for BellSouth's creation and submission of the LNP LSR to the appropriate switch owner.
- 6.7 For each DS0 Wholesale Switch Port Service or DS0 Wholesale Local Voice Platform Service purchased hereunder, CUSTOMER shall pay the end user line charge associated with implementing LNP as set forth in BellSouth's FCC Tariff No. 1.
- 6.8 Working telephone numbers, telephone numbers for which payment has been made to reserve and telephone numbers that are in a denied state (but not disconnected) or suspended status may be subject to porting.

7. Access to Numbers

- 7.1 Where BellSouth provides DS0 Wholesale Switch Port Service or DS0 Wholesale Local Voice Platform Services to CUSTOMER, BellSouth will provide CUSTOMER with online access to available telephone numbers as defined by, and in accordance with, applicable FCC rules and regulations on a first come first served basis. CUSTOMER may designate up to a forecasted six (6) months supply of available numbers as intermediate (an available number provided to CUSTOMER) telephone numbers per rate center if the following conditions are met:
- 7.1.1 CUSTOMER must: (1) indicate that all of the intermediate numbers currently held by CUSTOMER in each rate center where CUSTOMER will be requesting intermediate telephone numbers have six (6) or less months to exhaust; (2) supply projected monthly telephone number demand on a rate center basis for the coming twelve (12) months for each rate center where CUSTOMER will be requesting intermediate telephone numbers; and, (3) demonstrate that the utilization level on current intermediate numbers held by CUSTOMER in the rate center where CUSTOMER is requesting telephone numbers has reached at least 70%. The above information will be provided by CUSTOMER by submitting to BellSouth a fully completed "CO Code Assignments Months To Exhaust Certification

Worksheet – TN Level” (“MTE Worksheet”), Appendix B to the Central Office Code (NXX) Assignments Guidelines, INC 95-0407-008 for each rate center where CUSTOMER will be requesting intermediate telephone numbers. The utilization level is calculated by dividing all intermediate numbers currently assigned by CUSTOMER to End Users by the total number of intermediate numbers held by CUSTOMER in the rate center and multiplying the result by one hundred (100). After June 30, 2004, rate center utilization level must be at 75% (Part F of the MTE Worksheet).

- 7.1.2 If fulfilling CUSTOMER’s request for intermediate numbers results in BellSouth having to submit a request for additional telephone numbers to a national numbering administrator (either the North American Numbering Plan Administration (NANPA) CO Code Administration or NeuStar Pooling Administration or their successors), BellSouth will submit the required numbering request to the national numbering administrator to satisfy CUSTOMER’s request for intermediate numbers. BellSouth will also pursue all appropriate steps (including submitting a safety valve request (petition) to the appropriate Commission if the numbering request is denied by the national administrator) to satisfy CUSTOMER’s request for intermediate numbers. In these cases, BellSouth is not obligated to fulfill the request by CUSTOMER for intermediate numbers unless, and until, BellSouth’s request for additional numbering resources is granted.
- 7.1.3 CUSTOMER agrees to supply supporting information for any numbering request and/or safety valve request that BellSouth files pursuant to Section 7.1.2 above.
- 7.2 CUSTOMER acknowledges that there may be instances where there is an industry shortage of available telephone numbers in the Numbering Plan Area (NPA). These instances occur where a jeopardy status has been declared by NANPA and the industry has determined that limiting the assignment of new numbers is the appropriate method to employ until the jeopardy can be alleviated. In such NPA jeopardy situations where assignment of new numbers is restricted as per the jeopardy guidelines developed by the industry, BellSouth may request that CUSTOMER cancel all or a portion of its unassigned intermediate numbers. CUSTOMER’s consent to BellSouth’s request shall not be unreasonably withheld.

8. Optional Daily Usage File

- 8.1 BellSouth will continue to provide the Optional Daily Usage File (ODUF) Services to CUSTOMER, using the same processes in place upon execution of this Agreement, pursuant to the terms and conditions set forth in this section.
- 8.2 CUSTOMER shall furnish all relevant information required by BellSouth for the provision of the ODUF.

- 8.3 The ODUF feed provides CUSTOMER messages, associated with DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services that CUSTOMER has purchased from BellSouth that were carried over the BellSouth network and processed by BellSouth for CUSTOMER.
- 8.4 Charges for the ODUF Service will appear on CUSTOMER's monthly bills for the previous month's usage in arrears. The charges are as set forth in the Exhibits to Attachment 1.
- 8.5 The ODUF feed will contain both rated and unrated messages. All messages will be in the standard Alliance for Telecommunications Industry Solutions (ATIS) EMI record format.
- 8.6 Messages that error in the billing system of CUSTOMER will be the responsibility of CUSTOMER. If, however, CUSTOMER should encounter significant volumes of errored messages that prevent processing by CUSTOMER within its systems, BellSouth will work with CUSTOMER to determine the source of the errors and the appropriate resolution.
- 8.7 ODUF Specifications
- 8.7.1 ODUF Messages to be Transmitted
- 8.7.1.1 The following messages recorded by BellSouth will be transmitted to CUSTOMER:
- 8.7.1.1.1 Message recording for per use/per activation type services (examples: Three-Way Calling, Verify, Interrupt, Call Return, etc.)
- 8.7.1.1.2 Measured local calls
- 8.7.1.1.3 Directory Assistance messages
- 8.7.1.1.4 IntraLATA Toll
- 8.7.1.1.5 WATS and 800 Service
- 8.7.1.1.6 N11
- 8.7.1.1.7 Information Service Provider Messages
- 8.7.1.1.8 Operator Services Messages
- 8.7.1.1.9 Operator Services Message Attempted Calls
- 8.7.1.1.10 Credit/Cancel Records

- 8.7.1.1.11 Usage for Voice Mail Message Service
- 8.7.1.2 Rated Incollects (messages BellSouth receives from other revenue accounting offices) also appear on ODUF. Rated Incollects will be intermingled with BellSouth recorded rated and unrated usage. Rated Incollects will not be packed separately.
- 8.7.1.3 BellSouth will perform duplicate record checks on records processed to ODUF. Any duplicate messages detected will be deleted and not sent to CUSTOMER.
- 8.7.1.4 In the event that CUSTOMER detects a duplicate on ODUF they receive from BellSouth, CUSTOMER will drop the duplicate message and will not return the duplicate to BellSouth.
- 8.7.2 ODUF Physical File Characteristics
 - 8.7.2.1 ODUF shall be provided via CONNECT:Direct, and data circuits (private line or dial-up) will be required between BellSouth and CUSTOMER for the purpose of data transmission. The Parties shall use the existing CONNECT:Direct circuits established between each other pursuant to a separate agreement.
- 8.7.3 ODUF Packing Specifications
 - 8.7.3.1 The data will be packed using ATIS EMI records. A pack will contain a minimum of one message record or a maximum of 99,999 message records plus a pack header record and a pack trailer record. One transmission can contain a maximum of 99 packs and a minimum of one pack.
 - 8.7.3.2 The OCN, From RAO, and Invoice Number will control the invoice sequencing. The From RAO will be used to identify to CUSTOMER which BellSouth RAO is sending the message. BellSouth and CUSTOMER will use the invoice sequencing to control data exchange. CUSTOMER will notify BellSouth of sequence failures identified by CUSTOMER and BellSouth will resend the data as appropriate.
- 8.7.4 ODUF Pack Rejection
 - 8.7.4.1 CUSTOMER will notify BellSouth within one business day of rejected packs (via the mutually agreed medium). Packs could be rejected because of pack sequencing discrepancies or a critical edit failure on the Pack Header or Pack Trailer records (e.g. out-of-balance condition on grand totals, invalid data populated). Standard ATIS EMI error codes will be used. CUSTOMER will not be required to return the actual rejected data to BellSouth. Rejected packs will be corrected and retransmitted to CUSTOMER by BellSouth.
- 8.7.5 ODUF Control Data

8.7.5.1 CUSTOMER will send one confirmation record per pack that is received from BellSouth. This confirmation record will indicate CUSTOMER's receipt of the pack and acceptance or rejection of the pack. Pack Status Code(s) will be populated using standard ATIS EMI error codes for packs that were rejected by CUSTOMER for reasons stated in the above section.

8.7.6 ODUF Testing

8.7.6.1 Upon request from CUSTOMER, BellSouth shall send ODUF test files to CUSTOMER. The Parties agree to review and discuss the ODUF content and/or format. For testing of usage results, BellSouth shall request that CUSTOMER set up a production (live) file. The live test may consist of CUSTOMER's employees making test calls for the types of services CUSTOMER requests on ODUF. These test calls are logged by CUSTOMER, and the logs are provided to BellSouth. These logs will be used to verify the files. Testing will be completed within thirty (30) calendar days from the date on which the initial test file was sent.

9. Access Daily Usage File

9.1 ADUF shall be provided via CONNECT:Direct, and data circuits (private line or dial-up) will be required between BellSouth and CUSTOMER for the purpose of data transmission. The Parties shall use the existing CONNECT; Direct circuits established between each other pursuant to a separate agreement.

9.2 CUSTOMER shall furnish all relevant information required by BellSouth for the provision of ADUF Services.

9.3 The ADUF provides CUSTOMER originating and terminating access and third party messages associated with DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services that CUSTOMER has purchased from BellSouth.

9.4 Charges for ADUF Services will appear on CUSTOMER's monthly bills for the previous month's usage in arrears. The charges are as set forth in Exhibit B to this Attachment.

