RE: Appalachian Waste Control
Case No. 2007-00093

Dear Ms. O'Donnell:

In the above referenced matter, the Commission ordered the Applicant, Appalachian Waste Control, to file a Report on Financial Operations for the period from February 1, 2007 through July 31, 2007, no later than August 15, 2007. I am writing at this time to request an extension of time of ten (10) days in which to submit the Financial Operations Report.

As you may recall, this is an unusual case in which the Prestonsburg City's Utilities Commission has stepped in to operate the 5 waste water treatment plants at issue, all of which are located in Johnson County. Accordingly, Prestonsburg City's Utilities Commission has forwarded to me its operating costs information for inclusion in the Operations Report. However, Prestonsburg has yet to receive billings for the utility charges for the 5 waste water treatment plants for the month of July. Accordingly, I am requesting this extension to allow ample time for Prestonsburg City's Utilities Commission to receive the information it needs to submit its report to me for July.

Thank you for your consideration. Please feel free to contact me if you have any questions. I look forward to your response.

Sincerely,

Squire N. Williams III
