

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN EXAMINATION BY THE PUBLIC)
SERVICE COMMISSION OF THE)
APPLICATION OF THE FUEL ADJUST-)
MENT CLAUSE OF JACKSON PURCHASE) CASE NO. 9750
ELECTRIC COOPERATIVE CORPORATION)
FROM NOVEMBER 1, 1984, TO)
OCTOBER 31, 1986)

O R D E R

Pursuant to 807 KAR 5:056, Sections 1 (11) and 1 (12), the Public Service Commission ("Commission") issued its Order on November 14, 1986, scheduling a hearing to review the operation of the fuel adjustment clause of Jackson Purchase Electric Cooperative Corporation ("Jackson Purchase") for the past 2 years and to determine the amount of fuel cost that should be transferred (rolled in) to the base rates in order to reestablish the fuel adjustment charge. Jackson Purchase was not required to appear at the scheduled hearing unless an appearance was requested by the Attorney General's Utility and Rate Intervention Division or other interested parties or by the Commission on its own motion.

Jackson Purchase filed all requested information, including its monthly fuel charges for the 2-year period under review and its affidavit of compliance with the provisions of the fuel adjustment clause as prescribed in 807 KAR 5:056. Following proper notice, no party of record requested Jackson Purchase to appear at the hearing scheduled for February 10, 1987.

The Commission approved a transfer (roll-in) of (1.65) mills per KWH to the base rates of Jackson Purchase's wholesale supplier, Big Rivers Electric Corporation ("Big Rivers") in Case No. 9730. Approval of Big Rivers' proposal requires that Jackson Purchase also be authorized to roll-in those same fuel costs to its base rates.

The Commission, having considered the evidence of record and being advised, finds that:

1. Jackson Purchase has complied in all material respects with the provisions of 807 KAR 5:056.

2. Jackson Purchase's wholesale supplier has been authorized to transfer (roll-in) to its base rates fuel costs of (1.65) mills per KWH in Case No. 9730.

3. Jackson Purchase should be authorized to decrease the rates charged its customers by 1.77 mills per KWH in order to transfer fuel costs rolled-in by Big Rivers from the fuel adjustment clause to the base rates pursuant to the Commission's Order in Case No. 9730 and applicable line loss, and this can best be accomplished by a uniform reduction in all energy rates.

4. The revised rates and charges in Appendix A are designed to reflect the transfer of fuel costs from the fuel adjustment clause rate to the base rates.

IT IS THEREFORE ORDERED that:

(1) The charges and credits applied by Jackson Purchase through the fuel adjustment clause for the period November 1, 1984, through October 31, 1986, be and they hereby are approved.

(2) Jackson Purchase be and it hereby is authorized to transfer to its base rates fuel costs transferred (rolled-in) by its wholesale supplier pursuant to Case No. 9730.

(3) The rates in Appendix A be and they hereby are approved for service rendered by Jackson Purchase on and after June 1, 1987, which is also the effective date for Big Rivers' rates.

(4) Within 30 days from the date of this Order Jackson Purchase shall file with the Commission its revised tariff sheets setting out the rates approved herein.

Done at Frankfort, Kentucky, this 11th day of May, 1987.