9.5 Messages that error in the billing system of CUSTOMER will be the responsibility of CUSTOMER. If, however, CUSTOMER should encounter significant volumes of errored messages that prevent processing by CUSTOMER within its systems, BellSouth will work with CUSTOMER to determine the source of the errors and the appropriate resolution.

9.6 ADUF Messages to Be Transmitted

9.6.1 The following messages recorded by BellSouth will be transmitted to CUSTOMER:

- 9.6.1.1 Recorded originating and terminating interstate and intrastate access records associated with DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services.
- 9.6.1.2 Recorded terminating access records for undetermined jurisdiction access records associated with DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services.
- 9.6.2 BellSouth will perform duplicate record checks on records processed to ADUF. Any duplicate messages detected will be dropped and not sent to CUSTOMER.
- 9.6.3 In the event that CUSTOMER detects a duplicate on ADUF they receive from BellSouth, CUSTOMER will drop the duplicate message and will not return the duplicate to BellSouth.
- 9.6.4 ADUF Physical File Characteristics
- 9.6.4.1 ADUF will be distributed to CUSTOMER via Secure FTP Mailbox. The ADUF feed will be a fixed block format. The data on the ADUF feed will be in a non-compacted EMI format (210 bytes). It will be created on a daily basis Monday through Friday except holidays. Details such as dataset name and delivery schedule will be addressed during negotiations of the distribution medium. There will be a maximum of one dataset per workday per OCN. If BellSouth determines the Secure FTP Mailbox is nearing capacity levels, BellSouth may move the CUSTOMER to CONNECT:Direct file delivery.
- 9.6.4.2 If the CUSTOMER is moved to CONNECT:Direct, data circuits (private line or dial-up) will be required between BellSouth and CUSTOMER for the purpose of data transmission. Where a dedicated line is required, CUSTOMER will be responsible for ordering the circuit, overseeing its installation and coordinating the installation with BellSouth. CUSTOMER will also be responsible for any charges associated with this line. Equipment required on the BellSouth end to attach the line to the mainframe computer and to transmit messages successfully on an ongoing basis will be negotiated on an individual case basis. Any costs incurred for such equipment will be CUSTOMER's responsibility. Where a dial-up facility is required, dial circuits will be installed in the BellSouth data center by BellSouth and the associated charges assessed to CUSTOMER. Additionally, all message toll charges associated with the use of the dial circuit by CUSTOMER will be the responsibility of CUSTOMER. Associated equipment on the BellSouth end, including a modem, will be negotiated on an individual case basis between the Parties. All equipment, including modems and software, that is required on CUSTOMER's end for the purpose of data transmission will be the responsibility of CUSTOMER.

- 9.6.4.3 If CUSTOMER utilizes FTP for data file transmission, purchase of the FTP software will be the responsibility of CUSTOMER.
- 9.6.5 ADUF Packing Specifications
- 9.6.5.1 The data will be packed using ATIS EMI records. A pack will contain a minimum of one message record or a maximum of 99,999 message records plus a pack header record and a pack trailer record. One transmission can contain a maximum of 99 packs and a minimum of one pack.
- 9.6.5.2 The OCN, From RAO, and Invoice Number will control the invoice sequencing. The From RAO will be used to identify to CUSTOMER which BellSouth RAO is sending the message. BellSouth and CUSTOMER will use the invoice sequencing to control data exchange. CUSTOMER will notify BellSouth of sequence failures identified by CUSTOMER and BellSouth will resend the data as appropriate.
- 9.6.6 ADUF Pack Rejection
- 9.6.6.1 CUSTOMER will notify BellSouth within one business day of rejected packs (via the mutually agreed medium). Packs could be rejected because of pack sequencing discrepancies or a critical edit failure on the Pack Header or Pack Trailer records (e.g. out-of-balance condition on grand totals, invalid data populated). Standard ATIS EMI error codes will be used. CUSTOMER will not be required to return the actual rejected data to BellSouth. Rejected packs will be corrected and retransmitted to CUSTOMER by BellSouth.
- 9.6.7 ADUF Control Data
- 9.6.7.1 CUSTOMER will send one confirmation record per pack that is received from BellSouth. This confirmation record will indicate CUSTOMER's receipt of the pack and acceptance or rejection of the pack. Pack Status Code(s) will be populated using standard ATIS EMI error codes for packs that were rejected by CUSTOMER for reasons stated in the above section.
- 9.6.8 ADUF Testing
- 9.6.8.1 Upon request from CUSTOMER, BellSouth shall send a test file of generic data to CUSTOMER via CONNECT:Direct or Text File via e-mail. The Parties agree to review and discuss the test file's content and/or format.

10. CMDS Utilizing RAO Hosting

10.1 Definitions

- 10.1.1 Centralized Message Distribution System (CMDS) is a national message exchange system administered by Telcordia Technologies ("Telcordia") used to transmit

alternately billed calls (e.g., credit card, third number and collect) from the Earning Company, as defined herein, to the Billing Company, as defined herein, to permit the Earning Company and the Billing Company to receive appropriate compensation.

- 10.1.2 Direct Participants are Telecommunications carriers that exchange data directly with other Direct Participants via the CMDS Data Center and may act as host companies (“Host”) for those Telecommunications carriers that do not exchange data directly via the CMDS Data Center (“Indirect Participants”).
- 10.1.3 Revenue Accounting Office (RAO) Hosting is a hosting relationship where an Indirect Participant sends and receives CMDS eligible messages to and from its Host, who then interfaces, on behalf of the Indirect Participant, with other Direct Participants for distribution and collection of these messages. RAO Hosting also includes the Direct Participant’s provision of revenue settlements functions (compensation) for alternately billed calls based upon reports generated by Credit Card and Third Number Settlement (CATS) and Non-InterCompany Settlement (NICS) as described herein. CATS and NICS are collectively referred to as InterCompany Settlements.
- 10.1.4 The CATS System is a national system administered by Telcordia, used to settle revenues for calls that are sent from one CMDS Direct Participant to another for billing. CATS applies to calls that originate within one Regional Bell Operating Company’s (RBOC) territory, as defined at Divestiture, and bill in another RBOC’s territory. CATS calculates the amounts due to Earning Companies (i.e. billed revenue less the billing and collection fee). For alternately billed calls, the originating company, whose facilities are used to place the call, is the Earning Company and the company that puts the charges on the End User’s bill is the Billing Company.
- 10.1.5 The Non-InterCompany Settlement (NICS) System is the national system administered by Telcordia that is used in the settlement of revenues for calls that are originated and billed by two different local exchange carriers (LEC) within a single Direct Participant’s territory to another for billing. NICS applies to calls involving another LEC where the Earning Company and the Billing Company are located within BellSouth’s territory.
- 10.2 Upon CUSTOMER’s request, BellSouth, as a Direct Participant, shall provide RAO Hosting Services to CUSTOMER, as an Indirect Participant, as set forth herein.
- 10.2.1 Where CUSTOMER selects BellSouth as its RAO Host for the delivery of InterCompany Settlements messages, CUSTOMER must request that BellSouth establish a unique hosted RAO code for CUSTOMER. Such request shall be in writing to the BellSouth RAO Hosting coordinator and must be submitted at least

eight (8) weeks prior to provision of Services pursuant to this Section. Services shall commence on a date mutually agreed to by the Parties.

- 10.2.2 BellSouth will record CUSTOMER's End User messages and forward such messages to CUSTOMER via the ODUF in Exchange Message Interface (EMI) format. CUSTOMER must rate the messages and forward them to BellSouth, as its RAO Host, for distribution to the Billing Company via CMDS. BellSouth will deliver such messages for CUSTOMER through CMDS and will bill CUSTOMER for CMDS on a per message basis as set forth in Exhibit B of this Attachment. CUSTOMER must follow all Telcordia message exchange standards to send and receive the above referenced NICS and CATS settlements.
- 10.2.3 BellSouth will receive messages from CUSTOMER that are to be processed by BellSouth, another LEC in the BellSouth region or a LEC outside the BellSouth region. CUSTOMER must send all messages to BellSouth no later than eighty nine (89) days after the message date or Telcordia will reject the entire pack.
- 10.2.4 RAO Hosting, CATS and NICS Services provided to CUSTOMER by BellSouth will be in accordance with the methods and practices regularly applied by BellSouth to its own operations during the term of this Agreement, including such revisions as may be made from time to time by BellSouth.
- 10.2.5 CUSTOMER shall furnish all relevant information required by BellSouth for the provision of RAO Hosting, CATS and NICS.
- 10.2.6 BellSouth will perform invoice sequence checking, standard EMI format editing, and balancing of message data with the EMI trailer record counts on all data received from CUSTOMER. All messages and related data exchanged between BellSouth and CUSTOMER will be formatted for EMI formatted records and packed between appropriate EMI header and trailer records in accordance with accepted industry standards.
- 10.2.7 All data received from CUSTOMER that is to be processed or billed by another LEC within the BellSouth region will be distributed to that LEC in accordance with the agreement(s) in effect between BellSouth and the involved LEC.
- 10.2.8 All data received from CUSTOMER that is to be placed on the CMDS network for distribution outside the BellSouth region will be handled in accordance with the agreement(s) in effect between BellSouth and its connecting contractor, currently Telcordia.
- 10.2.9 BellSouth will receive messages from the CMDS network that are destined to be processed by CUSTOMER and will forward them to CUSTOMER on a daily basis for processing.

