## COMMISSION STAFF'S FIRST REQUEST FOR INFORMATION TO KENTUCKY POWER COMPANY

Kentucky Power Company ("Kentucky Power"), pursuant to 807 KAR 5:001, is to file with the Commission the original with six copies in paper medium and an electronic version of the following information. The information requested herein is due within 14 days after the initial submission of Kentucky Power's rate application or 21 days after the date of this request, whichever is later. Responses to requests for information in paper medium shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and

accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Kentucky Power shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Kentucky Power fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filling a paper containing personal information, Kentucky Power shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

- Provide a copy of the current bylaws. Indicate any changes made to the bylaws since the year utilized as the test year in Kentucky Power's last rate case.
- 2. Provide the current organization chart, showing the relationship between Kentucky Power and its parent company, American Electric Power ("AEP"). Include any intermediate entities between AEP and Kentucky Power, as well as the relative positions of all AEP entities and affiliates with which Kentucky Power routinely has business transactions.

 Provide the capital structure at the end of each of the periods shown in Schedule 3.

#### Provide the following:

- a. A list of all outstanding issues of long-term debt as of the end of the latest calendar year and the end of the test year, together with the related information as shown in Schedule 4a. Provide a separate schedule for each time period. Report in Column (k) of Schedule 4a, page 2, the actual dollar amount of debt cost for the test year. Compute the actual and annualized composite debt cost rates and report them in Column 0) of Schedule 4a, page 2.
- b. An analysis of end-of-period, short-term debt and a calculation of the average and end-of-period cost rate as shown in Schedule 4b.
- 5. Provide a list of all outstanding issues of preferred stock as of the end of the latest calendar year and the end of the test year as shown in Schedule 5. Provide a separate schedule for each time period. Compute the actual and annualized preferred stock rate and report the results in Column (g) of Schedule 5.

#### Provide the following:

- a. List all issues of common stock in the primary market during the most recent ten-year period as shown in Schedule 6a.
- b. The common stock information on a quarterly and yearly basis for the most recent five calendar years available, and through the latest available quarter as shown in Schedule 6b.

- c. The market prices for common stock for each month during the most recent five-year period and for the months through the date the application is filed. List all stock splits and stock dividends by date and type.
- 7. Provide a computation of fixed charge coverage ratios for the ten most recent calendar years and for the test year as shown in Schedule 7.

#### Provide the following:

- a. A schedule of revenues for each active rate schedule reflecting test-year revenues per book rates, revenues at present rates annualized, and revenues at proposed rates annualized.
- b. A schedule showing the amount and percentage of any proposed increase or decrease in revenue distributed to each rate schedule. This schedule is to be accompanied by a statement that explains, in detail, the methodology or basis used to allocate the requested increase or decrease in revenue to each of the respective customer classes.
- c. A schedule showing how the increase or decrease in (b) above was further distributed to each rate charge (i.e., customer or facility charge, kWh charge, etc.). This schedule is to be accompanied by a statement that explains, in detail, the methodology or basis used to allocate the increase or decrease.
- d. A reconciliation of the Fuel Adjustment Clause revenue and expenses for the test year.
  - Provide the following information concerning fuel purchases:
- a. A schedule showing by month the dollar amount of fuel purchases
   from affiliated and non-affiliated suppliers for the test year.

- b. A calculation of the dollar amount paid for fuel purchases each month from affiliated suppliers for the test year.
- c. A calculation showing the average (13-month) number of days' supply of coal on hand for the test year and each of the three years preceding the test year. Include all work papers used to determine the response. Also include a detailed explanation of the factors considered in determining what constitutes an average day's supply of coal.
- 10. Provide the actual fuel costs for the test year. The costs should be given in total dollars, cents per kWh generated, and cents per MMBTU for each type of fuel. Also provide the actual amounts of each type of fuel used, the numbers of BTUs obtained from each type of fuel, and the kWh generated by each type of fuel.
- 11. Provide the purchased power costs for the test year. These costs should be separated into demand and energy costs. The actual and estimated kW demands and kWh purchased should be included. Indicate any estimates used and explain the estimates in detail.
- 12. Provide the following information, in comparative form, for the test year and the 12-month period immediately preceding the test year:
- a. A Kentucky jurisdictional operations income statement, statement of changes in financial position, statement of cash flows, statement of changes in owner's equity, and balance sheet.
- b. A total company income statement, statement of changes in financial position, statement of cash flows, statement of changes in owner's equity, and

