INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Magoffin County Water District
Salyersville, Kentucky

We have audited the accompanying financial statements listed in the Table of Contents of the business-type activities of the Magoffin County Water District as of and for the year ended December 30, 2011 which comprises the Authority's basic financial statements. These financial statements are the responsibility of the Authority's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the respective financial statements referred to above present fairly in all material respects, the financial position of the business-type activities of the Magoffin County Water District, as of December 30, 2011, and the respective changes in financial position and cash flows thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated May 08, 2012 on our consideration of the Magoffin County Water District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Management has elected to omit the Management Discussion and Analysis which is supplemental information required by the Governmental Accounting Standards Board.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Magoffin County Water District's basic financial statements. The schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the financial statements of the Magoffin County Water District. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

MAGOFFIN COUNTY WATER DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2011

The Magoffin County Water District is a water utility which services areas of Magoffin County and the State Road area of Floyd County. Its sales are primarily to residential customers. The District is a corporate body set forth in Kentucky Revised Statutes (KRS) 74.070 which was created in 1956. The District began operations in 1956. The District is subject to the regulatory authority of the Kentucky Public Service Commission pursuant to KRS 278.040.

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant policies.

The Reporting Entity

The District, for financial purposes, includes all of the funds relevant to the operations of the District. The financial statements presented herein do not include agencies which have been formed under applicable state laws or separate and distinct units of government apart from the Magoffin County Water District.

The financial statements of the District would include those of separately administered organizations that are controlled by or dependent on the District. Control or dependence is determined on the basis of financial interdependency, selection of governing District, designation of management, ability to significantly influence operations, accountability of fiscal matters, scope of public service, and financing relations.

Based on the foregoing criteria there are not other organizations included in these financial statements.

The District, presented as an enterprise fund, does not apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or after November 30, 1989.

Depreciation Reserve Fund - Monthly transfers are required to be made into this fund until a balance of \$108,660 is attained. Only expenditures for capital improvements or extraordinary expenses are permitted to be paid from this fund. The District had set aside \$150,033 into this fund at December 31, 2011.

Bond and Interest Sinking Fund - Monthly transfers are required to be made into this account in an amount equal to one-sixth (1/6) of the interest becoming due on the next succeeding interest due date for all outstanding bonds and one-twelfth (1/12) of the principal of all such bonds maturing on the next succeeding due date. The required balance of the fund at December 31, 2011 was \$-0-. The District had set aside \$497 as of December 31, 2011.

Enterprise Funds

An enterprise fund distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are operating grants and tenant rental revenue. Operating expenses of the Authority include the cost of producing the revenue and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprise where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The accounting and financial reporting treatment applied to the District is determined by its measurement focus. The transactions of the District are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the balance sheet. Net assets (i.e., total assets net of total liabilities) are segmented into invested in capital assets, net of related debt, restricted and unrestricted components. When both restricted and unrestricted resources are available for use, it is the District's policy to use unrestricted resources first, and then restricted resources as they are needed.

Basis of Accounting

The records of the District are maintained and the budgetary process is based on the accrual method of accounting.

Inventory

The cost of inventory is recorded as a disbursement at the time of payment for the purchase.

Deposits

The District considers all highly liquid investments with a maturity date of three months or less from date of purchase to be cash equivalents. Certificates of deposit that are redeemable immediately with little or no penalty are considered cash equivalents. At December 31, 2011, the carrying amount of the District's deposits was \$753,576 and the bank balance was \$850,848. Of the bank balance 100% was covered by federal deposit insurance or collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name.

Fixed Assets

Fixed assets purchased are capitalized at the time of purchase. Such assets are recorded at cost. Donated assets are recorded at fair market value at the date of donation.

Depreciation of property and equipment is computed by the straight-line method based upon the estimated useful lives of the assets as follows:

<u>Class</u>	<u>Life</u>
Water lines, tanks	50 years
Equipment	10 years

The District's capitalization policy is as follows: expenditures costing more than \$1,000 with an estimated useful life greater than one year are capitalized: all others are expensed.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets- net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are recorded as restricted when there are limitations imposed on their use by external restrictions.