- 10.2.10 CMDS data between BellSouth and CUSTOMER will be distributed via Secure FTP Mailbox. It will be created on a daily basis Monday through Friday, except holidays. Details such as dataset name and delivery schedule will be addressed during negotiations of the distribution medium. If BellSouth determines the Secure FTP Mailbox is nearing capacity levels, BellSouth may move CUSTOMER to CONNECT:Direct file delivery.
- 10.2.11 If CUSTOMER is moved to CONNECT:Direct, data circuits (private line or dial-up) will be required between BellSouth and CUSTOMER for the purpose of data transmission when utilizing CONNECT:Direct. Where a dedicated line is required, CUSTOMER will be responsible for ordering the circuit, overseeing its installation and coordinating the installation with BellSouth. CUSTOMER will also be responsible for any charges associated with this line. Equipment required on the BellSouth end to attach the line to the mainframe computer and to transmit successfully ongoing will be negotiated on an individual case basis. Any costs incurred for such equipment will be CUSTOMER's responsibility. Where a dial-up facility is required, dial circuits will be installed in the BellSouth data center by BellSouth and the associated charges assessed to CUSTOMER. Additionally, all message toll charges associated with the use of the dial circuit by CUSTOMER will be the responsibility of CUSTOMER. Associated equipment on the BellSouth end, including a modem, will be negotiated on an individual case basis between the Parties. All equipment, including modems and software, that is required on the CUSTOMER end for the purpose of data transmission will be the responsibility of CUSTOMER.
- 10.2.12 If CUSTOMER utilizes FTP for data file transmission, purchase of the FTP software will be the responsibility of CUSTOMER.
- 10.2.13 CUSTOMER will maintain recorded message detail necessary to recreate files provided to BellSouth for a period of three (3) calendar months beyond the related message dates.
- 10.2.14 In the event that data to be exchanged between CUSTOMER and BellSouth via CMDS should become lost or destroyed, the Party responsible for creating the data will make every effort to restore and retransmit such data. Should an error be detected by the EMI format edits performed by BellSouth on data received from CUSTOMER, the entire pack containing the affected data will not be processed by BellSouth. BellSouth will notify CUSTOMER of the error. CUSTOMER will correct the error(s) and will resend the entire pack to BellSouth for processing. In the event that an out-of-sequence condition occurs on subsequent packs, CUSTOMER will resend these packs to BellSouth after the pack containing the error has been successfully reprocessed by BellSouth.

10.3 Intercompany Settlements Messages

- 10.3.1 BellSouth will receive the monthly NICS and CATS reports from Telcordia on behalf of CUSTOMER and will distribute copies of these reports to CUSTOMER on a monthly basis.
- 10.3.2 Through CATS BellSouth will collect the revenue earned by CUSTOMER from the RBOC in whose territory the messages are billed, less a per message billing and collection fee of five cents (\$0.05), or such other amount as may be approved by the Direct Participants and Telcordia, on behalf of CUSTOMER. BellSouth will remit the revenue billed by CUSTOMER to the RBOC in whose territory the messages originated, less a per message billing and collection fee of five cents (\$0.05), or such other amount as may be approved by the Direct Participants and Telcordia, on behalf of CUSTOMER. These two amounts will be netted together by BellSouth and the resulting charge or credit issued to CUSTOMER via a Carrier Access Billing System (CABS) miscellaneous bill on a monthly basis in arrears.
- 10.3.3 Through NICS BellSouth will collect the revenue earned by CUSTOMER within the BellSouth territory from another LEC also within the BellSouth territory (NICS) where the messages are billed, less a per message billing and collection fee of five cents (\$0.05), on behalf of CUSTOMER. BellSouth will remit the revenue billed by CUSTOMER within the BellSouth region to the LEC also within the BellSouth region, where the messages originated, less a per message billing and collection fee of five cents (\$0.05). These two amounts will be netted together by BellSouth and the resulting charge or credit issued to CUSTOMER via a CABS miscellaneous bill on a monthly basis in arrears.
- 10.3.4 BellSouth and CUSTOMER agree that monthly-netted amounts of less than fifty dollars (\$50.00) will not be settled.

11. Rates

- 11.1 For ODUF, ADUF and CMDS rates are as set forth in Exhibit B to this Attachment.

ORDERING, PROVISIONING AND MAINTENANCE AND REPAIR

1. Guidelines

- 1.1 The guidelines for ordering, provisioning and maintenance and repair are set forth in Exhibit A hereto. The initial interface for these functions on April 1, 2005, shall be the same as the interface used by CUSTOMER on March 31, 2005, for local switching under a previous arrangement.
- 1.2 BellSouth shall provide CUSTOMER ordering, provisioning and maintenance and repair capabilities through manual and electronic interfaces as described in this Attachment ("Interfaces"). It is the sole responsibility of CUSTOMER to obtain the technical capability to access and utilize BellSouth's Interfaces as they may be modified from time to time. CUSTOMER's use of BellSouth's Interfaces shall be in accordance with the applicable guides, business rules and specifications set forth in Exhibit A hereto.
- 1.3 Notwithstanding anything to the contrary in any guides, business rules or other specifications, listed or referenced in Exhibit A, CUSTOMER shall have no right to submit requests, vote on issues, or otherwise participate in BellSouth's Change Control Process with respect to the Services hereunder; provided, however, that BellSouth shall announce proposed OSS changes affecting the Service at the CCP forum or equivalent all-CLEC meeting, and respond to CUSTOMER questions about the proposed changes.. To the extent necessary, CUSTOMER, shall submit issues regarding system interfaces and enhancements, documentation defects and process changes to a designated BellSouth single point of contact, which will present such issues to be addressed in the appropriate forum for resolution. For CUSTOMER affecting changes that relate to the Services, BellSouth shall provide CUSTOMER with reasonable notification of OSS changes to include release management and implementation to allow CUSTOMER to modify its interfaces. Such notification shall follow that as documented in BellSouth's Change Control Process, as amended from time to time.
- 1.4 BellSouth shall not make any change to the OSS interface without providing CUSTOMER notice and an opportunity to object to such changes as provided for in this Agreement. CUSTOMER shall avail itself of such opportunity to object to the change and CUSTOMER shall make commercially reasonable efforts to accommodate the change. If after CUSTOMER's efforts, to the extent not due to CUSTOMER's gross negligence or willful misconduct, such BellSouth change renders CUSTOMER's systems technically incapable of submitting or receiving electronic transactions for the Service , such action of the change, shall be deemed to be a material breach of this Agreement, subject to the notice and cure provisions

of Section 3.4 of the General Terms and Conditions, unless the change was ordered by a governmental authority with competent jurisdiction.

2. Access to CSR Information

- 2.1 CUSTOMER agrees to grant BellSouth a blanket Letter of Authority (LOA) to obtain access the Customer Service Records (CSR) for CUSTOMER'S End Users served under this agreement. BellSouth agrees not to view, copy, or otherwise obtain access to the CSR information of any CUSTOMER'S End User without that End User's permission. BellSouth will obtain access to CSR information only in strict compliance with applicable laws, rules, or regulations of the state in which the service is provided.

3. Ordering

- 3.1 CUSTOMER shall place orders for Services by submitting a local service request ("LSR") to BellSouth. BellSouth shall bill CUSTOMER an electronic service order charge as specified in Exhibit C hereto for each LSR submitted by means of an electronic Interface. BellSouth shall bill CUSTOMER a manual service order charge as specified in Exhibit C hereto for each LSR submitted by means other than the electronic Interfaces (e.g. mail, fax, courier, etc.). An individual LSR will be identified for billing purposes by its Purchase Order Number ("PON"). LSRs for products other than Services provided for pursuant to this Agreement will be submitted, provisioned, billed for and paid for under the rates, terms, and conditions in the applicable tariff or separate agreement.
- 3.2 CUSTOMER may submit an LSR to request that an End User's service be temporarily withheld or denied, or restored. Alternatively, CUSTOMER may submit a list of such End Users if CUSTOMER provides a separate PON for each location on the list. Each location will be billed as a separate LSR.
- 3.3 BellSouth will bill the electronic or manual service order charge, as applicable, for an LSR, regardless of whether that LSR is later supplemented, clarified or cancelled.
- 3.4 Notwithstanding the foregoing, BellSouth will not bill the electronic or manual service order charges for supplements to any LSR submitted to clarify, correct, change or cancel a previously submitted LSR.
- 3.5 LSRs submitted pursuant to this Agreement and placed in hold or pending status by CUSTOMER will be held for a maximum of thirty (30) days from the date the LSR is placed on hold. After such thirty (30) day period, CUSTOMER shall be required to submit a new LSR. LSRs that is not complete and correct ("valid") will be returned to CUSTOMER for correction or clarification and will be held for thirty (30) days. If CUSTOMER does not return a supplement to create a valid LSR within thirty (30) days, BellSouth will cancel the invalid LSR.

4. Provisioning

- 4.1 BellSouth shall provision Services during its regular working hours. To the extent CUSTOMER requests provisioning of Service requiring dispatch to be performed outside BellSouth's regular working hours, the overtime charges pursuant to BellSouth's standard time and materials charges shall apply. Notwithstanding the foregoing, if such work is performed outside of regular working hours by a BellSouth technician or Project Manager during his or her scheduled shift and BellSouth does not incur any overtime charges in performing the work on behalf of CUSTOMER, BellSouth will not assess overtime charges. To the extent CUSTOMER requests project management for provisioning of Services under this Agreement, additional charges may apply and shall be negotiated by the Parties.
- 4.2 In the event BellSouth must dispatch to the End User's location more than once due to incorrect or incomplete information provided by CUSTOMER (e.g., incomplete address, incorrect contact name/number, etc.), BellSouth will bill CUSTOMER for each additional dispatch required to provision the Service due to the incorrect/incomplete information provided. BellSouth will assess the applicable Trouble Determination rates pursuant to BellSouth's applicable time and materials charges.
- 4.3 Cancellation Charges. If CUSTOMER cancels an LSR subsequent to BellSouth's generation of a service order, any costs incurred by BellSouth in conjunction with the provisioning of Services as requested on the cancelled LSR will be recovered in accordance with the cancellation methodology set forth in Exhibit B.
- 4.4 Service Date Advancement Charges (a.k.a. Expedites). Service Date Advancement charges will apply where CUSTOMER requests that Services be provisioned prior to the due date provided by BellSouth, and where BellSouth agrees to an expedited provisioning time frame. Charges shall be as set forth in Exhibit C.

