

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE NOTICE OF PURCHASED GAS)
ADJUSTMENT FILING OF WESTERN) CASE NO. 90-013-J
KENTUCKY GAS COMPANY)

O R D E R

On September 13, 1990, the Commission issued its Order in Case No. 90-013 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates on a quarterly basis in accordance with the provisions of the Gas Cost Adjustment ("GCA") Clause set forth therein.

On January 5, 1993, Western Kentucky Gas Company ("Western") filed its quarterly GCA which is to become effective February 1, 1993 and is to remain in effect until April 30, 1993.

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. Western's notice of January 5, 1993 set out certain revisions in rates which Western proposed to place into effect, said rates being designed to pass on to its firm sales customers the expected wholesale decrease in gas costs from its suppliers in the amount of 49.93 cents per Mcf, including take-or-pay billings. Western's expected gas cost for firm sales customers for the quarter beginning February 1, 1993 is \$3.0137 per Mcf.

Western also proposes to pass on to its interruptible customers the wholesale decrease in gas costs in the amount of

48.46 cents per Mcf, including take-or-pay billings. Western's expected gas cost for interruptible sales customers for the quarter beginning February 1, 1993 is \$2.7456 per Mcf.

2. Western's notice set out a total refund adjustment for sales customers in the amount of .49 cents per Mcf which is comprised of a current quarter adjustment of .34 cents per Mcf and carry-overs from previous refunds.

3. Western's notice set out a current quarter actual adjustment in the amount of 15.0 cents per Mcf to compensate for under-recovery of gas cost by the Company through the operation of its gas cost recovery procedure during the months of August, September, and October 1992. The total actual adjustment for sales customers is (1.58) cents per Mcf, and is designed to correct the current under-recovery as well as under- and over-collections from three previous quarters.

4. Western's notice set out a balance adjustment for sales customers in the amount of (.68) cents per Mcf, which replaces the previous adjustment of (1.08) cents per Mcf. This balance adjustment compensates for over-collections which occurred as a result of previous actual and balance adjustments.

5. Western proposed a GCA of (\$.4482) per Mcf for firm sales customers and (\$.4590) per Mcf for interruptible sales customers, which represents the combined effect of the supplier increase, and the refund, actual, and balancing adjustments.

6. Western's adjustment in rates under the provisions approved by the Commission in its Order in Case No. 90-013 dated September 13, 1990 is fair, just, and reasonable, in the public interest, and should be effective with final meter readings on and after February 1, 1993.

7. Western's filing of January 5, 1993 included supplementary information concerning its actual adjustment for which it requested confidentiality. This information discloses the actual price being paid by Western to individual marketing companies and other suppliers of gas. Publication of such information is likely to cause competitive injury to Western and should be protected.

IT IS THEREFORE ORDERED that:

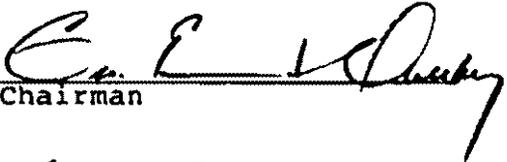

1. The rates in the Appendix to this Order, attached hereto and incorporated herein, are fair, just, and reasonable and are approved effective with final meter readings on and after February 1, 1993.

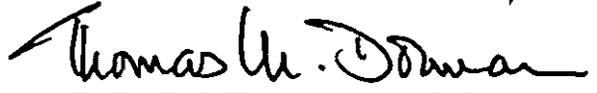

2. Within 30 days of the date of this Order, Western shall file with this Commission its revised tariffs setting out the rates authorized herein.

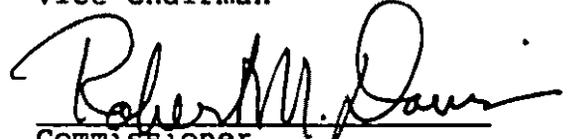

3. The detail sheet contained in Exhibit D, which Western has petitioned to be withheld from public disclosure, shall be held and retained by this Commission as confidential and shall not be open for public inspection.

Done at Frankfort, Kentucky, this 1st day of February, 1993.
