Director,

In response to the letter received, a copy is enclosed, from Central Kentucky Cellular Telephone Company, I have the following concerns.

At what frequencies will the tower be operating?

If there is microwave usage, at what power will it be?

What are some, at least five, names and addresses of people who currently live within 500' of a similar tower elsewhere in this community?

What is the tentative schedule for building the proposed facility?

I am a Cellular One subscriber and my reception in and around this area is good. What specifically is the purpose/goal of this tower?

I would appreciate your assistance in finding the answers to my inquiries. My intention is to learn more of these towers so I may exercise my right of intervention if I so choose. Please send correspondence to: Greg Sexton, 4055 Crawford Avenue, Louisville, KY 40218. ✓

Sincerely,

Greg Sexton