5. Maintenance and Repair

- 5.1 BellSouth will make Interfaces available to CUSTOMER for the purpose of reporting and monitoring service troubles. CUSTOMER's use of BellSouth's maintenance and repair Interfaces shall be in accordance with the applicable guides, business rules and specifications for maintenance and repair as set forth in Exhibit A hereto.
- 5.2 If CUSTOMER reports a trouble on a DS0 Wholesale Local Voice Platform Service and no trouble actually exists in BellSouth's network, BellSouth will charge CUSTOMER the Trouble Determination and/or Trouble Isolation charges, as appropriate, pursuant to BellSouth's standard time and materials charges for any required by BellSouth in order to confirm the Service's working status. If CUSTOMER has subscribed to ISW Service for the line associated with the DS0

Wholesale Local Voice Platform Service, the Trouble Determination and/or Trouble Isolation charges shall not be applied.

- 5.3 In the event BellSouth must dispatch to the End User's location more than once due to incorrect or incomplete information provided by CUSTOMER (e.g., incomplete address, incorrect contact name/number, etc.), BellSouth will bill CUSTOMER for each additional dispatch required to repair the Service due to the incorrect/incomplete information provided. BellSouth will assess the applicable Trouble Determination rates pursuant to BellSouth's standard time and materials charges.

6. Miscellaneous

- 6.1 Single Point of Contact. CUSTOMER will be the single point of contact with BellSouth for ordering activity pursuant to this Agreement, except that BellSouth may accept a request directly from another CLEC, or from BellSouth, acting with authorization of the affected End User, to disconnect the Services provided hereunder in order to permit the End User to change service providers, as described in Section 6.3 below. CUSTOMER shall execute a blanket letter of authorization with respect to CUSTOMER's ordering activity so that prior proof of End User authorization will not be necessary with every LSR (except in the case of a local service freeze). The Parties shall each be entitled to adopt their own internal processes for verification of End User authorization for requests, provided, however, that such processes shall comply with applicable state and federal law and industry and regulatory guidelines.
- 6.2 Neither BellSouth nor CUSTOMER shall prevent or delay an End User from changing to another carrier because of unpaid bills, denied service, or contract terms.
- 6.3 Use of Facilities. Pursuant to a request from an End User of CUSTOMER, or from another local exchange carrier (LEC), including BellSouth, on behalf of such End User, BellSouth shall have the right to disconnect the Services being used by CUSTOMER to provide Service to that End User and reuse those facilities to enable such other LEC to provide service to that End User. In addition, BellSouth may disconnect and reuse facilities when the Service to the End User has been withheld or denied by CUSTOMER, or by BellSouth in accordance with the terms of this Agreement, and BellSouth has received a request from an End User or another LEC to establish new or additional service at, or to transfer service to, the same address served by that facility. BellSouth will notify CUSTOMER that such a request has been processed after the order disconnecting CUSTOMER's Service to that End User has been completed.
- 6.4 Contact Numbers. The Parties agree to provide one another with toll-free nation-wide (50 states) contact numbers for the purpose of ordering, provisioning and maintenance of Services.

- 6.5 Subscription Functions. In cases where BellSouth performs subscription functions for an interexchange carrier (IXC) (i.e., where BellSouth changes the End User Preferred Interexchange Carrier (PIC) and End User Local Preferred Interexchange Carrier (LPIC) via Customer Account Record Exchange (CARE)), BellSouth will provide the affected IXCs with the Operating Company Number (OCN) of CUSTOMER for the purpose of obtaining End User billing account and other End User information required under subscription requirements.
- 6.6 PIC and LPIC Charges. When CUSTOMER's End User, served utilizing DS0 Wholesale Local Voice Platform Services or DS0 Wholesale Switch Port Services, changes its PIC or LPIC, and per BellSouth's FCC or state tariff, the IXC elects to charge the End User the PIC or LPIC change charge, BellSouth will bill the PIC or LPIC change charge to CUSTOMER, which has the billing relationship with that End User, and CUSTOMER may pass such charge to the End User.

7. **Rates**

Unless otherwise specified herein, charges for the use of BellSouth's Interfaces, and other charges applicable to preordering, ordering, provisioning and maintenance and repair, shall be as set forth in Exhibit C to this Attachment. In the event CUSTOMER modifies the rates or rate structure for use of BellSouth's manual or electronic interfaces in any other agreement with BellSouth, then upon BellSouth's request, CUSTOMER shall amend this Agreement to reflect the same rates or rate structure. In the state of Tennessee, manual service order charges shall apply on a per element, non-recurring basis as identified in Exhibit A of Attachment 1 in lieu of the per LSR manual service order charge set forth in Exhibit C hereto.

Guides, Business Rules and Specifications

The applicable guides, business rules and specifications are set forth on the BellSouth Interconnection Services web site and include, but are not limited to, the following:

BellSouth Local Ordering Handbook (LOH) (No Document #)
CLEC Billing Guide (No Document #)
CLEC Service Order Tracking System (CSOTS) User Guide GC-SOTS-002
CLEC Trouble Analysis Facilitation Interface (TAFI) User Guide (No Document #)
CLEC Universal Service Order Code (USOC) Manual RG-USOC-102BT
Electronic Communications Trouble Administration (ECTA) Start-Up Guide (No Document #)
Electronic Data Interchange (EDI) Specifications Guide (No Document #)
Local Exchange Navigation System (LENS) User Guide (No Document #)
Operational Understanding CG-OPEU-001, Issue 5
Telecommunications Access Gateway (TAG) User Guide CG-BRUL-001
Operations Support Systems (OSS) Interconnection Volume Guidelines (No Document #)

Cancellation Charge Percentage Matrix

DS0 Wholesale Local Voice Platform Services	Basic Class of Service	Percentage billed if the status of the order is:	Percentage billed if the order is cancelled <i>before the Due Date</i> and the status of the order is:	Percentage billed <i>on or after the Due Date</i> and:	
		PF or AO	PD	The status of the order is MA or PD	The status of the order is CP or PC, <u>or</u> the CD field has been populated with a date
DS0 Wholesale Local Switch Port (Residence)	UEPSR	0%	25%	100%	The order cannot be cancelled because it has been completed. If the CUSTOMER does not want the service, CUSTOMER must send an LSR to disconnect the Service.
DS0 Wholesale Local Switch Port (Business)	UEPSB	0%	25%	100%	
DS0 Wholesale Local Switch Port (PBX)	UEPSP	0%	25%	100%	
DS0 Wholesale Local Voice Platform (Residence)	UEPRX	0%	25%	100%	
DS0 Wholesale Local Voice Platform (Business)	UEPBX	0%	25%	100%	
DS0 Wholesale Local Voice Platform (Coin)	UEPCO	0%	25%	100%	
DS0 Wholesale Local Voice Platform (PBX)	UEPPX	0%	25%	100%	

Note: The Cancellation Charge is calculated by multiplying all the nonrecurring charges associated with the LSR by the applicable percentage set forth above.

Billing

TABLE OF CONTENTS

1. PAYMENT AND BILLING ARRANGEMENTS..... 3

2. BILLING DISPUTES..... 10

BILLING

1. PAYMENT AND BILLING ARRANGEMENTS

- 1.1 Billing. BellSouth will bill CUSTOMER for Services in CABS Billing Output Specification (CBOS) standard format. BellSouth's billing format may change in accordance with applicable industry standards.
- 1.1.1 Subject to Section 5 of the General Terms and Conditions of this Agreement, BellSouth will render bills each month on established bill days for each of CUSTOMER's accounts. If CUSTOMER requests multiple billing media or additional copies of the bills, BellSouth will provide additional bills available through the applicable tariff and at the applicable tariff rate.
- 1.1.2 BellSouth will bill CUSTOMER in advance for all Services to be provided during the ensuing billing period except charges associated with Service usage and nonrecurring charges, which will be billed in arrears. On a per Billing Account Number (BAN) basis, bills shall be rendered monthly on the same date of every month.
- 1.1.3 BellSouth will not perform billing and collection services for CUSTOMER as a result of the execution of this Agreement.
- 1.2 Establishing Accounts. BellSouth will bill for Services using the current wholesale billing accounts established by BellSouth with the CUSTOMER pursuant to a separate agreement between the Parties.
- 1.2.1 If the CUSTOMER wishes to establish new accounts, the following procedures will be used. After submitting a credit profile and deposit, if required, CUSTOMER will provide the appropriate BellSouth advisory team/local contract manager the necessary documentation to enable BellSouth to establish accounts for the Services described in this Agreement. Such documentation shall include the Application for Master Account, if applicable, proof of authority to provide Telecommunications Services, the appropriate Operating Company Numbers ("OCN") for each state as assigned by the National Exchange Carriers Association ("NECA"), Carrier Identification Code ("CIC"), Access Customer Name and Abbreviation ("ACNA"), if applicable, Blanket Letter of Authorization ("LOA"), Misdirected Number form, and a tax exemption certificate, if applicable. Notwithstanding anything to the contrary in this Agreement, CUSTOMER may not order Services under a new account established in accordance with this Section 1.2.1 until thirty (30) days after all information specified in this Section 1.2.1 is received from CUSTOMER. If the customer has already provided this information under a previous agreement, the CUSTOMER will only be required to provide

Application for Master Account, OCN on NECA letterhead and a copy of the Commission certificate to establish a new billing account.

