RULES AND REGULATIONS

B. DEPOSITS:

Each customer will pay an equal deposit (currently \$66) not exceed 2/12 of the average annual bill. If a customer is late more than once every four months and their original deposit is less than 2/12 of their current average annual bill, the customer will be required to put up an additional amount. In no case will the deposit be greater than 2/12 of the average annual bill.

RULES AND REGULATIONS

The following are the rules and regulations of the South Anderson Water District.. The schedule of rates prescribed herein will be uniformly charged to all customers of the utility. No one will receive or be entitled to free service by the utility. No employee or individual commissioner of the utility is permitted to make an exception to these rates, rules, or regulations. These rules and regulations are subject to change by the utility at any time, subject to the approval of the Public Service Commission. All customers will be responsible for paying a minimum bill whether any water is used or not as long as a meter is installed on the customer's premises.

A. Service Information.

1. Upon request the utility will give its customers or prospective customers such information as is reasonably possible in order that they may secure safe, efficient, and continuous service. The utility will inform its customers of any change made or proposed in the character of its service that might affect the efficiency, safety, or continuity of operation.
2. The utility will obtain the approval of the Public Service Commission prior to making any substantial change in the character of the service furnished that would affect the efficiency, adjustment, speed, or operation of the equipment or appliances of any customer. The application will show the nature of the change to be made, the number of customers affected, and the manner in which they will be affected.
3. The utility will inform each applicant for service of each type, class, and character of service available at his/her location.
4. Upon request the utility will provide the following information to any applicant/customer:
  - a) Characteristics of Water. A written description of chemical constituents and bacteriological standards of the treated water as required by the Natural Resources Cabinet.