Accounts Receivable

The receivable reflected in the statements in the amount of \$114,523 are net of allowance for uncollectible in the amount of \$10,641.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Note 2 - Notes Payable

The amount shown in the accompanying financial statements as notes payable represents the District's future obligation to make loan payments from future revenues. At December 31, 2011, eight separate loans had outstanding balances. Details of each of these issues are summarized as follows:

Note A

Lender – Rural Development
Balance of loan - \$216,000
Rate - 5%
Principal due January 1
Interest due January and July 1
Prepayment provision - subject to payment prior to its stated maturity without penalty or premium, at any time upon ten (10) days notice.

Note B

Lender – Rural Development
Balance of loan - \$129,000
Rate - 5%
Principal due January 1
Interest due January 1 and July 1
Prepayment provision - subject to payment prior to its stated maturity without penalty or premium, at any time upon ten (10) days notice.

Note C

Lender – Rural Development
Balance of loan - \$144,000
Rate - 4.5%
Principal due January 1
Interest due January and July 1

Note D

Lender – Rural Development
Balance of loan - \$200,900
Rate - 4.5%
Principal due January 1
Interest due January 1 and July 1
Prepayment provision - subject to payment prior to its stated maturity without penalty or premium, at any time upon ten (10) days notice

Note E

Lender – Rural Development
Balance of loan - \$250,500
Rate - 4.5%
Principal due January 1
Interest due January 1 and July I
Prepayment provision - subject to payment prior to its stated maturity without penalty or premium, at any time upon ten (10) days notice.

Note F

Lender – Rural Development
 Balance of loan – \$276,000
 Rate – 4.5%
 Principal due January 1
 Interest due January 1 and July 1
 Prepayment provision - subject to payment prior to its stated maturity without penalty or premium, at any time upon ten (10) days notice.

Note G

Lender – Rural Development
 Balance of loan - \$568,500
 Rate – 4.5%
 Principle due January 1
 Interest due January 1 and July 1
 Prepayment provision - subject to payment prior to its stated maturity without penalty or premium, at any time upon ten (10) days notice.

Five-Year Maturities	
2011	\$ 45,514
2011	50,014
2012	55,014
2013	60,014
2014	65,014
Thereafter	<u>1,509,330</u>
	<u>\$1,784,900</u>

The District borrowed \$20,000 from the Magoffin County Fiscal Court on August 14, 2008 to extend the water line at the Blaze Creek Branch off of Gun creek Road.

The following is a summary of changes in long-term obligations for the year:

	Outstanding 1/1/2011	Issued	Retired	Outstanding 12/31/2011	Due Within One Year
Rural Development	\$ 1,827,000	\$ -	\$ 42,100	\$ 1,784,900	\$ 45,514
Fiscal Court	<u>20,000</u>	-	-	<u>20,000</u>	<u>20,000</u>
Total	<u>\$ 1,847,000</u>	<u>\$ -</u>	<u>\$ 42,100</u>	<u>\$ 1,804,900</u>	<u>\$ 65,514</u>

Note 3 - Pension Plan

The District provides pension benefits for its employees through the County Employees Retirement System (CERS). In this type of plan, the monthly retirement benefit is based upon several factors, primarily of which is the length of service, the systems benefit factor (2.5%), and the average of the five highest fiscal year wages from all public employee's retirement system participation (CERS, KERS, &SPRS). All employees who work an average of 100 hours per month over a fiscal year may participate with CERS.

The plan currently requires the District to contribute an amount equal to 16.92%/ 16.90% of the employee's base salary each month, with employees required to contribute 5%. The District's contribution will vary, depending on the dictates of the management of the county plan. The required employer's contribution is usually reviewed at least annually.