- 1.3 Company Identifiers. If CUSTOMER needs to change, add to, eliminate or convert its company identifiers, OCN(s), ACNAs and other identifying codes (collectively "Company Identifiers") under which it operates when CUSTOMER has already been conducting business utilizing those Company Identifiers, CUSTOMER shall pay all charges as a result of such change, addition, elimination or conversion to the new Company Identifiers. Such charges include, but are not limited to, all time required to make system updates to all of CUSTOMER's End User records, and any other changes to BellSouth systems or CUSTOMER records, and will be handled in a separately negotiated agreement or as otherwise required by BellSouth.
- 1.4 Payment Responsibility. CUSTOMER shall make payment to BellSouth for all Services properly billed, including disputed amounts. BellSouth will not become involved in billing disputes that may arise between CUSTOMER and CUSTOMER's End User.
- 1.5 Payment Due. Payment for billed Services is due on or before the next bill date. If CUSTOMER does not receive BellSouth's bill within eight (8) days of the bill date CUSTOMER may notify its BellSouth billing contact. Upon BellSouth's notification to CUSTOMER of a failure to receive a payment and CUSTOMER's determination that the bill has not been received, CUSTOMER will inform BellSouth of the non-receipt of that particular bill. Although the actual bill date on the bill would not change on such notification, BellSouth shall waive late payment charges and defer normal collections for that payment. Information required to apply payments must accompany the payment. The information must notify BellSouth of Billing Account Numbers (BAN) paid; invoices paid and the amount to be applied to each BAN and invoice (Remittance Information). Payment is considered to have been made when received by BellSouth.
- 1.6 Due Dates. If the payment due date falls on a Sunday or on a holiday that is observed on a Monday, the payment due date shall be the first non-holiday day following such Sunday or holiday. If the payment due date falls on a Saturday or on a holiday which is observed on Tuesday, Wednesday, Thursday, or Friday, the payment due date shall be the last non-holiday day preceding such Saturday or holiday. If payment is not received by the payment due date, a late payment charge, as set forth in Section 1.8, below, shall apply.
- 1.7 Tax Exemption. It is the responsibility of CUSTOMER has to provide BellSouth with a properly completed tax exemption certificate at intervals required by the

Version: 07/07/04

Confidential and proprietary. May not be disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

appropriate taxing authorities. A tax exemption certificate must be supplied for each individual CUSTOMER entity purchasing Services under this Agreement. Upon BellSouth's receipt of a properly completed tax exemption certificate, subsequent billings to CUSTOMER will not include those taxes or fees from which CUSTOMER is exempt. Prior to receipt of a properly completed exemption certificate, BellSouth shall bill, and CUSTOMER shall pay all applicable taxes and fees. In the event that CUSTOMER believes that it is entitled to an exemption from and refund of taxes with respect to the amount billed prior to BellSouth's receipt of a properly completed exemption certificate, BellSouth shall assign to CUSTOMER its rights to claim a refund of such taxes. If applicable law prohibits the assignment of tax refund rights or requires the claim for refund of such taxes to be filed by BellSouth, BellSouth shall after receiving a written request from CUSTOMER and at CUSTOMER's sole expense, pursue such refund claim on behalf of CUSTOMER, provided that CUSTOMER promptly reimburses BellSouth for any costs and expenses incurred by BellSouth in pursuing such refund claim, and provided further that BellSouth shall have the right to deduct any such outstanding costs and expenses from the amount of any refund obtained prior to remitting such refund to CUSTOMER. CUSTOMER shall be solely responsible for the computation, tracking, reporting and payment of all taxes and fees associated with the services provided by CUSTOMER to its End Users.

- 1.8 Late Payment. If any portion of the payment is not received by BellSouth on or before the payment due date as set forth preceding, or if any portion of the payment is received by BellSouth in funds that are not immediately available to BellSouth, then a late payment and/or interest charge, shall be due to BellSouth. The late payment and/or interest charge shall apply to the portion of the payment not received and shall be assessed as set forth below. In addition to any applicable late payment and/or interest charges, CUSTOMER may be charged a fee for all returned checks at the rate set forth below. If a billing dispute is resolved in favor of CUSTOMER and CUSTOMER had paid the disputed amount, the disputed amount shall be credited to CUSTOMER, together with interest at the same rate applicable to late payments. Below is set forth the late payment fee and interest rate fee for each of the BellSouth states:

<u>Jurisdiction</u>	<u>Late Payment Fee Per BAN</u>	<u>Interest Rate</u>
Alabama		
General Subscriber Services Tariff	\$10	1.50%
Florida		
General Subscriber Services Tariff	\$11.85	N/A
Georgia		
General Subscriber Services Tariff	\$9	1.50%
Kentucky

General Subscriber Services Tariff	0	5.00%
Mississippi		
General Subscriber Services Tariff	0	2.00%
North Carolina		
General Subscriber Services Tariff	0	1.00%
South Carolina		
General Subscriber Services Tariff	0	1.5% maximum
Tennessee		
General Subscriber Services Tariff	0	up to 3.0%

1.9 Discontinuing Service to CUSTOMER. The procedures for discontinuing service to CUSTOMER are as follows:

1.9.1 If payment of amounts due as described herein is not received when due or fifteen (15) days from the date of a deposit request in the case of security deposits,, BellSouth may provide written notice to CUSTOMER that additional applications for service may be refused, that any pending orders for service may not be completed, and/or that access to ordering systems may be suspended if payment of such amounts, and all other amounts that become past due before refusal, incomplection or suspension, is not received by BellSouth in the manner set forth in Section 1.5 within seven (7) days following such written notice. In addition, at the same time, BellSouth may provide written notice to the person designated by CUSTOMER to receive notices of noncompliance as provided in the General Terms and Conditions of this Agreement, that BellSouth may, subject to applicable laws and regulations, discontinue the provision of existing services to CUSTOMER if payment of such amounts, and all other amounts that become past due before discontinuance, including requested security deposits, is not received by

BellSouth in the manner set forth in Section 1.5 within thirty (30) days following such written notice.

- 1.9.2 Discontinuance of service on CUSTOMER's account will affect a discontinuance of service to CUSTOMER's End Users. Subject to applicable laws and regulations, CUSTOMER is solely responsible for notifying the End User of the discontinuance of service. If, within seven (7) days after CUSTOMER's services have been discontinued, CUSTOMER pays all past due charges, including late payment charges, outstanding security deposit request amounts if applicable and any applicable restoral charges as set forth in the applicable tariff, then BellSouth will reestablish service for CUSTOMER. If within seven (7) days after CUSTOMER's service has been discontinued and CUSTOMER has failed to pay all past due charges as described above, then CUSTOMER's service will be disconnected.
- 1.10 Deposit Policy.
- 1.10.1 General Terms. BellSouth reserves the reasonable right to secure the accounts of new CLECs (entities with no existing relationship with BellSouth for the purchase of wholesale services as of the Effective Date) and certain existing CLECs (entities with an existing relationship with BellSouth for the purchase of Services as of the Effective Date) with which it has a continuous relationship of less than one (1) year, or that do not otherwise meet the qualifications described in this Section for continuing creditworthiness with a suitable form of security pursuant to this Section.
- 1.10.1.1 With the exception of new CLECs with a D&B credit rating equal to 5A1, BellSouth may secure the accounts of all new CLECs consistent with the terms set forth below. Further, if an existing CLEC has filed for bankruptcy protection within twelve (12) months prior to the Effective Date of this Agreement, BellSouth may treat the existing CLEC, as a new CLEC for purposes of establishing security on its accounts.
- 1.10.2 Initial Determination of Creditworthiness. Upon request, BellSouth may require CUSTOMER to complete the BellSouth Credit Profile which is located on the BellSouth Interconnection Services web site at the following internet address - <http://www.interconnection.bellsouth.com/>, in order to determine whether or not security should reasonably be required, and in what amount. The Parties have discussed CUSTOMER's creditworthiness in accordance with the requirements of this Section and determined that no additional security of any kind is required upon the execution of this Agreement.
- 1.11 Subsequent Determination of Creditworthiness. Subject to a standard of commercial reasonableness, if a material change in the circumstances of CUSTOMER so warrants and/or gross monthly billing has increased beyond the level most recently used to determine the level of security deposit, BellSouth

reserves the right to request additional security subject to the criteria set forth in this Section. BellSouth shall provide CUSTOMER fifteen (15) days written notice of its intent to review CUSTOMER's credit worthiness. Upon intent to review notice, the Parties agree to work together to review CUSTOMER's credit worthiness. Upon completion of the credit review and based on BellSouth's analysis of the BellSouth Credit Profile and other relevant information regarding CUSTOMER's financial condition, BellSouth reserves the right to require CUSTOMER to provide BellSouth with a suitable form of security deposit for CUSTOMER's account.