#### balance sheet.

#### 13. Provide the following:

- a. A trial balance as of the last day of the test year (all income statement accounts should show activity for 12 months) showing account number, account title, and amount. Provide this information on a Kentucky-jurisdictionaloperations-only basis.
- b. A trial balance as of the last day of the test year (all income statement accounts should show activity for 12 months) showing account number, account title, and amount. Provide this information on a total company basis.
- 14. Provide the balance in each current asset and each current liability account and subaccount included in Kentucky Power's chart of accounts by months for the test year. In addition, show total current assets, total current liabilities, and the net current position by months, annually, and the 13-month average for the test year. Provide a reconciliation of current assets, current liabilities, and net current position provided in response to the above with the current assets and current liabilities as shown on the balance sheet for each month of the test year. If any amounts were allocated, provide a calculation of the factor used to allocate each amount.
- 15. List each common general office account (asset, reserve, and expense accounts) covering the 12 months of the test year applicable to more than one jurisdiction or utility operation. If any amounts were allocated, show a calculation of the factor used to allocate each account.

- 16. Provide the following monthly account balances and a calculation of the average (13-month) account balances for the test year for the total company and Kentucky operations:
  - Plant in service (Account No. 101);
  - Plant purchased or sold (Account No. 102);

- 51. Provide complete details of the financial reporting and ratemaking treatment of Kentucky Power's pension costs.
- 52. Provide details of Kentucky Power's financial reporting and rate-making treatment of Statement of Financial Accounting Standard ("SFAS") No. 106, including:
  - a. The date that Kentucky Power adopted SFAS No. 106;
  - All accounting entries made at the date of adoption;
- c. All actuarial studies and other documents used to determine the level of SFAS No. 106 cost recorded by Kentucky Power.
  - The effect on the financial statements; and
- e. Whether the historical test period includes any impact of the implementation. If so, provide a detailed description of the impact.

- 53. Provide complete details of Kentucky Power's financial reporting and ratemaking treatment of SFAS No. 112, including:
  - The date that Kentucky Power adopted SFAS No. 112;
  - All accounting entries made at the date of adoption;
- c. All actuarial studies and other documents used to determine the level of SFAS No. 112 cost recorded by Kentucky Power.
  - d. The effect on the financial statements; and
- e. Whether the historical test period includes any impact of the implementation. If so, provide a detailed description of the impact.
- 54. Provide complete details of Kentucky Power's financial reporting and ratemaking treatment of SFAS No. 143, including:
  - a. The date that Kentucky Power adopted SFAS No. 143;
  - All accounting entries made at the date of adoption;
- c. All studies and other documents used to determine the level of SFAS No. 143 cost recorded by Kentucky Power;
  - d. The effect on the financial statements; and
- e. Whether the historical test period includes any impact of the implementation. If so, provide a detailed description of the impact.
- f. A schedule comparing the depreciation rates utilized by Kentucky Power prior to and after the adoption of SFAS No. 143. The schedule should identify the assets corresponding to the affected depreciation rates.
- 55. Provide complete details of Kentucky Power's financial reporting and ratemaking treatment of SFAS No. 158, including:

- a. The date that Kentucky Power adopted SFAS No. 158;
- All accounting entries made at the date of adoption;
- c. All studies and other documents used to determine the level of SFAS No. 158 cost recorded by Kentucky Power;
  - d. The effect on the financial statements; and
- e. Whether the historical test period includes any impact of the implementation. If so, provide a detailed description of the impact.
- 56. Provide the following information concerning the cost of preparing this case:
- a. A detailed schedule of expenses incurred to date for the following categories:
  - (1) Accounting;
  - (2) Engineering;
  - (3) Legal;
  - (4) Consultants; and
  - (5) Other Expenses (Identify separately).