The District's total payroll in fiscal year 2011 was \$328,239 and its contributions were calculated using the base salary amount of \$276,183. Contributions to the plan were \$13,809 and \$46,703 by the employees and the District, respectively.

The District has a second retirement plan – a 457B deferred compensation plan. Employees are eligible to participate after twelve months of full-time employment and are fully vested after five years of participation. Contributions to the plan were \$1,639 and \$5,543 by the employee and the District, respectively.

Note 4 - Leave Policies

District employees accrue ten annual and six sick leave days per year. Leave accrues at the beginning of employment but cannot be used until after six months of employment. Upon retirement employees are paid for one-half of unused accrued sick leave and all unused annual leave. Accrued absences in the amount of \$16,104 are provided for in the financial statements.

Note 5 - Changes in Fixed Assets

The following is a summary of changes in the fixed assets for the fiscal year:

	1/1/2011	Additions	Deletions	12/31/2011
Land	\$ 13,620	\$ -	\$ -	\$ 13,620
Utility plant and equipment	13,978,728	28,329	-	14,007,057
Construction in process	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 13,992,348</u>	<u>\$ 28,329</u>	<u>\$ -</u>	<u>\$ 14,020,677</u>
Acc. depreciation	<u>\$ 3,501,990</u>	<u>\$ 223,922</u>	<u>\$ -</u>	<u>\$ 3,725,912</u>
Fixed assets, net of accumulated depreciation	<u>\$ 10,490,358</u>	<u>\$ (195,593)</u>	<u>\$ -</u>	<u>\$ 10,294,765</u>

Note 6 - Revenue Bonds

Water and Revenue Bonds constitute special obligations of the District solely secured by a lien on and pledge of the net revenues of the water system. The revenue bonds are collateralized by the revenue of the water system and the various special funds established by the bond ordinances. The ordinances provide that the revenue of the system is to be used first to pay operating and maintenance expenses of the system and second to establish and maintain the revenue bond funds. Any remaining revenues may then be used for any lawful purpose. The ordinances also contain certain provisions, which require the District to maintain pledged revenues. The District must transfer monthly 1/6 of the next succeeding interest payment and 1/12 of the next succeeding principal payment from the operations and maintenance account into the bond and interest sinking account. The District also must transfer \$456 per month into a depreciation fund.

Note 7 - Restricted Cash

Restricted cash is composed of the following:

Depreciation reserve fund	\$ 150,033
Debt reserve fund	45,521
Construction accounts	<u>497</u>
	<u>\$ 196,051</u>

Note 8 – Contingencies

The District is subject to possible examinations made by Federal and State authorities who determine compliance with terms, conditions, laws, and regulations governing other grants given to the District in the current and prior years. There were no examinations for the year ended December 31, 2011. Areas of noncompliance, if any, as a result of examinations would be included as a part of the “Findings and Questioned Costs” section of this report.

Note 9 – Risk Management

The District is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial insurance coverage for the risks to the extent deemed prudent by District management.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners
Magoffin County Water District
Salyersville, Kentucky

We have audited the financial statements of the business-type activities of the Magoffin County Water District, as of and for the year ended December 30, 2011, and have issued our report thereon dated May 08, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Magoffin County Water District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Magoffin County Water District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Magoffin County Water District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over financial reporting, described in the accompanying schedule of findings that we consider to be a significant deficiency in internal control over financial reporting (11-01). A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Magoffin County Water District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, others within the organization and Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

MAGOFFIN COUNTY WATER DISTRICT
FINDINGS AND RESPONSES
December 31, 2011

PRIOR FINDINGS

10-01 Segregation of Duties – Repeated as 11-01

CURRENT FINDINGS

11-01 Lack of Segregation of Duties

Condition: The District has an inadequate segregation of duties within its internal control process.

Criteria: All governmental entities should design their internal control to provide an adequate segregation of duties.

Cause: The District does not have sufficient employees to adequately design its internal control.

Recommendation: The District should continue to design and implement its internal control policies to provide the maximum segregation of duties possible.

Response: We will do as recommended.