- 1.11.1 If BellSouth requires CUSTOMER to provide a security deposit for new Service, CUSTOMER shall provide such security deposit prior to the inauguration of such new Service. If BellSouth requests additional security deposit (or requires a security deposit if none was previously requested), CUSTOMER shall pay any applicable security deposit for existing service within (a) fifteen (15) days of the deposit request notice if the deposit request amount is less than or equal to \$5 million under this Agreement, or (b) thirty (30) days of the deposit request notice if the deposit request amount is greater than \$5 million under this Agreement. Such notice period will start the first business day after the deposit request notice is rendered. If the deposit request amount is greater than \$5 million under this Agreement, the deposit request notice and a written explanation of the factors used to determine credit worthiness will be sent by overnight mail to CUSTOMER. If the deposit request amount is less than or equal to \$5 million under this Agreement, the deposit request may be rendered by certified mail or overnight delivery and a written explanation of the factors used to determine credit worthiness will be mailed to CUSTOMER only if a written request for said information is received from CUSTOMER. If, in the absence of any dispute or agreed to extension by the Parties, CUSTOMER fails to secure the deposit requested pursuant to this Section by BellSouth within the time frames provided in this subsection above, BellSouth may commence to discontinue service in accordance with Section 1.9 of this Attachment. CUSTOMER may fulfill the security deposit requirement determined in accordance with the terms of this Attachment by Surety Bond (BellSouth form), Letter of Credit (BellSouth form), cash, or any other form of security proposed by CUSTOMER and acceptable to BellSouth, or any combination of the above. If the security deposit requirement is in the form of cash, interest shall accrue on the Cash Deposit in accordance with the interest rate set forth in BellSouth's applicable state GSST tariff on cash deposits. The amount of the security deposit determined in accordance with the terms of this Attachment shall not exceed two (2) month's estimated billing for new CLECs or two (2) month's actual billing under this Agreement for existing CLECs.
- 1.11.2 Any such security shall in no way release CUSTOMER from its obligation to make complete and timely payments of its bills, subject to the bill dispute procedures set forth in this Attachment.

- 1.11.3 BellSouth will not require a security deposit from CUSTOMER, if CUSTOMER meets the following factors:
- 1.11.3.1 CUSTOMER must have a good payment history, based upon the preceding twelve (12) month period. A good payment history shall mean that less than ten percent (10%) of the non-disputed receivable balance is aged beyond the due date. Only good faith disputes submitted to BellSouth pursuant to the procedures set forth in the Parties' interconnection agreement will be considered in determining the "non-disputed receivable balance."
- 1.11.3.2 CUSTOMER's liquidity status, based upon a review of Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA), is EBITDA positive for the prior four (4) quarters of financials (at least one (1) of which must be an audited financial report) excluding any nonrecurring charges or special restructuring charges.
- 1.11.3.3 If CUSTOMER has a current bond rating, it must have a bond rating of BBB or above, or has a current bond rating between CCC and BB and meets the following criteria for the last Fiscal Year End and for the prior four (4) quarters of reported financials:
- 1.11.3.3.1 Free cash flow positive;
- 1.11.3.3.2 Positive tangible net worth;
- 1.11.3.3.3 Debt/tangible net worth ratio between 0 and 2.5; and
- 1.11.3.3.4 CUSTOMER is compliant with all financial maintenance covenants.
- 1.11.4 BellSouth shall release or return any security, within thirty (30) days of its determination that such security is no longer required by the terms of this Attachment, or within thirty (30) days of CUSTOMER and BellSouth establishing that it satisfies the standards set forth in this Attachment or at any such time as the provision of service to CUSTOMER is terminated pursuant to this Agreement as applicable. The amount of the deposit will first be credited against any of CUSTOMER's outstanding account(s), and any remaining credit balance will be refunded within thirty (30) days.
- 1.11.5 If at any time subsequent to the return of a deposit, CUSTOMER evinces a poor payment history or fails to satisfy the conditions set forth in this deposit policy, Bellsouth may require a security deposit.
- 1.11.6 If CUSTOMER provides a security deposit or additional security deposit in the form of an irrevocable letter of credit as required herein, CUSTOMER shall

maintain the irrevocable letter of credit until it has been determined that such security is no longer required by the terms of this Attachment. If CUSTOMER is in default of its payment obligations under this Attachment and fails to maintain the irrevocable letter of credit, BellSouth may draw down the full amount of such letter of credit, within forty-eight (48) hours prior to its expiration, if CUSTOMER fails to renew the letter of credit or fails to provide BellSouth with evidence that CUSTOMER has obtained a suitable replacement for the letter of credit. If CUSTOMER provides a security deposit or additional security deposit in the form of a surety bond as required herein and the bonding company's credit rating falls below a rating of B, CUSTOMER shall provide BellSouth with suitable security deposit to replace the surety bond. If CUSTOMER fails to provide a suitable replacement for the surety bond within thirty (30) days of BellSouth's written notice to CUSTOMER that other security is required, BellSouth may take action on such surety bond and apply the proceeds to CUSTOMER's account.

- 1.12 Notices. Notwithstanding anything to the contrary in this Agreement, all bills and notices regarding billing matters, including notices relating to security deposits, disconnection of Services for nonpayment of charges, and rejection of additional orders from CUSTOMER, shall be forwarded to the individual and/or address provided by CUSTOMER in establishment of its billing account(s) with BellSouth, or to the individual and/or address subsequently provided by CUSTOMER as the contact for billing information and to the Notice provisions contained in Section 25 of the General Terms and Conditions. All monthly bills and notices described in this Section shall be forwarded to the same individual and/or address; provided, however, the notice of discontinuance of Services purchased by CUSTOMER under this Agreement provided for in Section 1.5 of this Attachment also shall be sent via certified mail to the individual(s) listed in the Notices provision of the General Terms and Conditions of this Agreement.

2. BILLING DISPUTES

- 2.1 If CUSTOMER disputes a bill, it shall send a written notice of dispute to BellSouth. In the event of a billing dispute, the Parties will endeavor to resolve the dispute within sixty (60) calendar days of the notification date. Within five (5) business days of BellSouth's denial, or partial denial, of the billing dispute, if CUSTOMER is not satisfied with BellSouth's resolution of the billing dispute, CUSTOMER must pursue the escalation process as outlined in the Billing Dispute Escalation Matrix, set forth on BellSouth's Interconnection Services Web site, or the billing dispute shall be considered denied and closed. In accordance with the Billing Dispute Escalation Matrix, if the BellSouth representative has not received a response from the CUSTOMER auditor who initiated the dispute acknowledging the denial or partial denial after five (5) business days, the BellSouth representative will contact the CUSTOMER auditor to attempt to determine whether or not CUSTOMER is going to accept the denial or partial denial. If CUSTOMER fails to indicate whether or not it is going to accept the denial or partial denial,

BellSouth's representative will escalate to the BellSouth representative's supervisor to contact the CUSTOMER auditor's supervisor. If the BellSouth supervisor receives no response or is unable to resolve the dispute over the denial or partial denial of the dispute after an additional five (5) business days, the denial or partial denial will be escalated to the monthly BellSouth/ CUSTOMER team meeting. If, after escalation, the Parties are unable to reach resolution, then the aggrieved Party, if it elects to pursue the dispute shall pursue dispute resolution in accordance with the General Terms and Conditions of this Agreement.

- 2.2 For purposes of this Section 2, a billing dispute means a reported dispute submitted pursuant to Section 2.1 of a specific amount of money actually billed by BellSouth. The billing dispute must be clearly explained by CUSTOMER and supported by written documentation, which clearly shows the basis for disputing charges. Claims by CUSTOMER for damages of any kind will not be considered a billing dispute for purposes of this Section. If BellSouth resolves the billing dispute, in whole or in part, in favor of CUSTOMER, any credits and interest due to CUSTOMER as a result thereof shall be applied to CUSTOMER's account by BellSouth upon resolution of the billing dispute.

Attachment 4

Service Level Commitments (SLCs) for DS0 Wholesale Local Voice Platform Services

Version: 07/07/04

Confidential and proprietary. May not be disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

**Service Level Commitments (SLCs)
for DS0 Wholesale Local Voice Platform Services**

1. Introduction

1.1 The SLCs as stated in this Attachment 4 shall become effective and apply to Services ordered during and after the first full calendar month following the Effective Date of the Agreement and shall be applied only to BellSouth's performance with respect to DS0 Wholesale Local Voice Platform Services.

2. Reporting Methodology

2.1 BellSouth will self-report CUSTOMER service performance data using BellSouth's internal processes to determine performance metrics for DS0 Wholesale Local Voice Platform Services. The reporting period for each metric is a full calendar month. CUSTOMER data will be collected and reports will be generated on both an aggregate regional and a state specific basis for all metrics. Reports will display all percentages and averages to two decimal points, using standard rounding rules.

2.2 BellSouth will utilize the reports described above to calculate the performance metrics and associated payments, if any, for the reporting period.

3. SLC Methodology

The following SLCs, as defined in this Attachment, will be measured in accordance with the terms and conditions herein. Payments for SLCs, as applicable, shall be paid based upon aggregate regional data only within the reporting period. SLCs and applicable remedy payments are as follows:

Service Level Commitments	Per Occurrence Payment
SLC-1 - Installation Appointments Met: 98%	\$25*
SLC-2 - Repair Appointments Met: 94% for dispatch RAs & 98% for non- dispatch RAs	\$25*
SLC-3 - Maintenance Average Duration: ≤ 24 Hours	\$25**
SLC-4 - Customer Trouble Report Rate: ≤ 2%	\$25**

* Per missed occurrence below the stated performance objective as described in Section 5

** Per occurrence below the stated performance objective as described in SLC-3 and SLC-4 as described in Section 5

4. SLC Performance Metric Definitions

4.1 SLC-1: Installation Appointments Met

4.1.1 SLC-1 measures the percentage of total completed installation service orders for which BellSouth meets the committed due date for service orders completed in the reporting period. BellSouth is considered to have met the committed due date unless the installation date is later than the committed due date and the missed installation appointment is due to a BellSouth reason. The SLC-1 metric only applies to the first committed due date, regardless of whether subsequent committed due dates are established for the same service order. Calculation of SLC-1 includes service orders requiring dispatches and service orders not requiring dispatches aggregated.

