PUBLIC SERVICE
COMMISSION

Dear Mr. Burford:

Please be advised that the construction of all four contracts of Project 15 has been satisfactorily completed in accordance with the contract plans and specifications. Contract I was substantially complete and in service as of August 4, 2006. Contract II was substantially complete and in service as of May 22, 2006. Contract III was substantially complete and in service as of July 19, 2006. The water lines in Contract IV have been in service since February 28, 2006. The booster pump station and control valve vault in Contract IV were placed into service on September 12, 2006. These will be the official warranty dates for each of the four contracts and will effectively begin the 1-year warranty for the respective contractors.

Please find attached the as-built drawings for the above referenced project. If you need any additional information please feel free to contact our office.

Sincerely,
CANN-TECH, LLC
