**PUBLIC SERVICE
COMMISSION**

Dear Beth:

This letter relates to Delta's Energy Assistance Plan ("EAP") as approved by the Commission in Case No. 2005-00464.

Delta has been and is operating its EAP as approved by the Commission in its Order on February 1, 2006. The Commission Order authorized the EAP through April 30, 2007. The Order also required Delta to submit an evaluation of the EAP by May 15, 2007.

We have done some analysis of the EAP. We request an informal conference with the Commission Staff and the Attorney General to discuss the plan.

We request that our EAP be continued past April 30, 2007 and until such time as the Commission considers it further, as it currently is only authorized through April 30, 2007 and otherwise will need to be terminated after that date.

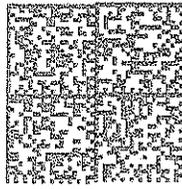

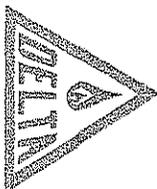

We believe that the EAP has been a benefit to our customers and we further request approval to continue it on a permanent basis after it is reviewed.

Sincerely,

Glenn R. Jennings