4.1.2 The following exclusions apply: 1) Cancelled service orders; 2) Order activities of BellSouth or CUSTOMER associated with internal or administrative use of local services (e.g. Record Orders, Test Orders, etc., which may be order types C, N, R or T); 3) Disconnect orders; and 4) Listing orders.

4.2 SLC-2: Repair Appointments Met

4.2.1 SLC-2 measures the percentage of closed CUSTOMER trouble reports within the reporting period where the service is resolved as repaired by the committed date and time. Calculation of the metric includes repairs requiring dispatch and repairs not requiring dispatch on a disaggregated basis.

4.2.2 The following exclusions apply: 1) CUSTOMER trouble reports cancelled at CUSTOMER's request; 2) BellSouth trouble reports associated with internal or administrative service; 3) Customer (End User) Provided Equipment (CPE) or CUSTOMER equipment troubles; 4) Trouble outside BellSouth's and 5) Informational trouble tickets.

4.3 SLC-3: Maintenance Average Duration

4.3.1 SLC-3 measures the average duration of closed CUSTOMER trouble reports. The duration of a trouble report starts on the date and time of receipt of a trouble report and stops on the date and time the service is resolved as repaired. Calculation of the metric includes trouble reports requiring dispatches and trouble reports not requiring dispatches aggregated.

- 4.3.2 The following exclusions apply: 1) CUSTOMER trouble tickets cancelled at CUSTOMER's request; 2) BellSouth trouble reports associated with internal or administrative service; 3) Customer (End User) Provided Equipment (CPE) or CUSTOMER equipment troubles; 4) Troubles outside BellSouth's control - 5) Informational trouble tickets; and 6) Troubles when the CUSTOMER requests a longer repair window than the offered repair window.
- 4.4 SLC-4: Customer Trouble Report Rate
- 4.4.1 SLC-4 measures the number of initial and repeat trouble reports per one hundred (100) lines. The total number of trouble reports by the CUSTOMER during the reporting month are divided by the CUSTOMER's installed base of DS0 Wholesale Local Voice Platform lines in service at the end of the reporting month.
- 4.4.2 The following exclusions apply: 1) Trouble tickets canceled at the CLEC request. 2) BellSouth trouble reports associated with internal or administrative service. 3) Customer Provided Equipment (CPE) troubles; 4) CLEC Equipment Trouble 5) Test OK, Found OK and other troubles not isolated to network troubles (e.g. Disposition Codes 7, 8 and 9) and 5) Informational trouble tickets.

5. Calculation of Occurrences and Payment

The metrics described above shall be calculated and the payments, if any, to CUSTOMER shall be determined as follows:

- 5.1 For SLC-1, Installation Appointments Met:
- 5.1.1 BellSouth will divide (i) the number of CUSTOMER installation service orders completed within the reporting period on or before the committed due date by (ii) the total number of CUSTOMER installation service orders completed within the reporting period.
- 5.1.2 If the resulting aggregated regional quotient in Section 5.1.1 above is .98 or greater, there are no missed occurrences for which payment is due under this Attachment.
- 5.1.3 In the event that greater than 2% of the completed installation service orders within the reporting period are not completed on or before the committed due date due to BellSouth reasons, then each installation service order not completed on or before the committed due date due to BellSouth reasons in excess of 2% shall constitute a missed occurrence.
- 5.1.4 BellSouth shall pay CUSTOMER \$25 for each such missed occurrence.
- 5.2 For SLC-2, Repair Appointments Met:

- 5.2.1 BellSouth will divide (i) the number of closed CUSTOMER trouble reports within the reporting period that were resolved as repaired by the committed date and time by (ii) the total number of closed CUSTOMER trouble reports within the reporting period that were resolved as repaired.
- 5.2.2 If the resulting aggregated regional quotient in Section 5.2.1 above is .94 or greater for dispatch RAs and is .98 or greater for non-dispatch RAs, there are no missed occurrences for which payment is due under this Attachment.
- 5.2.3 In the event that greater than 2% for non-dispatch RAs and/or greater than 6% for dispatch RAs of the closed trouble reports within the reporting period were not resolved as repaired by the committed date and time, then each closed trouble report that was not resolved as repaired by the committed date and time in excess of 2% for non-dispatch RAs and/or in excess of 6% for dispatch RAs shall constitute a missed occurrence.
- 5.2.4 BellSouth shall pay CUSTOMER \$25 for each such missed occurrence.
- 5.3 For SLC-3, Maintenance Average Duration:
- 5.3.1 BellSouth will add the maintenance duration (as defined in Section 4) of each trouble report received from CUSTOMER, and divide that number by the total number of CUSTOMER trouble reports closed during the reporting period to determine the Maintenance Average Duration for CUSTOMER.
- 5.3.2 If the aggregated regional Maintenance Average Duration is equal to or less than twenty-four (24) hours, there are no occurrences for which payment is due under this Attachment.
- 5.3.3 If the aggregated regional Maintenance Average Duration for CUSTOMER is greater than twenty-four (24) hours, BellSouth shall remove from the metric calculation the number of trouble reports received from CUSTOMER (starting with the longest duration trouble report and proceeding to the next longest duration trouble report) that, when added together and removed from the metric calculation, results in a revised Maintenance Average Duration for CUSTOMER that is equal to or less than an average of twenty-four (24) hours.
- 5.3.4 Each CUSTOMER trouble report removed from the metric calculation shall constitute an occurrence.
- 5.3.5 BellSouth shall pay CUSTOMER \$25 for each such occurrence.
- 5.4 For SLC- 4, Customer Trouble Report Rate:
- 5.4.1 BellSouth will add the initial and repeat trouble reports (as defined in Section 4) received from CUSTOMER, and divide that number by the total number of

CUSTOMER lines in service at the end of the reporting period to determine the Maintenance Average Duration for CUSTOMER.

- 5.4.2 If the aggregated regional Customer Trouble Rate is equal to or less than 2% for CUSTOMER, there are no occurrences for which payment is due under this Attachment.
- 5.4.3 If the aggregated regional Customer Trouble Rate is greater than 2% for CUSTOMER, BellSouth shall count the number of Customer Trouble Reports for the CUSTOMER beyond the number that would give it a percentage equal to or less than 2%.
- 5.4.4 Each CUSTOMER trouble report in excess of the 2% Customer Trouble Rate shall constitute an occurrence.
- 5.4.5 BellSouth shall pay CUSTOMER \$25 for each type of occurrence.
- 5.5 Performance payments shall not be paid in the event of a Force Majeure condition, as described in the General Terms and Conditions of this Agreement.

Attachment 5

INSIDE WIRE SERVICES

1. INSIDE WIRE SERVICES

- 1.1. Upon request of CUSTOMER, BellSouth will provide the ISW Maintenance services (ordered by CUSTOMER as further detailed in this Attachment (the "ISWM Services")).
- 1.2. ISWM Services are defined as follows: BellSouth will repair telephone service troubles that may exist in the wiring and jacks inside the home or business of the CUSTOMER's End User where the telecommunications service provided to the CUSTOMER's End User is basic residential and/or business lines. BellSouth will isolate the source of the trouble even if behind the CUSTOMER's End User's side of the demarcation point. If the trouble is in the line between the network interface to the jack(s), BellSouth, subject to the terms and conditions set forth herein, will repair basic inside telephone wire and modular jacks. ISWM Services do not include repairs to Customer Premise Equipment ("CPE"). Basic residential and/or business lines are defined as a POTS line which is provisioned with simple wiring and which does not terminate in a communications system. BellSouth shall provide ISW Services on a non-discriminatory basis as BellSouth provides the inside wire maintenance services to its own retail End Users. To the extent that BellSouth were to use third parties to provide ISWM Services, BellSouth shall use commercially reasonable efforts to prevent and will remove materialman's liens and other comparable encumbrances from any CUSTOMER's End User's real property to the extent such lien was the result of ISWM Services.
- 1.3. If the trouble is caused by a defect or condition present in the cord from the jack to the telephone set or other equipment (e.g. fax machine, answering machine, modem) that is attached to the telephone line of the CPE itself, BellSouth will advise CUSTOMER and/or CUSTOMER's End User of same, suggest that the CPE be disconnected and either repaired, replaced, or cease to be used at CUSTOMER's End User's discretion and the trouble ticket will be closed to CUSTOMER.
- 1.4. ISWM Services do not include (i) troubles caused by willful damage to inside wire or jacks; (ii) damage caused by acts of God; (iii) obvious conditions existing at the time of CUSTOMER's subscription to the ISWM Services (e.g. wiring does not exist to the jack at the time of the subscription to the ISWM Services); (iv) inside wire or jacks that do not meet industry standards for telecommunications services; (v) any repair to and/or maintenance of CUSTOMER's End User's inside wiring or jacks to the extent that after reasonable effort BellSouth determines that such repair/maintenance cannot be performed in a safe manner due to the

presence of asbestos or any other environmentally hazardous substance or due to the existence of an unsafe condition (vi) damage to wiring or jacks due to painting or remodeling; (vii) the rearranging of inside wiring from one DS0 Wholesale Local Voice Platform Services to another DS0 Wholesale Local Voice Platform Services (e.g. previous occupant of premises had two (2) lines and CUSTOMER's End User has only one (1) line); (viii) on-premise, different building extensions; and (ix) inside wiring or jacks installed in Recreational Vehicles, boats and/or travel trailers.