For each category, the schedule should include the date of each transaction, check number or other document reference, the vendor, the hours worked, the rates per hour, amount, a description of the services performed, and the account number in which the expenditure was recorded. Provide copies of any invoices, contracts, or other documentation that support charges incurred in the preparation of this rate case. Indicate any costs incurred for this case that occurred during the test year.

- b. An itemized estimate of the total cost to be incurred for this case. Expenses should be broken down into the same categories as identified in (a) above, with an estimate of the hours to be worked and the rates per hour. Include a detailed explanation of how the estimate was determined, along with all supporting work papers and calculations.
- c. During the course of this proceeding, provide monthly updates of the actual costs incurred, in the manner requested in (a) above. Updates will be due the last business day of each month, through the month of the public hearing.
- 57. Provide Kentucky Power's most recent depreciation study. If no such study exists, provide a copy of Kentucky Power's most recent depreciation schedule. The schedule should include a list of all plant and related facilities by account number; service life and accrual rate for each, the methodology that supports the schedule, and the date the schedule was last updated.
- 58. Describe the status of any outstanding recommendations relating to Kentucky Power's management audits. Identify any savings or costs related to management audit recommendations, the impact of which is not already reflected in the test year of this case.
- 59. Concerning Kentucky Power's demand-side management, conservation and energy-efficiency programs, provide the following:
  - A list of all programs currently offered by Kentucky Power.
- b. The total cost of the programs Kentucky Power offered during the test year and the costs incurred during each of the three most recent calendar years.

- c. Total demand and energy reduction realized under the programs offered during the test year and in each of the three most recent calendar years.
- 60. Provide the information requested in Schedule 60 for budgeted and actual regular wages, overtime wages, and total wages by employee group, by month, for the five most recent calendar years. Explain in detail any variance exceeding 5 percent in any one month.
- 61. Provide all wage, compensation, and employee benefits studies, analyses, or surveys conducted since the utility's last base rate case or that are currently utilized by the utility.
- 62. For each employee group, state the amount, percentage increase, and effective dates for general wage increases and, separately, for merit increases granted or to be granted in the past two calendar years and the historical test period.
- 63. Provide each group medical insurance policy that the utility currently maintains.
- 64. Provide detailed descriptions of all early retirement plans or other staff reduction programs the utility has offered or intends to offer its employees during the test period. Include all cost-benefit analyses associated with these programs.
- 65. Provide a complete description of the utility's Post-Employment Benefits package(s) provided to its employees.
  - 66. Regarding the utility's employee compensation policy:
- a. Provide the utility's written compensation policy as approved by the
   Board of Directors.

- b. Provide a narrative description of the compensation policy, including the reasons for establishing the policy and the utility's objectives for the policy.
- c. Explain whether the compensation policy was developed with the assistance of an outside consultant. If the compensation policy was developed or reviewed by a consultant, provide any study or report provided by the consultant.
- d. Explain when the utility's compensation policy was last reviewed or given consideration by the Board of Directors.
- 66. Explain whether the utility's expenses for wages, salaries, benefits, and other compensation included in the test period, and any adjustments to the test period, are compliant with the Board of Director's compensation policy.
- 67. Explain whether, in the past five years, the utility, through an outside consultant or otherwise, performed a study or survey to compare its wages, salaries, benefits, and other compensation to those of other utilities in the region, or to other local or regional enterprises.
- a. If comparisons were performed, provide and discuss the results of such comparison. Include the results of the study or survey with your response, including all work papers.
- b. If comparisons were not performed, explain why such comparisons were not performed.
- 68.