- 1.4.1 If BellSouth rejects in excess of 15% of the ISWM Services orders that are submitted, then CUSTOMER's ISWM Services commitment as set forth in Section 2 will be relieved of the purchase commitment for the number of lines rejected in excess of 10% of orders submitted at an amount of \$33 per line credited against the CUSTOMER's commitment. The credit against the commitment set forth in Section 2 shall only be credited once per rejected line. A reject analysis will be performed in January 2006 and January 2007 of all lines rejected for ISWM Services in aggregate as a percentage of all lines submitted through those dates, conditioned on CUSTOMER having 100,000 lines active on ISWM Services on January 1, 2006 and 50,000 lines active on ISWM Services on January 1, 2007.
- 1.5 Replacement of standard miniature modular jacks (i.e. RJ11C/D, RJ11W, RJ14C and RJ14W) is included in ISWM Services. If any other jack type requires replacement, CUSTOMER will be liable for the material cost of said jack type. The labor associated with the replacement of other jack types is included in the ISWM Services.
- 1.6 Basic residential and business lines serving buildings or developments where the owner/developer of said building or development has chosen to have a single demarcation point installed for all services, and where the owner/developer requires a pre-determined vendor(s) to perform these services, are not eligible for ISWM Services.
- 1.7 If an End User of CUSTOMER has more than one (1) DS0 Wholesale Local Voice Platform Services to a premises, each DS0 Wholesale Local Voice Platform Services to said premises must be subscribed to ISWM Services.
- 1.8 If one (1) or more than one (1) non- basic line is terminated at a premises, all lines at that premise are considered non-basic and are thus ineligible for the service plan.
- 1.9 If an End User of CUSTOMER utilizes a key telephone system, a Private Branch Exchange (PBX) or other non basic telephone system, ISWM Services are not available to CUSTOMER for said End User.

- 1.10 BellSouth will provide ISWMP Services to CUSTOMER Monday through Saturday 8am to 6pm local time of CUSTOMER'S End User.
- 1.11 For new DS0 Wholesale Local Voice Platform Services ordered after the effective date of this Agreement for which CUSTOMER chooses to order ISWM Service, CUSTOMER will order ISWM Services through the Local Service Request ("LSR") process. CUSTOMER's embedded base of End Users that CUSTOMER desires to subscribe to ISWM Service shall be transferred to ISWM Services utilizing an agreed upon spreadsheet process rather than the LSR process within 120 days after the Effective Date.
- 1.11.1 Provided that CUSTOMER has transferred at least 107,500 lines to ISWM Service within 120 days of the Effective Date of this Agreement, subscription to all ISWM Services provided under this Agreement shall be effective upon order of such Services, with no waiting period, for those lines transferred within the initial 120 day period.
- 1.12 After subscription to ISWM Services, CUSTOMER shall submit requests for ISWM Services to be provided to CUSTOMER's End Users by submitting a repair request through the maintenance and repair electronic interface available to CUSTOMER at the Effective Date of this Agreement. CUSTOMER may alter or cancel a repair request at any time without charge. In an attempt to reduce unnecessary dispatches, CUSTOMER shall use commercially reasonable efforts to cancel a repair request prior to BellSouth's dispatch of a technician. ISWM Services will not be performed on a premises visit to install DS0 Wholesale Local Voice Platform Services.
- 1.12.1 BellSouth may, at its discretion and upon thirty (30) days written notice to CUSTOMER, discontinue or cancel ISWM Services to an individual End User of CUSTOMER provided that BellSouth can demonstrate that the individual End User is abusing the provisions of the ISWM Services such as if in a situation where BellSouth dispatches to the same location on a repeated basis and trouble is caused by, but not limited to, substandard wire, pets, children or defective CPE. If BellSouth discontinues ISWM Services to an End User as provided for in this Section, there will be a reduction in the denominator for the calculation of rejected orders ratio in Section 1.4. Unless requested by CUSTOMER, BellSouth will not terminate ISWM Services for any other reason.
- 1.13 Whenever any actual or potential cause delays or threatens to delay or cause BellSouth to miss an appointment to provide ISWM Services to CUSTOMER's End User, BellSouth will so notify CUSTOMER through the electronic interface utilized by CUSTOMER to request ISWM

Services.

2. Inside Wire Charges

- 2.1 BellSouth will charge CUSTOMER \$2.75/month per CUSTOMER End User lines on DS0 Wholesale Local Voice Platform Services subscribing to ISWM Services. CUSTOMER shall commit ten million dollars (\$10,000,000.00) for ISWM through the term of this Agreement. The commitment shall be met by all the per month charges incurred under this Attachment plus any time and material-based charges covered under the ISWM for CUSTOMER End User lines on DS0 Wholesale Local Voice Platform Services during the thirty (30) day waiting described in Section 1.11.1. There will be no charge for the initial conversion of DS0 Wholesale Local Voice Platform Services from an alternative inside wire maintenance service to ISWM Services. Thereafter, for LSRs submitted exclusively for ISWM Services, nonrecurring service order charge shall be \$0.55 per LSR, on a regional basis. This shall be the only nonrecurring charge applicable for establishing ISWM Services after the initial conversion.
- 2.2 Billing for ISWM Services shall be on a monthly basis. So long as CUSTOMER's documentation regarding its reseller exemption is current, BellSouth shall not assess taxes on the charges associated with ISWM Services.

3. REPRESENTATIONS AND WARRANTIES

- 3.1 BellSouth's ISWM Services to be provided hereunder will be performed in a professional and workmanlike manner in accordance with the highest applicable professional standards, and will comply with all established specifications and other requirements as set forth in this Attachment.
- 3.2 BellSouth will use commercially reasonable efforts to ensure its performance of its obligations for ISWM Services and will comply with all applicable federal, state, and local statutes, laws, and regulations and, further, with all applicable permits and licenses. Without limiting the generality of the foregoing, BellSouth agrees that it will use commercially reasonable efforts to not assign any individual to perform Services who is an unauthorized alien under the Immigration Reform and Control Act of 1986 or its implementing regulations. In the event any BellSouth Personnel performing ISWM Services under this Agreement are discovered by BellSouth or CUSTOMER to be unauthorized aliens, and upon notice, BellSouth will use commercially reasonable efforts to remove such individuals from performing such ISWM Services and replace such individuals with individuals who are not unauthorized aliens.
- 3.3 Compliance with Site and Security Rules and Regulations.

- 3.3.1 Throughout the Term of this Agreement, BellSouth will use commercially reasonable efforts to ensure that its employees, subcontractors and subcontractors' employees comply with all BellSouth site and security rules, regulations, policies, and guidelines. These include, without limitation, BellSouth's electronic communications policies. BellSouth shall make reasonable efforts, consistent with its policies and labor obligations, to ensure that all BellSouth employees comply with such behavior standards in connection with BellSouth's performance of Services under this Agreement. Except for negligence or intentional misconduct not caused by BellSouth, BellSouth will be solely responsible for the safety of its employees.

4. INSURANCE

- 4.1 Each Party shall have the appropriate adequate insurance coverage, including any self-insurance programs, for the obligations set forth in this Attachment.
- 4.2 Each Party is an independent contractor, and has and hereby retains the right to exercise full control of and supervision over its own performance of its obligations under this Agreement and retains full control over the employment, direction, compensation and discharge of all employees assisting in the performance of such obligations. Each Party will be solely responsible for all matters relating to payment of such employees, including compliance with social security payment of such employees, withholding taxes and all other regulations governing such matters. Subject to the limitations of liability and except as otherwise provided in this Agreement, each Party shall be responsible for (i) its own acts and performance of all obligations imposed by applicable law in connection with its activities, legal status and property, real or personal and, (ii) the acts of its own affiliates, employees, agents, and contractors during the performance of that Party's obligations hereunder.

5. NO EXCLUSIVITY

- 5.1 BellSouth is not the exclusive provider of ISWM Services to CUSTOMER and nothing in this Attachment shall be construed to limit in any way, including as to covered territory, CUSTOMER's ability to enter into any similar agreement with any other provider of ISWM Services the same or similar to those performed for CUSTOMER under the terms of this Attachment.
- 5.1.1 Each Party shall use commercially reasonable efforts to (i) ensure that the Party's personnel do not disparage the other Party, or its products or services in the implementation of its obligations contained in this Attachment. Commercially reasonable efforts shall include sufficient training of personnel regarding the obligations to be carried out pursuant

to this Attachment and the Party's practices and procedures interaction with end user customers of the other Party's; and (ii) do not provide information about their products or services during the same inquiry or end user contact, unless that information specifically is requested by the end user. Subject to the limitations of this Section, both Parties maintain the right to serve directly any end user within the service area of the other Party. Both Parties may directly market their own services and in doing so may establish independent relationships with end users of the other Party.

- 5.1.2 Neither Party shall use the other Party's request for end user information, order submission, or any other aspect of the pre-order, ordering and provisioning or maintenance and repair processes or any other processes in any unlawful manner. BellSouth shall not in any unlawful manner share with or disclose to BellSouth's retail operations or retail customer representatives any information resulting from, or the occurrence of any event in the ordering of ISWM Services.
- 5.1.3 BellSouth will work cooperatively with CUSTOMER and take all commercially reasonable steps to resolve issues affecting the efficiency, timeliness and effectiveness of the ISWM Services. At CUSTOMER's reasonable request, the Parties will hold ISWM Services status review meetings and otherwise regularly exchange information to ensure that each is aware of the material information necessary to the effective performance under this Attachment.
